County of Yolo
Board of Supervisors

Resolution No. 78-112

WHEREAS, Norbert E. Driggers, Deputy Director, Yolo County Department of Social Services, is leaving after more than four years of dedicated and effective county service to take the position of Assistant Director of Welfare for Kern County; and,

WHEREAS, Mr. Driggers, who joined the Department of Social Services as Deputy Director on June 17, 1974, has conscientiously and diligently worked for more efficiency in departmental operations after progressively successful experience as a social worker, eligibility supervisor, social work supervisor and program chief in Kern County where he was responsible for implementation of the Food Stamp Program; and,

WHEREAS, this Board of Supervisors is appreciative of Mr. Driggers' services to county government and to the community as a member of the Board of Directors of the Economic Opportunity Commission of Yolo County, Inc., the Woodland Swim Team Boosters' Club, the Yolo County Management Association and the Woodland Chapter of Toastmasters Club.

NOW, THEREFORE, BE IT RESOLVED that this Board of Supervisors does hereby commend

NORBERT E. DRIGGERS

Deputy Director, Department of Social Services, for his more than four years of valuable and dedicated service to Yolo County Government.

RESOLUTION NO. 78-113

(Resolution Making Findings of Fact, Conclusions, and Order Regarding Employee Lay Off)

WHEREAS, at special meetings of the Board of Supervisors of the County of Yolo on July 21, 1978, July 26, 1978, and July 28, 1978, a hearing was held on the matter of the layoff of certain employees; and

WHEREAS, at said hearing evidence was presented both by testimony and documentation on behalf of the County recommending layoff and on behalf of the employees defending against layoff; and

WHEREAS, County was represented by O. H. Fifi Zeff, Deputy County Counsel; employees in the General Unit represented by the Yolo County Government Employees' Association were represented by Jay-Allen Eisen, attorney at law; Albert Gustin was represented by Jay-Allen Eisen, attorney at law; Robert Bates represented himself; and Joyce Turner represented herself.

WHEREAS, at the conclusion of the presentation of all evidence and argument, the matter was submitted to this Board for decision.

NOW, THEREFORE, BE IT HEREBY ORDERED, RESOLVED AND FOUND that:

A. Each and all of the foregoing recitals are true and correct.

B. The Board hereby adopts the findings of fact as follows:

1. On June 7, 1978, the Board of Supervisors of the County of Yolo adopted Resolution No. 78-87 ordering elimination of certain County positions for lack of funds and/or lack of work and directing the County Administrative Officer to notify employees of layoff. On June 16, 1978, the Board of Supervisors of the County of Yolo adopted Resolution No. 78-90 amending Resolution No. 78-87, adding positions to be eliminated. On June

19, 1978, the Board of Supervisors of the County of Yolo adopted Resolution No. 78-91 amending Resolution No. 78-87 as amended ordering retention of one position previously eliminated.

2. On July 18, 1978, the Board of Supervisors of the County of Yolo adopted Resolution No. 78-109, amending Resolution No. 78-87 as amended restoring certain services and positions previously eliminated by Resolution No. 78-87 as amended and delaying the effective date of layoff for certain positions.

3. The positions deleted for which a layoff has been ordered by department and classification is set forth on Exhibit "A" attached hereto, Resolution No. 78-109. There was and is a lack of funds; there was and is a lack of work.

4. The determination of employees to be laid off was made. That determination was in inverse order of seniority among employees in each classification by department. It was made in the following order:

a. Extra help.

b. Provisional

c. Limited Term

d. Probationary

e. Permanent part time

f. Permanent full time

5. Each employee to be laid off was given written notice of layoff by the County at least forty (40) calendar days in advance of the effective date of such layoff. The notice of layoff included the following information: reason for layoff, effective date of layoff, notice of displacement rights, and an employees rights relating to layoff, and reasonable notice of

hearing.

6. The employees who requested displacement action in writing are those listed on Exhibit "B" attached hereto.

7. The following employees were granted displacement action. Each of the other employees requesting displacement action was not entitled to displace another employee.

A. Bacchini

M. A. Dullum

S. Lucas

8. The employees listed on Exhibit "C" requested a hearing. In addition, the Board of Supervisors granted a right to participate in the hearing to S. Urness and L. Garcia.

9. All positions eliminated are in the General representation unit of the County of Yolo represented by the Yolo County Government Employees' Association, except those positions listed below:

ATTORNEYS' UNIT

Number	Classification	Department
1	Attorney III	District Attorney

MANAGEMENT UNIT

Number	Classification	Department
1	Deputy Director of Public Health	Health
1	Assistant County Probation Officer	Probation

10. By entering into Agreement No. 77-254, the Memorandum of Understanding with the Yolo County Government Employees' Association, and including therein Article XX, the County of Yolo satisfied its meet and confer obligation as to the effects of layoff.

11. The County did not give prior formal notice to Yolo County Government Employees' Association before its adoption of Ordinance 809. The adoption of Ordinance No. 809 did not affect matters within the scope of representation as to the General Unit represented by Yolo County Government Employees' Association.

12. Walter Vaughn, Manager, Merit System Services, Local Government Services Division, California State Personnel Board, authorized the County of Yolo to use certain local layoff and re-employment regulations in lieu of a portion of Local Agency Personnel Standards. He was authorized to do so on behalf of the State Personnel Board.

13. The County properly computed seniority as corrected on the record for all employees, including merit system employees.

14. The layoff and displacement procedures taken as to employees of the Yolo County Library were correct.

15. It was asserted that Penny Clarke is a probationary employee. Penny Clarke is a permanent employee.

16. It was asserted that K. Jevons has a displacement right to a Social Worker position. Her current position is not in the same series as Social Worker positions. She has never served as a Social Worker. No Social Worker position is equivalent to her former position; the position she now holds is equivalent to her former position.

17. Yolo County is trying to transfer CETA participants to non-affected positions and is attempting to place them in unsubsidized employment in compliance with CETA regulations.

18. It was asserted that the County violated its CETA transition policy as to Debbie Gillette. That policy permits certain transfers on completion of six (6) months service as a CETA employee in a classification. The assertion was that Ms. Gillette was not transitioned to an available vacancy. The vacancy occurred and was filled before Ms. Gillette completed six (6) months service as a CETA employee in that classification.

19. It was asserted that the layoff proceedings were conducted in bad faith, as exemplified by transactions involving A. Bacchini, J. Cobb, D. Miller, A. Frey, D. Gillette, E. McCain, A. Gustin, K. Jevons, and P. Clark. The proceedings were not conducted in bad faith; they were a good faith implementation of the layoff rules.

20. Joyce Turner asserted a displacement right to a Probation Officer III position. She never served as a Probation Officer III. Her current position is not in the Probation Officer series. She has served as a Probation Officer II. She has displacement rights only to a Probation Officer II position.

C. The Board hereby makes the following conclusions:

1. The findings of fact made by this Board are supported by

substantial evidence and by the weight of all evidence presented.

2. The layoff procedure is governed by Article XX of the Memorandum of Understanding between the County of Yolo and the Yolo County Government Employees' Association, Yolo County Agreement No. 77-254 as amended by Agreement No. 78-177 for employees in the General Unit.

3. The layoff procedure is governed by Yolo County Code Section 2-6.49, Ordinance No. 809, for all other employees. Ordinance No. 809 is valid. Its adoption did not violate the Meyers-Milias-Brown Act.

4. The scope of hearing is limited to the determination of persons to be laid off and the procedure used to lay off.

5. The procedure followed by the County of Yolo complied with said Memorandum of Understanding and Ordinance.

6. The method of computing the seniority of employees was proper and done in accordance of the Memorandum of Understanding and Ordinance.

7. The method of computing displacement of employees was proper and done in accordance of the Memorandum of Understanding and Ordinance.

8. All employees to be laid off were properly noticed of layoff and of this hearing.

9. The County of Yolo is entitled to lay off the persons listed in Exhibits "D" and "E" attached hereto.

10. The County of Yolo is entitled to demote the persons listed on Exhibit "F" in lieu of layoff in accordance with their displacement right.

D. The Board hereby makes the following order:

1. It is hereby ordered that the persons listed on Exhibit "E" are laid off from County employment effective July 31, 1978.

2. It is hereby ordered that the persons listed on Exhibit "D" are

laid off from County employment effective October 31, 1978.

3. It is hereby ordered that the persons listed on Exhibit "F" attached hereto are laid off from their current positions which are listed thereon and appointed to the positions to which they are entitled to displace, as listed thereon, effective the dates listed thereon.

4. The Director of Personnel Services is hereby instructed to notify those employees listed on Exhibits "D", "E", and "F" of said action in accordance with Section 20.6 of the Memorandum of Understanding between the County of Yolo and the Yolo County Government Employees' Association and Resolution No. 78-103 by placing a copy of these findings, conclusions, and order in a sealed envelope and mailing by first class mail, postage prepaid, to the last known address of said employees.

5. The Director of Personnel Services is further instructed to give notice to Merit System employees that they may file an appeal with the State Personnel Board from this order. Except as otherwise provided by in the Inter-agency Merit System Regulations, all appeals shall be filed in writing with the State Personnel Board within thirty (30) calendar days from the date of this order, or notification of this order.

RESOLUTION NO. 78-109

(Resolution Amending Resolution No. 78-87 as Amended)

WHEREAS, the Board of Supervisors of the County of Yolo, by Resolution No. 78-87, found that the Jarvis-Gann initiative, a State Constitutional amendment, Proposition 13 on the June 6, 1978, ballot was approved by the voters on June 6, 1978, and said constitutional amendment places a limit on the taxing powers of the County of Yolo and said limit results in a reduction in the funds available to the County of Yolo to provide services and said reduction in funds creates a lack of funds for the County of Yolo to maintain existing services and to pay existing employees; and

WHEREAS, State funding through Senate Bill 154 has partially relieved a portion of the loss of funds; and

WHEREAS, The Board of Supervisors now finds that it is financially able to restore a portion of the services and positions eliminated by Resolution No. 78-87.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND as follows:

1. That each and all of the foregoing recitals are true and correct.

2. That because of lack of funds and lack of work the following positions, which were ordered eliminated by Resolution No. 78-87, as amended, shall be eliminated effective on the dates listed below and all other positions listed in Resolution No. 78-87 shall not be eliminated as set forth in that Resolution and action to

RESOLUTION NO. 78-115

(Resolution Calling for Consolidation of Elections)

WHEREAS, on July 25, 1978, the Board of Trustees of the River Delta Unified School District did pass Resolution No. 139 which called and ordered a special school district election in said District to be held on November 7, 1978; and

WHEREAS, the Board of Trustees in said Resolution requested the Board of Supervisors of the County of Yolo to consolidate the special school district election with the general statewide election to be held on November 7, 1978.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND DECLARED as follows:

1. That the recitals hereinabove contained are true and correct.

2. That the special school district election is hereby consolidated, as to all precincts which are the same for both elections, with the statewide general election which will be held in the County of Yolo in the State of California, on Tuesday, the 7th of November, 1978. The special election hereby consolidated shall be held in the manner provided for the statewide general election with which it is consolidated, and within the territory affected by the consolidation, precincts, polling places, hours of election, and voting booths shall, in every case, be the same, and there shall be only one set of election officers in each of the precincts. Such precincts, polling places, hours of election, and precinct board members shall be the same as for the general statewide election within the territory affected by the consolidation.

3. Said election shall be conducted pursuant to the Elections Code and

RESOLUTION NO. 78-116

(Resolution of Acceptance for Parcel Map No. 2751 for William N. Sauers)

WHEREAS, the final tracing for Parcel Map No. 2751 has been prepared and presented to the Board of Supervisors for approval; and

WHEREAS, the Planning Commission of Yolo County finds said project to be categorically exempt from environmental assessment in accordance with the provisions of law including the California Environmental Quality Act and regulations promulgated thereunder, and this Board has considered and approved said Exemption; and

WHEREAS, the tentative map for Parcel Map No. 2751 has been approved by said Planning Commission; and

WHEREAS, said map creates two parcels in the Agricultural General (A-1) Zone of Yolo County; and

WHEREAS, the final tracing of said Parcel Map has been signed by all necessary parties, pursuant to the provisions of the Government Code of the State of California; and

WHEREAS, said map in all respects complies with the provisions of the State Subdivision Map Act and of the Local Ordinances.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows: (1) Each of the foregoing recitals is true and correct. (2) After consideration of the Categorical Exemption from environmental assessment for the proposed project, this Board finds that the project as proposed and approved will not have a significant effect on the environment, and the Notice of Exemption on file is hereby approved by this Board. (3) This Board hereby finds that the proposed subdivision, together with the provisions for its design and improvements, is consistent with general plan adopted for the County of Yolo. (4) This Board hereby approves said Parcel Map No. 2751 as submitted, and instructs the Clerk to prepare said map for

transmittal to the County Recorder for filing.

BE IT FURTHER RESOLVED that the Clerk of this Board hereby is authorized and ordered to file a Notice of Determination upon this project, with a copy of the Notice of Exemption attached, said notice to include the decision of this Board to approve the proposed project, the finding of this Board that the proposed project is categorically exempt from environmental assessment, and a statement that no environmental impact report has been prepared, all pursuant to the California Envionmental Quality Act.

RESOLUTION NO. 78-117

(Resolution authorizing execution of Agreement No. 78-204 - County Road No. 104)

WHEREAS, a road exists near the County Line between Yolo County and Solano County, known as Yolo County Road No. 104 and is located partly in Yolo County and partly in Solano County; and

WHEREAS, in order to carry out normal maintenance and construction, each County maintains designated sections of said road, pursuant to the authority vested by Resolution No. 61-156, dated December 15, 1961; and

WHEREAS, in order to comply with the provisions set forth in subject resolution, Yolo County finds it necessary to purchase additional road right of way along a portion of said Road 104, in order to insure the safety of the traveling public and to perform normal and efficient maintenance of said road; and

WHEREAS, the authority for the acquisition of real property lying within the boundaries of an adjoining County, for Highway purposes, is contained in Sections 976 and 977 of the Streets and Highways Code of the State of California; and

WHEREAS, the proposed acquisition of right of way has been reviewed by the Planning Commission of the County of Yolo and said Planning Commission has reported favorably as to conformity with the General Plan of said County; and

WHEREAS, said Planning Commission finds said project to be categorically exempt from environmental assessment in accordance with the provisions of law, including the California Environmental Quality Act and regulation promulgated thereunder.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows:

1. This Board finds the foregoing recitals to be true and correct.

2. This Board hereby approves Agreement No. 78-204 and

authorizes the Chairman of the Board of Supervisors of Yolo County to sign said agreement.

AGREEMENT NO. 78-204

Agreement for the Proposed Acquisition of Road Right of Way
(County Road No. 104)

THIS AGREEMENT is made and entered into on this 8th day of August, 1978, by and between Cecil V. Martin & E. Irene Martin, and the Department of Veterans Affairs of the State of California hereinafter referred to as "Owner" and the County of Yolo, hereinafter referred to as "County".

WHEREAS, a portion of existing County Road No. 104 situated partly in Yolo County and partly in Solano County, does not lay within the bounds of the existing dedicated right of way; and

WHEREAS, County desires to purchase additional right of way along said County road in order to safeguard the traveling public and to carry out normal maintenance and construction in an efficient manner.

NOW, THEREFORE, THE PARTIES AGREE as follows:

(1) That Owner will quit claim to the County of Solano, a 33-foot wide right of way, lying adjacent to and Westerly of the section line between Section 1, Township 7 North, Range 2 East and Section 6, Township 7 North, Range 3 East, M.D.B. & M., said right of way being described in Exhibit "A" attached hereto and incorporated as a part hereof.

(2) That Owner will grant to the County of Solano, a 27-foot wide right of way, lying Westerly of and 33 feet from the section line between Section 1, Township 7 North, Range 2 East and Section 6, Township 7 North, Range 3 East, M.D.B. & M., said right of way being described in Exhibit "B", attached hereto and incorporated as a part hereof.

(3) County agrees that future construction will maintain a distance of 20 feet between the edge of traveled way and existing irrigation structures adjacent to the parcel described in the attached Exhibit "B".

(4) Owner will relocate existing fences to the Westerly line of that parcel described in the aforementioned Exhibit "B", within sixty (60) days after date title to said property vests in or is in escrow for the County of Solano.

(5) County will provide sufficient survey stakes along the Westerly line of that parcel described in Exhibit "B", to facilitate fence relocation and/or construction as needed.

(6) County agrees to pay Owner the sum of $1,830.00 for the property described in the aforementioned Exhibit "B" within sixty (60) days after date title to said property vests in, or is in escrow for the County of Solano, free and clear of all liens, encumbrances, assessments, easements and leases (Recorded and/or unrecorded).

(7) County will pay all escrow and recording fees incurred in this transaction, including documentary tax stamps, if required, and if title insurance is desired by the County, the premium charged thereto.

IN WITNESS WHEREOF, the parties have hereto set their signatures as of the date first above named herein.

RESOLUTION NO. 78- 118

(Resolution Establishing Yolo County Justice System Advisory Group)

WHEREAS, Assembly Bill 90 (Stats. 1978), as amended by Assembly Bill 2091 (Chapter 464, Stats. 1978), has established a uniform County Justice System Subvention Program; and

WHEREAS, in order to apply for funding under the Subvention Program established by this legislation, each County must establish a County Justice System Advisory Group; and

WHEREAS, said Advisory Group shall be responsible for preparing and forwarding to the Board of Supervisors a recommended application for funding under the Subvention Program established by said legislation; and

WHEREAS, said Advisory Group shall assess community justice system needs, evaluate alternative needs for meeting the needs, and make written recommendations thereon to this Board.

NOW, THEREFORE, BE IT HEREBY RESOLVED, FOUND, AND ORDERED as follows:

1. That each and all of the foregoing recitals are true and correct.

2. That there is hereby established the Yolo County Justice System Advisory Group.

3. That the following persons are hereby appointed to the Yolo County Justice System Advisory Group:

   a. Yolo County Sheriff

   b. Yolo County Probation Officer

   c. Presiding Judge of the Yolo County Superior Court

OFFICE OF THE COUNTY COUNSEL COUNTY OF YOLO P.O. BOX 327 WOODLAND, CA 95695 TEL. NO. (916) 666-8211

d. Chairperson of the Delinquency Prevention Commission

e. Yolo County District Attorney

f. Yolo County Public Defender

g. Yolo County Superintendent of Schools

h. Yolo County Administrative Officer

i. Chief of Police of the City of Davis

k. Chief of Police of the City of Winters

l. Director of Yolo County Department of Social Services

4. In addition to the members of said Advisory Group as appointed in the preceding paragraph, it is the intention of this Board to appoint one representative of a private agency which provides services to adult offenders, one representative of a private agency which provides services to juvenile offenders, an additional public member who is neither employed by nor has ever been employed by law enforcement agencies, and one representative from each of three private community-based adult or juvenile assistance agencies involved in the prevention or treatment of delinquency or criminal activity. These members shall be appointed by this Board pursuant to the policy established by Board Minute Order No. 78-101 pertaining to the appointment of advisory board, commissions, and committees.

The Board hereby finds that due to the need to submit an application for funding to the State, and due to the need to enable the advisory group to begin the difficult task of assessing the community justice system needs, evaluating alternative programs for meeting the needs, and making written

2. TERM.

The term of this lease shall be thirty-nine (39) months commencing on October 1, 1978, and terminating December 31, 1981. This lease shall be extended until April 15, 1982 if necessary to accommodate over-winter sugar beet harvest.

3. POSSESSION DATES.

TENANT may enter into possession of the herein described property on the following dates pertaining to each of the five parcels thereof;

A. Parcels 1,2,3, and 4.

TENANT may enter into possession of Parcels 1,2,3, and 4, described herein, on the date of execution of this lease by the Board of Supervisors.

B. Parcel 5

TENANT may enter into possession of Parcel 5, described herein, on November 16, 1979, providing the present lessee doesn't exercise the holdover option in his lease for the overwintering of sugar beets, to April 15, 1980.

TENANT is aware that holdover lessee will still be in possession of subject property and will remain in possession until any holdover crop is harvested, and accepts this lease subject to said holdover rights.

4. RENT.

TENANT agrees to pay LANDLORD a total rent for the full term hereof of _____ _____ Dollars, due and payable as follows:

4% Upon submittla of Proposal
6% January 1, 1979
18% July 1, 1979
18% January 1, 1980
18% January 1, 1981
18% July 1, 1981

5. POSSESSORY INTEREST.

Notice is hereby given that this written contract may be one with a private party whereby a possessory interest subject to property taxation is created. Such property interest may be subject to property taxation if created, and the party in whom the possessory interest is vested may be subject to the payment of property taxes levied on such interest.

6. DISCLAIMER OF WARRANTY.

LANDLORD makes and has made no express or implied warranty of soil suitability or water availability, quality or quantity for growing any crops TENANT desires to grow on the subject property.

7. ENTRY BY OWNER.

TENANT shall permit LANDLORD, and LANDLORD's agents and assigns, at all reasonable times, to enter the leased premises and to use the roads established on the premises now or in the future, for the purposes of inspection, compliance with the terms of this lease, exercise of all rights under this lease, posting notices, to survey the land, and all other lawful purposes.

8. WATER.

LANDLORD expressly disclaims any warranty whatsoever of availability, quantity, or quality of water necessary to irrigate crops, and further disclaims any warranty whatsoever as to the capacity or condition of the existing wells and well machinery located upon the premises leased herein.

Any water available for the irrigation of crops to be grown under the terms of this lease shall be available to TENANT during the term of this lease only from wells, pumps and irrigation systems presently existing on the premises. TENANT shall perform all necessary routine maintenance upon said irrigation systems and wells, including repair and maintenance of small parts of said system (which are defined herein as having a cost or value of $50 or less). Except for the maintenance services so described to be performed by TENANT, LANDLORD shall maintain the existing pumps and wells in good repair during the term of this lease. TENANT shall remain responsible to LANDLORD for any injury or damage to said wells and pumps resulting from negligence of the TENANT, his employees, agents, or assigns. All power charges, including electrical energy and standby charges for the operation of the pumps shall be borne by TENANT.

Water from the source mentioned above shall be used only on the premises and in the performance of TENANT's obligation under the lease. TENANT shall not export this water to other lands before previously obtaining LANDLORD's written consent. LANDLORD assumes no responsibility to TENANT for any water shortage from the facility mentioned above and assumes no responsibility for and does not warrant, the quality or quantity of the water supplied to the premises.

9. USE.

Premises are leased to TENANT for the planting, growing and harvesting of crops. TENANT shall not use or permit to be used any part of the premises for any purpose other than the purposes for which the premises are leased except upon written consent of LANDLORD. TENANT agrees to farm said land using good husbandry practices and make diligent effort to prevent the spread of all noxious weeds and rodents and other verterbrate pests on the leased premises during the term of the lease and to take reasonable

measures to protect the premises from infestations of insects, spiders, mites, snails and other such pests. TENANT agrees to make diligent effort to prevent infestations of organisms that may produce disease in plants or animals and that may come onto or develop on the premises during the term of this lease and that might damage crops grown on the premises after the term. On default of the TENANT to do so, LANDLORD reserves the right, after having given ten (10) days notice to take necessary remedial measures at TENANT's expense for which TENANT agrees to reimburse LANDLORD on demand.

10. WASTE.

TENANT shall not commit or permit others to commit on the premises waste or nuisance or any other act that could disturb the quiet enjoyment of LANDLORD or any other tenant of LANDLORD on reserved or adjacent property.

11. EXCULPATORY CLAUSE.

TENANT covenants to defend, and hold LANDLORD free and harmless from any and all claims, causes of action, or liability for damages arising from any act or cause causing injury to persons or property of any kind owned by anyone, including TENANT, while in, upon or in any way connected with the leased premises during the term or any extension of this lease or any occupancy under this lease.

12. SUBLEASE OR ASSIGNMENTS.

TENANT shall not assign this lease or any right hereunder, nor sublease any part or portion of the leased premises or any rights hereunder without the prior written consent of LANDLORD.

13. RE-ENTRY BY LANDLORD.

LANDLORD shall have the power and privilege to re-enter and terminate this lease at any time during the term of this lease, upon thirty (30) days' notice to TENANT, and as to any part or portion of the premises leased, as it may require for use and expansion of use of the solid waste disposal site. In the event

of retake, the rent as yet unpaid shall be reduced in the proportion that the reduced portion bears to the entire property which is the subject of this lease. Upon such re-entry and termination of this lease, TENANT shall be compensated for loss or damage to existing crops located upon the premises so retaken, and title to said crops shall vest in LANDLORD. In the event the parties hereto disagree or dispute the value of said crop or the amount of such damages, then and in that event they diligently shall apply to the Director of the Agricultural Extension Service for opinion; that said opinion of said person shall be binding upon the parties herein.

14. ENTRANCE WAYS.

TENANT may, subject to the approval of the County Engineer, make such entrance ways to said real property as TENANT may deem necessary and convenient to its farming operation.

15. ADVANCES BY LANDLORD.

In the event of TENANT's breach of any covenant of this lease, LANDLORD may, at any time, without notice, cure such breach for the account, and at the expense of TENANT. If TENANT at any time, by reason of such breach, is compelled to pay or elects to pay, any sum of money or to do any act that will require the payment of any sum of money, or is compelled to incur any expense, the sum or sums so paid by LANDLORD with all interest, costs and damages shall be deemed to be additional rent under this lease and shall be due from TENANT to LANDLORD on the first day of the month following the incurring of such expenses.

16. CONDITIONAL LIMITATIONS.

Each term and each provision of this lease performable by TENANT shall be construed to be both a covenant and a condition.

17. INSURANCE.

During the term of this lease, TENANT shall, at its own expense, maintain in full force, a policy or policies of public

liability insurance insuring LANDLORD and TENANT and expressly naming LANDLORD as co-insured against liability for injury to persons and property, and for death of persons arising from any accident, injury or damage occurring in, on or about the premises, or any portion of them arising from any act, omission, or negligence of TENANT or its contractors, licensees, agents, servants, or employees. The liability under such insurance shall be not less that $100,000 for any one person injured, or killed, not less than $300,000 for any one accident, and not less than $100,000 for property damage. Each certificate shall certify that the policy or policies contain a clause providing that written notice shall be given to County at least thirty (30) days prior to termination, cancellation or reduction of coverage.

18. ABANDONMENT.

In the event TENANT abandons the premises or ceases to diligently farm same, LANDLORD may re-enter and terminate this lease as to any portion thereof, or the whole thereof, upon giving TENANT thirty (30) days's written notice.

19. NOTICES.

All notices to be given to LANDLORD by TENANT shall be given in writing filed with the Department of Public Works, 292 West Beamer Street., Woodland, California 95695. Notices to TENANT shall be given in writing personally or by depositing the same in the United States mail, postage prepaid, and addressed to TENANT at the following address:_____--_____

_____

20. WAIVER.

One or more waivers by LANDLORD of any covenant or condition shall not be construed as a waiver of a subsequent breach of the same or any other covenant or condition. LANDLORD's consent to or approval of any act by TENANT requiring LANDLORD's consent or approval shall not be deemed to waive or render unnecessary

LANDLORD's consent to or approval of any subsequent similar act by TENANT.

21. CONSTRUCTION.

The marginal headings or title to the paragraphs of this lease are not a part of this lease and shall have noteffect upon the construction or interpretation of any part of this lease.

22. BINDING ON SUCCESSORS.

The terms and provisions of this lease shall be binding upon and inure to the benefit of the heirs, executors, administrators, successors, and assigns of LANDLORD and TENANT.

23. TERMINATION UPON BREACH OF COVENANT.

A. LANDLORD at his option may terminate this lease on TENANT's breach of any term, condition, or covenant hereof, on giving thirty (30) days' written notice of such termination to TENANT.

B. TENANT may at his option terminate this lease on LANDLORD's breach of any term, condition, or covenant hereof, on giving thirty (30) days' written notice of such termination to LANDLORD.

24. BREACH OF COVENANT COSTS.

TENANT shall pay LANDLORD all costs and expenses, including attorney's fees in a reasonable sum, in any action brought by LANDLORD to recover any rent due and unpaid hereunder, or for the breach of any of the covenants or agreements contained in this lease, or to recover possession of said property, whether such action progresses to judgment or not.

IN WITNESS WHEREOF, the parties hereto have executed this lease on the day and year hereinabove written.

RESOLUTION NO. 78-123

(Resolution Amending Resolution No. 78-87 as Amended)

WHEREAS, the Board of Supervisors of the County of Yolo, State of California, by Resolution No. 78-87, found that the Jarvis-Gann Initiative, a State constitutional amendment, Proposition 13 on the June 6, 1978 ballot, was approved by the voters on June 6, 1978, and said constitutional amendment places a limit on the taxing powers of the County of Yolo and said limit results in a reduction in the funds available to the County of Yolo to provide services and said reduction in funds creates a lack of funds for the County of Yolo to maintain its existing services and to pay existing employees; and

WHEREAS, this Board of Supervisors has heretofore amended said Resolution No. 78-87 by the adoption of Resolution No. 78-90, 78-91, and 78-109; and

WHEREAS, this Board of Supervisors desires further to amend said Resolution No. 78-87 by including among the positions eliminated in the Yolo County Library, the position of Bookmobile Driver/Clerk.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the Board of Supervisors of the County of Yolo as follows:

1. Each of the foregoing recitals is true and correct.

2. The position of Bookmobile Driver/Clerk shall be added to the list of positions eliminated by Section 6 of Resolution No. 78-109 which amended Resolution No. 78-87.

HEARING DATE: June 7, 1978

The applicant is requesting a variance and Tentative Parcel Map to create two parcels from an existing residential parcel at the intersection of Pennsylvania and 17th Streets in West Sacramento. The 190' X 110' parcel (Please refer to the enclosed tentative map for the configuration of the parcel) currently has a residence situated on the lot with adequate setbacks. If the proposed division occurs, an inadequate rear yard setback of 5' feet will result.

Staff review of the proposal has resulted in a determination that a Negative Declaration is appropriate for the following reasons:

1) The parcel is an unusual configuration, due to a diamond shaped intersection of streets.

2) Other houses in the vicinity of the proposed split currently have inadequate setbacks.

3) Two standard sized parcels will be created from the existing parcel.

RESOLUTION NO. 78-127

(Resolution Adopting the Noise Element as a Part of the Yolo County General Plan)

WHEREAS, after giving notice in the manner prescribed by law, the Planning Commission of the County of Yolo held a public hearing on June 7, 1978, and thereafter recommended to this Board the adoption of the Noise Element of the Yolo County General Plan as set forth in Exhibit "A", which Exhibit "A" is annexed hereto and by reference made a part hereof; and

WHEREAS, this Board held a public hearing on August 22, 1978, after a notice in the manner prescribed by law on the recommendations concerning said proposed Noise Element to the Yolo County General Plan; and

WHEREAS, this Board has considered the recommendation of the Planning Commission, has considered the environmental impact report adopted by the Planning Commission in this matter, and has considered the testimony given at said public hearing; and

WHEREAS, this Board of Supervisors determines that the recommendation of the Yolo County Planning Commission is for the best interest of the residents of the County of Yolo;

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows:

1. The Noise Element of the Yolo County General Plan is hereby adopted as set forth in Exhibit "A".

2. The Noise Element referred to above is adopted and made a part of the Yolo County Master Plan.

3. This Board finds the foregoing recitals are true and correct.

4. This Board hereby certifies that an environmental impact report was

RESOLUTION NO. 78-128

(Resolution Concerning Zoning Amendments)

WHEREAS, as a result of the California voters' enactment on June 6, 1978, of California Constitution Article XIII-A, also known as Proposition 13 or the "Jarvis-Gann Initiative", the ad valorem property tax revenues to be received by all jurisdictions within the County after July 1, 1978, will be reduced approximately sixty-five percentum (65%), necessitating reduction in expenditures; and

WHEREAS, the State has allocated certain sums to the County and special districts within it to offset said revenue reductions, but the total so allocated to present is insufficient to offset said reductions, and the allocations originated in a State surplus which has been exhausted; hence, the jurisdictions are unable at present to ascertain whether funds will be available in subsequent years; and

WHEREAS, the above-referenced revenue and expenditure reductions have and will continue to result in substantial reductions in the ability of the County and districts within the County to provide governmental services required and demanded by existing land developments in the County, including, but not limited to the following services: fire protection, police protection, sewer maintenance and service, provision of water services, maintenance of public roads, park acquisition and maintenance, and recreation services; and

WHEREAS, re-zoning of land within the County so as to allow the construction of new land development projects as defined in California Government Code Section 65928, including residential subdivisions, will necessitate and demand continuing provision of governmental services,

including each of those above recited, but the obligation of each residence within said development projects to pay property taxes to offset the cost to the County or districts of providing these services has been reduced by Proposition 13 to an amount less than the cost of said services; and

WHEREAS, if the County or the districts undertake to provide said services to new land development projects, notwithstanding the absence of sufficient revenues to offset their cost, there will be a corresponding reduction or elimination in services provided to existing developments within the County of Yolo; and

WHEREAS, neither the County nor any of the districts in the County presently nor in the immediate future has or will have available procedures to generate the revenue necessary to provide said services, nor any alternate source of funds sufficiently certain or large to enable provision of services at the increased levels required by new land developments; and

WHEREAS, re-zoning to allow construction of new land development projects without adequate provision for essential and/or desirable services, including those set forth above, is contrary to the Yolo County General Plan and is a hazard to the public health, safety, and welfare; and

WHEREAS, this Board by enactment of this Resolution declares its intention to continue to enforce the provisions of the Yolo County General Plan applicable to any request for a re-zoning which would allow a land use density greater than that allowed by the prior zoning, and the provisions of Section 8-2.3003(b) of Article 30, Chapter 2, Title 8 of the Yolo County Code.

NOW, THEREFORE, BE IT RESOLVED that this Board hereby declares its policy and intention to continue to enforce the provisions of the Yolo County

General Plan which are applicable to any particular request for a re-zoning, specifically including the criteria for orderly urban development set forth in the applicable portions of said Plan, in light of the reductions in the level of revenue expenditures for governmental services mandated by California Constitution Article XIII-A;

BE IT FURTHER RESOLVED that the Yolo County Planning Department is instructed to continue to enforce Yolo County Code Section 8-2.3003 relating to applications for re-zoning which states as follows:

> No application may be filed which proposes any use which is not consistent with the General Plan of the County as amended. The rejection of applications on the basis of inconsistency may be appealed as provided in Section 8-2.2706 of Article 27 of this Chapter.

The enforcement of said section shall include consideration of the requirements for orderly growth set forth in the applicable portions of the Yolo County General Plan in light of the reduced services resulting from Proposition 13. The Planning Department shall advise applicants for re-zoning of the Board's intention as expressed in this Resolution.

BE IT FURTHER RESOLVED that the procedure adopted by the Planning Department to effectuate the intention expressed in this Resolution shall be substantially as follows:

a. All applications for re-zoning shall be accompanied by an initial environmental assessment as required by the California Environmental Quality Act and applicable regulations.

b. Before such application is certified as complete and filed, the application and the initial assessment shall be circulated among all agencies with jurisdiction as currently required by the Yolo

County Land Development, Zoning, and Environmental Ordinances.

c. Said agencies shall be requested to review and comment upon the application for re-zoning in terms of the ability of each agency to provide the governmental services which would be required to serve the property at the density and type of development which is proposed by the re-zoning request. Said comments may include statements as to the existing, and forecasts as to the future, financial ability of said districts to provide the needed services in light of the revenue reductions mandated by Article XIII-A of the California Constitution.

d. Upon receipt of said comments, the staff of the Yolo County Planning Commission shall review the re-zoning request with reference to the comments concerning the ability of the districts with jurisdiction to provide governmental services, and with reference to the requirements for orderly urban growth set forth in the relevant portions of the General Plan applicable to the subject property. In the event that the Planning Department finds an inability of one or more governmental entities to provide essential governmental services to the property developed to the density proposed by the re-zoning request, the Department shall find the re-zoning request to be inconsistent with said General Plan, and shall refuse to accept for filing the application for re-zoning. Said determination shall be made and communicated to the applicant no later than thirty (30) days after submission of the re-zoning request.

e. The decision of the Planning Department to refuse to accept for filing a re-zoning request may be appealed to the Planning Commission pursuant to Section 8-2.2706 of Article 27, of Chapter 2, Title 8 of the Yolo County Code. The decision of the Planning Commission may be appealed to the Board of Supervisors in a like manner.

f. The decision of the Planning Department as to completeness of a land development application hereby is declared to be the decision of the County of Yolo within the meaning of California Government Code Section 65943; the filing of an appeal pursuant to the above referenced sections of the Yolo County Code shall not stay the effective date of the County's decision for any purpose relevant to Section 65943 of the Government Code, and the time within which the County is required to make said decision shall be measured from the date the application is received until the date the Planning Department makes the above referenced decision.

g. The official date of the acceptance of a project as complete for the purposes of Government Code Section 65950 shall be the date of the decision by the Planning Department, or if an appeal is filed, the date of finality of the decision on appeal.

BE IT FURTHER RESOLVED that it is the intention of this Board that this Resolution shall not be construed as amending any provision of the Yolo County General Plan, the Zoning Ordinance, the Land Development Ordinance, the Environmental Ordinance, or any other provision now in effect, but shall be construed to be the contemporaneous construction by

RESOLUTION NO. 78-132

(Resolution Making Findings of Fact, Conclusions, and Order Regarding Employee Lay Off)

WHEREAS, at an adjourned meeting of the Board of Supervisors of the County of Yolo on August 28 1978, a hearing was held on the matter of the layoff of certain employees; and

WHEREAS, at said hearing evidence was presented both by testimony and documentation on behalf of the County recommending layoff and on behalf of the employees defending against layoff; and

WHEREAS, County was represented by O. H. Fifi Zeff, Deputy County Counsel; all employees except W. Murray, A.B. Shafer, and M. M. Zamora were represented by Jay-Allen Eisen, attorney at law; W. Murray and M. M. Zamora appeared in person and represented themselves, and A.B. Shafer did not appear.

WHEREAS, at the conclusion of the presentation of all evidence and argument, the matter was submitted to this Board for decision.

NOW, THEREFORE, BE IT HEREBY ORDERED, RESOLVED AND FOUND that:

A. Each and all of the foregoing recitals are true and correct.

B. The Board hereby adopts the findings of fact as follows:

1. On June 7, 1978, the Board of Supervisors of the County of Yolo adopted Resolution No. 78-87 ordering elimination of certain County positions for lack of funds and/or lack of work and directing the County Administrative Officer to notify employees of layoff. On June 16, 1978, the Board of Supervisors of the County of Yolo adopted Resolution No. 78-90 amending Resolution No. 78-87, adding positions to be eliminated. On June 19, 1978, the Board of Supervisors of the County of Yolo adopted Resolution No. 78-91

OFFICE OF THE
COUNTY COUNSEL
COUNTY OF YOLO
P.O. BOX 127
WOODLAND, CA 95695
TEL. NO. (916) 666-8211

amending Resolution No. 78-87 as amended ordering retention of one position previously eliminated.

2. On July 18, 1978, the Board of Supervisors of the County of Yolo adopted Resolution No. 78-109, amending Resolution No. 78-87 as amended restoring certain services and positions previously eliminated by Resolution No. 78-87 as amended and delaying the effective date of layoff for certain positions. On August 16, 1978, that Board adopted Resolution No. 78-123 amending Resolution No. 78-87 as amended adding an additional position to those eliminated by Section 6 of Resolution No. 78-109 which amended Resolution No. 78-87.

3. The positions deleted for which a layoff has been ordered in this proceeding by department and classification is set forth on Exhibit "A" attached hereto. There was and is a lack of funds; there was and is a lack of work.

4. The determination of employees to be laid off was made. That determination was in inverse order of seniority among employees in each classification by department. It was made in the following order:

a. Extra help.

b. Provisional

c. Limited Term

d. Probationary

e. Permanent part time

f. Permanent full time

5. Each employee to be laid off was given written notice of layoff by the County at least forty (40) calendar days in advance of the effective date of such layoff. The notice of layoff included the following information: reason

OFFICE OF THE
COUNTY COUNSEL
COUNTY OF YOLO
P.O. BOX 127
WOODLAND, CA 95695
TEL. NO.: (916) 666-8172

for layoff, effective date of layoff, notice of displacement rights, and an employees rights relating to layoff, and reasonable notice of hearing.

6. The employees who requested displacement action in writing are those listed on Exhibit "B" attached hereto.

7. The employees listed in Exhibit "C" attached hereto were granted displacement action. Each of the other employees requesting displacement action was not entitled to displace another employee.

8. The employees listed on Exhibit "D" requested a hearing.

9. All positions eliminated are in the General representation unit of the County of Yolo represented by the Yolo County Government Employees' Association, except the position of A. B. Shafer as Staff Services Manager II in the Social Services Department. That position is in the Management representation unit.

10. By entering into Agreement No. 77-254, the Memorandum of Understanding with the Yolo County Government Employees' Association, and including therein Article XX, the County of Yolo satisfied its meet and confer obligation as to the effects of layoff.

11. The County did not give prior formal notice to Yolo County Government Employees' Association before its adoption of Ordinance 809. The adoption of Ordinance No. 809 did not affect matters within the scope of representation as to the General Unit represented by Yolo County Government Employees' Association.

12. Walter Vaughn, Manager, Merit System Services, Local Government Services Division, California State Personnel Board, authorized the County of Yolo to use certain local layoff and re-employment regulations in lieu of a portion of Local Agency Personnel Standards. He was authorized to do so on

OFFICE OF THE
COUNTY COUNSEL
COUNTY OF YOLO
P.O. BOX 527
WOODLAND, CA 95695
TEL. NO.: (916) 666-8211

behalf of the State Personnel Board.

13. The County properly computed seniority as corrected on the record for all employees, including merit system employees.

14. V. Richardson asserted that the County should have divided a remaining position in her class so that another employee might be laid off. The eliminated positions including hers are in the East Yolo office. Only one clerical position remains in that office. Dividing the position into part-time positions is undesirable because of loss of continuity in the flow of work.

15. W. Murray asserted that she possessed the special qualification of shorthand that required laying off another employee. The class specification for the position requires either shorthand or machine dictation; positions in that classification can be filled with persons possessing either qualification, and possession of either shorthand or machine dictation still does not constitute qualification that requires laying off another person.

16. The personnel office has made reasonable effort to transfer any employee who is to be affected by a resolution in force to another vacant position for which such employee may qualify.

17. It was asserted that the layoff proceedings were conducted in bad faith, as exemplified by transactions involving A. Bacchini, J. Cobb, D. Miller, A. Frey, D. Gillette, E. McCain, A. Gustin, K. Jevons, and P. Clarke. The proceedings were not conducted in bad faith; they were a good faith implementation of the layoff rules.

C. The Board hereby makes the following conclusions:

1. The findings of fact made by this Board are supported by substantial evidence and by the weight of all evidence presented.

2. The layoff procedure is governed by Article XX of the Memorandum

OFFICE OF THE
COUNTY COUNSEL
COUNTY OF YOLO
P.O. BOX 127
WOODLAND, CA 95695
TEL. NO.: (916) 666-8211

of Understanding between the County of Yolo and the Yolo County Government Employees' Association, Yolo County Agreement No. 77-254 as amended by Agreement No. 78-177 for employees in the General Unit.

3. The layoff procedure is governed by Yolo County Code Section 2-6.49, Ordinance No. 809, for all other employees. Ordinance No. 809 is valid. Its adoption did not violate the Meyers-Milias-Brown Act.

4. The scope of hearing is limited to the determination of persons to be laid off and the procedure used to lay off. It does not include a review of the wisdom of determining which positions are to be eliminated, including those held by W. Murray, M. M. Zamora or V. Richardson. It does not include a determination of the availability of funds to continue a position.

5. The procedure followed by the County of Yolo complied with said Memorandum of Understanding and Ordinance.

6. The method of computing the seniority of employees was proper and done in accordance of the Memorandum of Understanding and Ordinance.

7. The method of computing displacement of employees was proper and done in accordance of the Memorandum of Understanding and Ordinance.

8. All employees to be laid off were properly noticed of layoff and of this hearing.

9. The County of Yolo is entitled to lay off the persons listed in Exhibit "E" attached hereto.

10. The County of Yolo is entitled to demote the persons listed on Exhibit "C" in lieu of layoff in accordance with their displacement right.

D. The Board hereby makes the following order:

1. It is hereby ordered that the persons listed on Exhibit "E" are laid off from County employment effective October 31, 1978.

TEL. NO.: (916) 666-8211

2. It is hereby ordered that the persons listed on Exhibit "C" attached hereto are laid off from their current positions which are listed thereon and appointed to the positions to which they are entitled to displace, as listed thereon, effective the dates listed thereon.

3. The Director of Personnel Services is hereby instructed to notify those employees listed on Exhibits "C" and "E" of said action in accordance with Section 20.6 of the Memorandum of Understanding between the County of Yolo and the Yolo County Government Employees' Association and Resolution No. 78-103 by placing a copy of these findings, conclusions, and order in a sealed envelope and mailing by first class mail, postage prepaid, to the last known address of said employees.

4. The Director of Personnel Services is further instructed to give notice to Merit System employees that they may file an appeal with the State Personnel Board from this order. Except as otherwise provided by in the Inter-agency Merit System Regulations, all appeals shall be filed in writing with the State Personnel Board within thirty (30) calendar days from the date of this order, or notification of this order.

RESOLUTION 78-133

(Resolution Calling for Consolidation of Elections)

WHEREAS, on August 23, 1978, the City Council of the City of Davis passed Resolution No. 2573, Series 1978, which called and ordered a special municipal election in said City to be held on November 7, 1978; and

WHEREAS, the City Council in said Resolution requested the Board of Supervisors of the County of Yolo to consolidate the special municipal election with the general statewide election to be held on November 7, 1978.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND DECLARED as follows:

1. That the recitals hereinabove contained are true and correct.

2. That the special municipal election is hereby consolidated, as to all precincts which are the same for both elections, with the statewide general election which will be held in the County of Yolo, State of California, on Tuesday, the 7th of November, 1978. The special election hereby called shall be held in the manner provided for the statewide general election with which it is consolidated, and within the territory affected by the consolidation, precincts, polling places, hours of election, and voting booths shall, in every case, be the same, and there shall be only one set of election officers in each of the precincts. Said precincts, polling places, hours of election, and precinct board members shall be the same as for the general statewide election

RESOLUTION NO. 78-134

(Resolution of Acceptance for Parcel Map No. 2753 for Mary Harrington)

WHEREAS, the final tracing for Parcel Map No. 2753 has been prepared and presented to the Board of Supervisors for approval; and

WHEREAS, the Yolo County Planning Commission considered and approved a Negative Declaration of Environmental Impact for the proposed project, and this Board has considered and approved said Negative Declaration; and

WHEREAS, the tentative map for Parcel Map No. 2753 has been approved by said Planning Commission; and

WHEREAS, said map contemplates creation of four parcels in the Agricultural General (A-1) Zone, of Yolo County; and

WHEREAS, the final tracing of said parcel map has been signed by all necessary parties, pursuant to the provisions of the Government Code of the State of California; and

WHEREAS, said map in all respects complies with the provisions of the State Subdivision Map Act and of the Local Ordinances.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows: (1) Each of the foregoing recitals is true and correct. (2) After consideration of the Negative Declaration of Environmental Impact for the proposed project, this Board finds that the project as proposed and approved will not have a significant effect on the environment, and the Negative Declaration on file is hereby approved by this Board. (3) This Board hereby finds that the proposed subdivision, together with the provisions for its design and improvements, is consistent with general plan adopted for the County of Yolo. (4) This Board hereby approves said Parcel Map No. 2753 as submitted, and instructs the Clerk to prepare subject map for transmittal to the County Recorder for filing.

BE IT FURTHER RESOLVED that the Clerk of this Board hereby is authorized and ordered to file a Notice of Determination upon this project, with a copy of the Negative Declaration attached, said notice to include the decision of this Board to approve the proposed project, the finding of this Board that the proposed project will not have a significant effect on the environment, and a statement that no environmental impact report has been prepared, all pursuant to the California Environmental Quality Act.

NOTICE OF DETERMINATION

NO. 78-21

NOTICE IS HEREBY GIVEN pursuant to Public Resources Code § 21152 and Yolo County Code § 10-1.910 that the County of Yolo acting by its decision-making officer or body has made the following determination whether to approve or disapprove a project as follows:

1. The decision-making officer or body is The Board of Supervisors of the County of Yolo, State of California.

2. The project is described as follows: Land division application to divide a 95 acre parcel into four parcels, two of which contain 10 acres each & the remaining two containing 55 and 20 acres respectively, located on both sides of County Road 25, on the west side of County Road 94A, in the Agricultural General Zone, The Board of Supervisors accepted Parcel Map No. 2753, for Mary Harrington, on this matter on September 5, 1978, by Resolution No. 78-134.

3. The project was (~~xxxxxxxxxxxxx~~ approved) on September 5,1978.

4. The project (~~xxxxxx~~ will not) have a significant effect on the environment.

5. An environmental impact report (~~xxxxxx~~ has not) been prepared pursuant to the provisions of the California Environmental Quality Act.

George E. Harrington
Assessor's Parcel Nos. 40-010-10, 20, 13 & 21
40-070-1, 2, 4, 5, 14, & 15

The applicant proposes to divide an existing 105 acre parcel into 4 parcels, one ten acre lot, two twenty acre lots, and a 55 acre parcel, located near the Hillcrest area west of Woodland. Subject property is located at the north side of the intersection of County Road 25 and the paper street, County Road 94-A. Subject property is located in the Agricultural General (A-1) Zone and only County Road 25 has been improved.

Although this project might normally have significance, the staff determined a Negative Declaration was appropriate for the following reasons:

1. The parcels have already been deeded or illegally split and the Land Division Plat would correct a violation.

2. No more parcels can be created without filing a tentative subdivision map.

3. Houses already exist on the proposed parcels, so the Land Division Plat would not create any new building sites.

RESOLUTION NO. 78-135

(Resolution of Acceptance for Parcel Map No. 2810 for Levin Metals Co.)

WHEREAS, the final tracing for Parcel Map No. 2810 has been prepared and presented to the Board of Supervisors for approval; and

WHEREAS, the Yolo County Planning Commission has considered and approved an Environmental Impact Report filed previously, which covered the eventual development of this project and surrounding property, with a finding that the proposed projects will have a significant effect upon the environment, and said Environmental Impact Report has been presented to and considered by this Board; and

WHEREAS, the tentative map for Parcel Map No. 2810 has been approved by said Planning Commission;and

WHEREAS, said map contemplates creation of five parcels in the Heavy Industrial (M-2) Zone, of Yolo County; and

WHEREAS, the final tracing of said Parcel Map has been signed by all necessary parties, pursuant to the provisions of the Government Code of the State of California; and

WHEREAS, said map in all respects complies with the provisions of the State Subdivision Map Act and of the Local Ordinances.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows: (1) Each of the foregoing recitals is true and correct; (2) This Board, after consideration of the Environmental Impact Report filed previously, covering all subdivisions within the West Sacramento Port Area, hereby adopts and approves the final Environmental Impact Report for this project and finds that said final EIR has been completed in compliance with the California Environmental Quality Act and State Guidelines, and finds that this project as proposed will have a significant effect upon the environment. However, this land

division is part of a larger development, zoned M-2, in which improvements have been constructed and installed in accordance with Plans and Specification approved by the County of Yolo. The installation of additional on-site improvements could significantly increase the demand on the existing facilities within the project area, resulting in a significant effect on the environment. However, the Board hereby finds that the following factors warrant approval of the project notwithstanding said significant effect:

The land to be used for this land division is currently designated for industrial uses on the Yolo County General Plan, and is zoned consistently therewith. The land division creates five parcels from an existing two parcels in order to utilize subject parcels in a more economical manner. Development of a larger industrial facility is the only alternative to this division, which would result in a greater adverse effect on the environment than this project as proposed.

The Environmental Impact Report filed previously for this project and other subdivisions within the general area identifies several mitigation measures, which are hereby found by this Board to be appropriate and feasible, and ordered by this Board to be incorporated into said project; (3) This Board hereby finds that the proposed subdivision, together with the provisions for its design and improvements, is consistent with general plan adopted for the County of Yolo. (4) This Board hereby approves Parcel Map No. 2810 as submitted, and instructs the Clerk to prepare the map for transmittal to the County Recorder for filing.

BE IT FURTHER RESOLVED that the Clerk of this Board hereby is authorized and directed to file a Notice of Determination upon the proposed project; said notice shall include the decision of this Board to approve the project; and the finding of this Board that the proposed project will have a significant effect upon the

environment. Said notice also shall include the statement of overriding consideration set forth hereinabove, and the mitigation measures incorporated into the project, as stated hereinabove. Said notice also shall include the statement that the Environmental Impact Report considered and approved by this Board has been prepared pursuant to and is consistent with the provisions of the California Environmental Quality Act and State Guidelines adopted pursuant thereto.

NOTICE OF DETERMINATION

NO. 78-23

NOTICE IS HEREBY GIVEN pursuant to Public Resources Code § 21152 and Yolo County Code § 10-1.910 that the County of Yolo acting by its decision-making officer or body has made the following determination whether to approve or disapprove a project as follows:

1. The decision-making officer or body is The Board of Supervisors of the County of Yolo, State of California.

2. The project is described as follows: Parcel Map No. 2777 which creates four parcels from a 19.7 acre parcel, containing 2.2, 2.5, 7.3 and 7.7 acres respectively. Project is located on the Southside of Forrest Avenue (County Road 53) about 1/8 mile East of State Highway 16 near Guinda. Board accepted Parcel Map No. 2777 on September 5, 1978, by Resolution No. 78-136.

3. The project was (~~xxxxxxxxxxxxxxx~~ approved) on September 5, 1978

4. The project (~~xxxxxxx~~ will not) have a significant effect on the environment.

NEGATIVE DECLARATION

OF ENVIRONMENTAL SIGNIFICANCE

The Yolo County Planning Commission has reviewed all available information on the environmental effect of the project described as Request for variance to create two parcels of 2.15 acres and 2.54 acres each with an existing residence, and two additional parcels of 7.3 and 7.7 acres located on the south side of Forrest Avenue (County Road 53), approximately 1/8 mile east of State Highway 16, near Guinda in the Agricultural General Zone (A-1).

Assessor's Parcel No. 60-120-01.

~~Zone File #2024~~

The Planning Commission has determined that:

1. The project described is one that would ordinarily be expected to have a significant effect on the environment, and

2. The project will have no significant adverse effect on the environment due to circumstances peculiar to the specific project.

An Environmental Impact Report will not be required.

Said determination was made at a Public Hearing held on 12-21-77 in compliance with the California Environmental Quality Act and Title 10 of the Yolo County Code. Appeals from this determination may be made within fifteen (15) days of said action by filing a letter of appeal with the Clerk of the Board of Supervisors as prescribed for appeals from decisions of the Board of Zoning Adjustment.

TRAINING AGREEMENT

THIS AGREEMENT, made and entered into this 25th day of August, 1978, by and between the State of California, acting by and through the Department of California Highway Patrol, hereinafter called CHP, and the County of Yolo hereinafter called the County.

WITNESSETH, by and in consideration of the covenants and conditions herein contained, the CHP and the County do hereby agree as follows:

1. CHP agrees to allow County to attend training classes during the period(s) as follows:
See attached "Exhibit A" which is made by reference a part hereof.

2. CHP agrees to provide living, dining, and classroom facilities as required.

3. As consideration for the use of the Academy facilities, County agrees to pay CHP upon receipt of an invoice in accordance with the following:

Per resident student	$ N/A	per day
Per non-resident student	$ 9.50	per day
Instruction fee	$ 70.00	per 8 hour day
TOTAL not to exceed.	$ 12,402.00	

4. The rates indicated in this agreement are for estimate purposes only. In the event CHP is granted a rate increase, agrees to pay CHP at said increased rates.

5. All training is conducted on a space available basis. In the event County personnel occupy CHP Academy as a resident and do not remain in residence for the duration of training, but complete training course, County agrees to pay full residence fees for the entire training period.

6. County agrees to indemnify, defend, and save harmless CHP, its officers, agents, and employees from any and all claims and losses accruing or resulting to any person, firm, or corporation who may be injured or damaged by the County in the performance of this agreement.

7. County shall be responsible for paying any cost incurred by CHP for facility damage caused by the willful or malicious misconduct of County trainees.

8. This agreement shall become effective when signed by both parties, and upon CHP's receipt of a resolution covering the agreement. Training shall not be authorized until the resolution is on file with CHP.

9. This agreement may be amended by mutual consent of the parties hereto.

RESOLUTION NO. 78-144

(Resolution Fixing Tax Rates for 1978-79 Fiscal Year)

WHEREAS, under provisions of Title 3, Division 3, Chapter 1, Article 5 (Sections 29100, et. seq.) of the Government Code of the State of California, the Board of Supervisors of the County of Yolo is required to fix the rates of County and Special District taxes on the secured roll; and

WHEREAS, due consideration has been given to those rates that should be fixed which will produce sufficient revenue for the County and various special districts, after allowing for revenue from other sources and fund balances available;

NOW, THEREFORE, BE IT RESOLVED that the tax rates for the fiscal year 1978-79 for the County of Yolo and the various special districts be, and the same is hereby fixed as shown on the schedule entitled "County of Yolo Tax Rates 1978-79" which is attached hereto and made a part hereof by reference as though fully set forth herein, as follows:

The amounts herein specified are in each instance the number of dollars and cents, or cents, as the case may be, on each $100.00 of taxable value of property situated and lying within the boundaries of the County of Yolo, or the said special districts in said County, as the case may be.

RESOLUTION NO. 78-146

(Resolution Calling for Consolidation of Elections)

WHEREAS, on August 2, 1978, the City Council of the City of Davis passed Resolution No. 2570, Series 1978, which called and ordered a special municipal election in said City to be held on November 7, 1978; and

WHEREAS, the City Council in said Resolution requested the Board of Supervisors of the County of Yolo to consolidate the special municipal election with the general statewide election to be held on November 7, 1978.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND DECLARED as follows:

1. That the recitals hereinabove contained are true and correct.

2. That the special municipal election is hereby consolidated, as to all precincts which are the same for both elections, with the statewide general election which will be held in the County of Yolo, State of California, on Tuesday, the 7th of November, 1978. The special election hereby called shall be held in the manner provided for the statewide general election with which it is consolidated, and within the territory affected by the consolidation, precincts, polling places, hours of election, and voting booths shall, in every case, be the same, and there shall be only one set of election officers in each of the precincts. Said precincts, polling places, hours of election, and precinct board members shall be the same as for the general statewide election

RESOLUTION NO. 78-147

(Resolution of Acceptance for Parcel Map No. 2785 for Yolo County Flood Control District)

WHEREAS, the final tracing for Parcel Map 2785 has been prepared and presented to the Board of Supervisors for approval; and

WHEREAS, the Yolo County Planning Commission considered and approved a Negative Declaration of environmental impact for the proposed project, and this Board has considered and approved said Negative Declaration; and

WHEREAS, the tentative map for Parcel Map No. 2785 has been approved by said Planning commission; and

WHEREAS, said map contemplates creation of six parcels in the Agricultural Preserve (A-P) Zone, of Yolo County; and

WHEREAS, the final tracing of said Parcel Map has been signed by all necessary parties, pursuant to the provisions of the Government Code of the State of California; and

WHEREAS, said map in all respects complies with the provisions of the State Subdivision Map Act and of the Local Ordinances.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows: (1) Each of the foregoing recitals is true and correct. (2) After consideration of the Negative Declaration of environmental impact for the proposed project, this Board finds that the project as proposed and approved will not have a significant effect on the environment, and the Negative Declaration on file is hereby approved by this Board. (3) This Board hereby finds that the proposed subdivision together with the provisions for its design and improvements, is consistent with general plan adopted for the County of Yolo. (4) This Board hereby approves said Parcel Map No. 2785 as submitted, and instructs the Clerk to prepare said map for transmittal to the County

Recorder for filing.

BE IT FURTHER RESOLVED that the Clerk of this Board hereby is authorized and ordered to file a Notice of Determination upon this project, with a copy of the Negative Declaration attached, said notice to include the decision of this Board to approve the proposed project, the finding of this Board that the proposed project will not have a significant effect on the environment, and a statement that no environmental impact report has been prepared, all pursuant to the California Environmental Quality Act.

NOTICE OF DETERMINATION

NO. 78-26

NOTICE IS HEREBY GIVEN pursuant to Public Resources Code § 21152 and Yolo County Code § 10-1.910 that the County of Yolo acting by its decision-making officer or body has made the following determination whether to approve or disapprove a project as follows:

1. The decision-making officer or body is the Board of Supervisors of the County of Yolo, State of California.

2. The project is described as follows: Application for Parcel Map No. 2785 divides 133 acres into six parcels, located approximately ½ mile west of the junction of County Roads 89 and 31. Under this proposal parcel split, Parcel No. 1, which is 30 acres ± in size, is to be used by the Yolo County Flood Control District for a reservoir site, Parcel No. 2, approximately ½ acre in size, and Parcel No. 3, which is 3.6± acres in size, will be used as access to the proposed reservoir. Parcel No. 4, which is 74 acres, and Parcel No. 5, which is 2.4 acres, and Parcel No. 6, which is 20.8 acres, will be combined with adjoining parcels creating single ownerships. The Yolo County Planning Commission approved the tentative map for this lot line adjustment on June 21, 1978. The Board of Supervisors accepted Parcel Map No. 2785 on September 26, 1978, on the above mentioned project, by Resolution No. 78-147.

3. The project was approved on September 26, 1978.

4. The project will not have a significant effect on the environment.

5. An environmental impact report has not been prepared pursuant to the provisions of the California Environmental Quality Act.

Dated: October 3, 1978.

Negative Declaration
Zone File No. 2883 &
Tentative Parcel Map No. 2785
Assessor's Parcel No. 30-030-39 & 28
HEARING DATE: June 7, 1978

The applicant requests a use permit to allow the excavation of approximately 1 million cubic yards of earth to be used in the construction of interchanges, overpasses, and road fill on portions of Interstate 505 between the Yolo-Solano County line and State Route 16. After completion of excavation, the borrow pit will be turned into a 250 acre-foot regulating reservoir that will be connected the Yolo County Flood And Water Conservation District's canal system. In conjunction with the construction of the reservoir, the District will fill and replace a portion of the severely eroded Willow Canal.

The 31 acre reservoir-borrow pit is located approximately a half mile east of the intersection of County Roads 89 and 31. This project entails the net loss of 29 acres of Class 4 agricultural land, with the benefit of more efficient water utilization, a small amount of flood protection for Moody Slough, and the improvement of Interstate 505.

Haul Route

The haul route will proceed east from the site to County Road 89 via a half mile long dirt road, then north along County Road 89 to County Road 31, then east on County Road 31 to Interstate 505, and then south on Interstate 505 to the area requiring fill. There are two residences located along the route, of which one is currently occupied.

Jeff Loudon from CalTrans, estimates that excavation will take about 6 to 8 months.

The applicant will be required to satisfy the County ordinance which prohibits vehicles over 80,000 pounds on county roads.

Dust can pose problems to agricultural crops by promoting the infestation of plant feeding mites. Preventing dust is the first step towards preventing mite outbreaks and the applicant proposes to limit dust by covering the trucks or applying water to key areas.

Plants and Animals

The site is currently used for dry farming with vegetation consisting solely of grasses and grains, and lacking any bushes or trees. Jackrabbits, squirrels, and mice probably inhabit the site. There appears to be no rare or endangered plants or animals currently inhabiting the site.

Hydrology (Dixon Flood Protection)

The reservoir will occupy a portion of Moody Slough, which at the project site is an intermittent creek that drains a watershed slightly smaller than a square mile and then flows through Winters and into the delta. There are no records concerning the flows of the slough, however, William McAnlis, Manager of the District, estimates that the maximum flow during flood conditions is about 100 cubic feet per second. Upon construction of the reservoir, the maximum flow will be lowered to 30 cubic feet per second, and the reservoir will act as a sponge, absorbing peak flows and slightly improving the flood protection of Winters.

The reservoir will be designed and operated so that flows of Moody Slough occurring in Spring will be captured and diverted into the District's canal system. It is estimated that approximately 250 to 350 acre feet would be diverted in wet years, an amount which is not considered significant. During the winter, more of Moody Slough's flows will be diverted.

The reservoir when filled will have an average 10-11 foot depth in summer and it will continually fluctuate upwards or down about 4 feet. In the winter it will vary from full (14 feet) to nearly empty in order to maximize flood storage capacity.

Soils and Erosion

The 29 acres of soils to be removed by the reservoir are rated 4 on the U.S.D.A. Land Capability Index, which is the lowest agricultural soil rating.

The slopes of the reservoir will be 2.5 to 1 in order to minimize erosion. Reseeding will occur naturally.

Relation to Canal System

Willow Canal will be modified to empty into the north end of the reservoir. The remainder of Willow Canal between the reservoir and just past County Road 89 will be filled and probably returned to agricultural production. A new canal will be built from the south end of the reservoir that parallels the old canal through a new County Road 89 under crossing then rejoining the old canal just east of County Road 89.

COUNTY OF YOLO
PLANNING DEPARTMENT
292 WEST BEAMER STREET
WOODLAND, CALIFORNIA 95695
TELEPHONE (916) 666-8556

Staff has determined that this project will not have a significant effect on the environment for the following reasons:

1) The reservoir will provide a small measure of flood protection for the City of Winters.

2) It will enable more efficient utilization of District water.

3) At this site Moody Slough is a very small intermittent watercourse that is not occupied by any rare or endangered plant or animal species.

4) The 250 to 350 acre feet of water to be diverted out of Moody Slough is not significant in relation to the runoff of the whole Moody Slough watershed.

5) The soils to be removed for construction of the reservoir are poor for agricultural use.

6) Erosion will not be significant because the 2.5 to 1 slopes are gentle. Even if erosion were to occur, the effects will be confined to the site, because all silt will be captured by the reservoir.

7) The haul route is short and dust will be controlled.

8) A half mile portion of the severely eroded and unusable Willow Canal will be filled and probably returned to agricultural production.

A copy of the Initial Statement is on file for your review at the Planning Department, 292 West Beamer Street, Woodland, CA.

STATEMENT OF ENVIRONMENTAL ASPECTS

CHAPMAN REGULATING RESERVOIR

Project Purposes

Principal purpose - to provide a re-regulation reservoir at the head of the Willow Canal.

Secondary purpose - to provide a measure of flood control and storm water detention in the upper portion of Moody Slough.

Third purpose - to provide approximately one million cubic yards of borrow material for use in completion of Interstate 505.

General Project Features

The Winters Canal, one of two main canals in the 200-mile system operated by the Yolo County Flood Control and Water Conservation District runs essentially on contour from its diversion at Capay out of Cache Creek easterly and southerly toward the City of Winters. At the point of the proposed project, the Winters Canal terminates and the Willow Canal starts. The Willow Canal heads generally easterly running down slope toward County Road 89 which it crosses. The canal then turns south and runs generally parallel to Road 89 to a point a little north of Winters where it turns east and runs generally parallel to Putah Creek toward the Davis area. The proposed project would consist essentially of a regulating reservoir with about 250 acre-feet of regulated storage from which the entire Willow Canal system would operate. The reservoir would be constructed entirely by excavation of the approximately one

million cubic yards of material required for the completion of Interstate 505. No dams or embankments would be involved. The Winters Canal would discharge into the northeast corner of the reservoir. The Willow Canal would head out of the reservoir at the southeast corner and at an elevation approximately 15 feet lower than the Willow Canal elevation, thus making almost the entire reservoir capacity available for utilization.

A part of the project concept would be to completely fill up and return to agricultural productivity the deep and severely eroded channel of the existing Willow Canal. A replacement canal would be built, heading at the southeast corner of the reservoir and running thence due east along the south line of the Chapman Ranch to a new connection with the existing Willow Canal on the east side of Road 89. A new crossing underneath Road 89 would be required, but the existing crossing further north is scheduled for replacement this year in any event because of the unsafe condition of that old crossing. This work would be undertaken by the Yolo County Public Works Department. There will be a net gain of approximately two acres of good irrigated farm land as a result of this relocation of the canal.

Sequence of Construction

It should be understood that the Willow Canal system must continue in operation during the normal irrigation season from approximately April through October of each year. This requirement can be met because the existing canal system does not intrude into

the reservoir location, nor does it involve the storm drainage provided by Moody Slough channel. The existing channel of the Willow Canal will be continued in use down to Road 89. At that point; if the Public Works Department concludes that a new crossing is required for safety reasons, it could be constructed "in the dry" and a temporary connection made along the west side of County Road 89 to convey the flows from the Willow Canal channel down to the new crossing. If the old crossing can stay in service for another year or two, no relocation at all will be necessary until completion of the project. The contractor for the State Highway construction will, under terms of an agreement to be negotiated at the appropriate time, utilize the 60 foot right-of-way along the south line of the Chapman property as access and haul road location from Road 89 to the reservoir site and the contractor's operations will not interfere with either normal District canal operation or with normal storm drainage patterns through the Moody Slough channel.

The contractor will be required to pre-condition the soils so as to minimize creation of dust problems. The contractor will also be required to cover or otherwise insure that dust is not caused by loaded trucks moving from the reservoir to the highway construction locations. Water for this purpose will be furnished during normal irrigation season from the District's canal and at other times from privately owned wells immediately adjacent to the reservoir. Arrangements for payment for water service will be a

responsibility of the contractor.

The contractor will be required to excavate the borrow material in those areas first which will provide the maximum reservoir capacity, finishing up his job during the latter stages with the higher hill terrain to the west and south of the reservoir proper. This will insure the maximum reservoir size at and below normal water levels in contrast to simply the maximum cubic yardage of borrow material.

As the last phase of his work, the contractor will be required to haul material (after the irrigation season) and place it as compacted fill in the old existing Willow Canal across the Chapman property and to fill the last several hundred feet of the Winters Canal below the location for the drop structure which will convey water from the Winters Canal into the reservoir. Also, the contractor will excavate the outlet of the reservoir and the new canal section for the Willow Canal from the reservoir to County Road 89.

The District will then construct the headworks and regulating controls for the Willow Canal and the measuring and bypass weirs at the crossing of the canal and Moody Slough. In addition, drop structures will be constructed to carry the flows of the Winters Canal and of Moody Slough into the reservoir without inducing erosion problems.

Project Operation for Irrigation

At the present time, changes in the supply of water for both the Willow Canal and for upstream canals must be made by exchanges

in varying requirements between canals or by changes in releases from storage reservoirs, Clear Lake and Indian Valley, or both. We can often make changes in the downstream reaches because of off-setting requirement changes in upstream major laterals. However, there are many times when all canals need more water or all need to be reduced. These fluctuations are difficult to handle in view of the 18-hour time lag from the time between our reservoirs and the diversions out of Cache Creek at Capay Diversion Dam. When the three to six-hour time lag in conveying through the system from Capay to the Chapman area are added to the transmission delays, we often encounter the situation where a change made at Clear Lake at noon on the preceeding day does not reach the head of the Willow Canal until the early afternoon of the following day. By the time water moves down through the Willow Canal to the Plainfield area or the Fairfield ditch, it is often 3 or 4 o'clock in the afternoon and this prevents most of the farmers served from the Willow Canal from effeciently utilizing this water, simply because many of them have to change fields and set up irrigation systems in the fields in the late afternoon and on into the night. One of the major advantages of the proposed project will be that with a reservoir of the capacity envisioned, we can, for the first time, start changes down the Willow Canal early in the morning at approximately the same time as they are now possible near the heads of our canals. This will greatly improve the irrigation efficiencies of almost all the farmers served from the Willow Canal system.

Additionally, changes can be made in the laterals immediately upstream from the Willow, such as the Walnut Canal and the Buckeye Canal without regard to adverse downstream impact which would otherwise be inevitable without the regulating reservoir. In other words, if either more or less water is required in these upper laterals it can be diverted into or out of them and the overages or shortages will end up in the reservoir itself. However, these overages or shortages are relatively short-term, and the reservoir has ample size to absorb them without affecting the steady delivery at the head of the Willow Canal, so the reservoir not only speeds up and stabilizes the flow characteristics of the Willow Canal system, it also enables the District to make early changes in the several laterals upstream on the system, which otherwise would have to wait until the changes worked their way through the system as is presently the case.

Flood Control Operations

The flood and storm drainage aspects of project operation are in two separate elements. Winter storm flows come down Moody Slough which enters the valley lands west of the Chapman Ranch and then turn south running close to the foot of the hills for about 1 mile. There it turns easterly just north of Winters and crosses Highway 89 and continues east into Dry Slough and finally through Willow Slough and Willow Slough bypass into the Yolo bypass and Sacramento River near Rio Vista. The slough does not have any connection with the District's canal system, although it does parallel the head of

the Willow Canal. At the completion of the project, the waters from the small upper watershed of Moody Slough above the reservoir will enter the reservoir (through a drop structure to prevent erosion). They will then fill the reservoir to some moderate depth from its low point at the end of the irrigation season, and these impounded waters will then be released gradually through the Willow Canal outlet at the southeast corner of the reservoir. At the point just downstream of the Willow Canal headworks where the canal crosses the main thread of Moody Slough, all flood waters will be rediverted into Moody Slough and proceed thence southerly in their natural course. The major flood flows which may from time to time enter the reservoir will be modified by the storage capacity of the reservoir itself, and the excesses which are not passed through the Willow Canal headworks will overflow through the existing control and check located on Moody Slough adjacent to the existing terminus of the Winters Canal and then will move on down through the natural Moody Slough channel which is below and outside the reservoir area. In other words, the storm flows in the Moody drainage area will not be adversely modified but rather, because of the reservoir storage characteristics, there will be a substantial reduction in the average and high storm flows which have, up to now, periodically plagued the Moody Slough area north of the City of Winters.

The other item of drainage relates to normal summer field drainage. The normal farm tail-water which accumulates along the

west side of County Road 89 flows southerly along County Road 89. Some of it is reused from time to time, but in any event the excess moves down to the thread of Moody Slough and thence easterly out of the area. Our new canal (the Willow Canal realignment) running along the south line of the Chapman property (on the 60-foot originally utilized for haul road purposes) will be provided with an under-drain to continue the passage of the normal summer irrigation return flows in their present course.

There is one further aspect which relates to winter drainage which will be substantially improved by construction of the project. At the present time, our Winters Canal (downstream of Chickahominy Creek) runs on contour and picks up side-hill inflow in the several miles of canal involved. These accumulated waters proceed down the Willow Canal and are discharged into Moody Slough at the point where the Willow Canal crosses the slough north of Winters and east of County Road 89. Once the reservoir is in operation, these flows will be retained in the reservoir to the extent possible and the maximum flows will be diminished substantially. The new Willow Canal, because of its alignment and elevation with respect to the adjoining lands, will no longer carry any storm flows.

HEARING DATE: June 21, 1978

This proposal involves a request to divide an existing 2.85 acre parcel into two parcels of 1.50 and 1.35 acres each at the southwest corner of Freeboard and Starboard, south of the Interstate 80 freeway and west of Harbor Boulevard in East Yolo.

The property is within a P.D. Zone designated for Special Commercial development related to Industrial uses within the Port Industrial Park to the south. The specific use proposed for the 1.5 acre parcel is a commercial office structure of approximately 20,000 square feet, which will also have some warehousing of spare parts for the proposed operation of a paddle wheel steamship on the Sacramento River. This will be headquarters for the proposed passenger boat operation.

Review of the proposal by staff has determined that a Negative Declaration is appropriate for the following reasons:

1) The building is a commercial office structure in an area designated for such uses.

2) The facility will also be used for warehousing of spare parts for the business.

Tentative Parcel Map #2790

HEARING DATE: July 6, 1978

The applicant requests a Tentative Parcel Map to divide an existing 3.87 acre parcel into one 2.87 acre parcel and one 1.0 acre parcel in the Planned Development Zone Number 5, located on the northwest corner of the intersection of Halyard Drive and Beacon Boulevard in West Sacramento. The applicant proposes to construct an 11,000 square foot commercial building on Parcel A, the one acre site. The applicant proposes 30,000 square feet of paving, some landscaping, and that 10 employees will work at the subject site. The applicant anticipates 20 to 30 customers visiting the site daily.

Although this project might normally have significance environmentally, the staff determined a Negative Declaration was appropriate for the following reasons:

1) The proposed project is consistent with the general plan and zoning regulations.

2) The proposed uses could still occur on the site even if a parcel map was not requested.

WHEREAS, on the 28th day of January, 1959, by Resolution No. 59-15, the Board of Supervisors adopted the present and now existing Yolo County Master Plan; and

WHEREAS, on the 18th day of May, 1976, by Resolution No. 76-57, the Board of Supervisors amended the Yolo County Master Plan by the adoption of the East Yolo General Plan; and

WHEREAS, the Yolo County Planning Commission held public hearings as required by law to consider amending the circulation element of the East Yolo General Plan; and

WHEREAS, said Yolo County Planning Commission recommended to this Board that the circulation element of the East Yolo General Plan be amended as set forth hereinbelow; and

WHEREAS, this Board held a hearing after proper notice in the manner prescribed by law on the recommendations concerning said proposed amendment to the circulation element of the East Yolo General Plan; and

WHEREAS, this Board has determined that the aforesaid recommendation of the Yolo County Planning Commission is for the best interests of the County of Yolo;

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows:

1. The circulation element of the East Yolo General Plan is hereby amended by changing the designation for the portion of South River Road located between the Barge Canal and Davis Road in Southport from "Thoroughfare" to

YOLO GENERAL HOSPITAL MEDICAL STAFF
RESOLUTION IN SUPPORT OF THE CALIFORNIA
VOLUNTARY COST CONTAINMENT PROGRAM

In recognition of voluntary cost containment efforts at the national and statewide levels to restrain the rate of increase in health care expenditures, we the Yolo General Hospital Medical Staff, are committed to the containment of costs and desire to play a leadership role in demonstrating the value of voluntary action in cost containment. We strongly support the program of the California State Steering Committee on Voluntary Cost Containment and pledge our full cooperation with the Governing Board and management in reassessing operating and capital budgets to see if any further reductions or postponements can be made. In addition, we reaffirm our commitment to carry out effective, ongoing, voluntary utilization review programs and support similar programs and efforts to contain expenditures consistent with sound medical practice.

RESOLUTION NO. 78-156 By Pete E. Lucas DEPUTY

(Resolution Rescinding Resolution No. 70-78, and Establishing Food Stamp Revolving Fund for Use of Department of Social Services)

WHEREAS, this Board of Supervisors by Resolution No. 70-78 established a revolving fund to be used for the purchase of food stamps for those persons without funds to do so; and

WHEREAS, the Board now wishes to eliminate this fund, as it is no longer needed, and establish instead a revolving fund for the purpose of making change for food stamp purchasers;

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of Yolo County as follows:

1. Resolution No. 70-78, establishing a Food Stamp Revolving Fund for the purchase of food stamps for those without the funds to do so is hereby rescinded.

2. A new Food Stamp Revolving Fund is hereby established for use by the Department of Social Services.

3. The use of the Food Stamp Revolving Fund established herein is limited to making change for food stamp purchasers.

4. The amount of the Revolving Fund is set at Two Hundred Dollars ($200), so that each main issuance office will have One Hundred Dollars ($100) for change-making purposes.

5. The Auditor of the County of Yolo is hereby authorized and directed to draw his warrant in favor of the Director of Social Services in the amount of Two Hundred Dollars ($200), after the provisions of this resolution providing for a bond have been complied with, and the Treasurer of the County of Yolo is hereby authorized and directed to honor said warrant

RESOLUTION NO. 78-161

(Resolution for Observance of World Disarmament Week)

WHEREAS, the United Nations General Assembly, in its Special Session on Disarmament, held May 23 through July 1, 1978, adopted a Final Document which urged observance of World Disarmament Week, October 24-31, "devoted to fostering the objectives of disarmament"; and

WHEREAS, the adoption of Proposition 13 in California on June 6, 1978, reflected the public opposition to high taxes, but was not directed at the federal government which collects the largest portion of total taxes, and is the level of government which provides the greatest opportunities for constructive savings in governmental expenditures and for reduction of taxes; and

WHEREAS, the economic effects of Proposition 13 include major tax relief for corporations and private owners of large holdings of property, and reduction of local governmental services to the poor and disadvantaged who most need them; and

WHEREAS, there is a growing movement for substantial reduction of federal taxes, accompanied by reduction of federal expenditures for non-defense purposes which meet urgent human needs particularly of the poor and disadvantaged.

NOW, THEREFORE, BE IT RESOLVED by the Yolo County Board of Supervisors that:

1. World Diarmament Week is hereby proclaimed for the period of October 24-31, 1978. Organizations and citizens of the County of Yolo are urged to participate in meetings and events during World

RESOLUTION NO. 78- 163

(Resolution requesting Sacramento Regional Area Planning Commission's approval of amended 1978/79 Annual Transportation Claim of Local Transportation Fund)

WHEREAS, Section 99260 of the Public Utilities Code required the local agency to file an estimated claim of transportation financial needs for the fiscal year 1978/79; and

WHEREAS, it is necessary to amend said claim to conform to the approved 1978/79 Fiscal Year's Budget; and

WHEREAS, said Transportation Development Act requires the establishment of a LOCAL TRANSPORTATION FUND and designation of a TRANSPORTATION PLANNING AGENCY: and

WHEREAS, the Sacramento Regional Area Planning Commission is designated as the TRANSPORTATION PLANNING AGENCY for the County of Yolo to receive and consider such claims for approval pursuant to rules and regulations adopted by the Secretary of the Business and Transportation Agency; and

WHEREAS, it is the intention of the Board of Supervisors of the County of Yolo to maintain the present level of bus transit services as a minimum level of service in the Yolo County area for the fiscal year 1978/79; and

WHEREAS, the Board of Supervisors of the County of Yolo has determined at a public meeting this date that there are no areas within the jurisdiction of Yolo County with unmet public transportation needs which can reasonably be met through expansion of existing transportation systems or by establishing new systems.

NOW, THEREFORE, BE IT RESOLVED that the attached "Annual Project and Financial Plan" be hereby approved as amended and that the Director of Public Works be authorized to execute the attached claim and instructed to forward said claim to the designated Transportation Planning Agency.

RESOLUTION NO. 78-164

(Resolution increasing the amount of the revolving fund for the Department of Public Works - Sanitation Enterprise)

WHEREAS, Resolution No. 75-158 established a revolving fund for disposal fees at the Solid Waste Disposal Site; and

WHEREAS, revision to the fee schedule has created a demand for larger amounts of change than was previously required.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the Board of Supervisors of the County of Yolo as follows:

1. That it is necessary to increase the amount of the revolving fund to provide change for disposal fees at the Solid Waste Disposal Site.

2. That the amount of the revolving fund is hereby increased by the sum of Forty ($40.00) Dollars.

3. That the Auditor of the County of Yolo is hereby authorized and directed to draw his warrant in favor of the Director of Public Works in the amount of Forty ($40.00) Dollars after the provisions of this Resolution providing for a bond have been complied with, and the Treasurer of the County of Yolo is hereby authorized and directed to honor said warrant when it is presented for payment.

4. That the Director of Public Works shall file with the Clerk of the Board of Supervisors either a bond executed by himself as principal and by an admitted surety insurer or cause an endorsement to be added to the County blanket bond in an amount equal to the increase in the revolving fund for the office of the Director of Public Works as established herein, and that the bond or endorsement shall be conditioned upon the faithful administration of the fund and upon the willingness and ability of the Director of Public Works to account for and pay over the fund upon demand of the Board of Supervisors at any time.

5. That upon demand of the Auditor or the Board of Supervisors, the Director of Public Works shall give an account

of the Revolving Fund for the office of the Department of Public Works of the County of Yolo.

6. That the Clerk of the Board shall transmit certified copies of this resolution to the County Auditor and to the County Treasurer.

RESOLUTION NO. 78-165

(Resolution of Acceptance for Subdivision No. 2782 Larchmont Summerfield Unit No. 1A)

WHEREAS, the final subdivision map for Subdivision No. 2782, Unit No. 1A has been presented to the Board of Supervisors for approval and acceptance; and

WHEREAS, said map has been signed by all necessary parties; and

WHEREAS, the Yolo County Planning Commission previously considered and approved an Environmental Impact Report for the Touchstone Project which discussed the environmental impacts of this Project and other Projects proposed in the Southport area of East Yolo; and said Planning Commission has determined that no subsequent EIR need be prepared, pursuant to Title 14, Section 15067 of the California Administrative Code; said Environmental Impact Report demonstrates that the proposed project will have a significant effect on the environment and has been presented to and considered by this Board; and

WHEREAS, the Yolo County Planning Commission approved the tentative map of Subdivision No. 2782 on May 17, 1978; and

WHEREAS, the improvement have been assured and the map in all respects complies with the provisions of the State Subdivision Map Act and of the local ordinances.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows:

(1) This Board, after consideration of the Environmental Impact Report previously filed upon this proposed project and the project area, hereby adopts and approves the final Environmental Impact Report, and finds that said final EIR has been completed in compliance with the California Environmental Quality Act and State Guidelines, and finds that the project will have a significant effect upon the environment.

The subdivision will be constructed on agricultural land which currently is in production, and use of said agricultural land for the purposes of residential construction will result in a significant effect on the environment. However, this Board hereby finds that the following factors warrant approval of the Project, notwithstanding said significant effect:

This project is a portion of a previously approved project, within which development began early in 1972.

The project as now submitted will be built to a lower density than originally addressed in the previously approved Environmental Impact Report. All improvements with the project area will be installed in accordance with the standards and specifications of Yolo County. The land to be used for this subdivision is currently designated for residential purposes and is zoned consistently therewith. Said land is situated within the boundaries of the East Yolo Community Services District which provides the area with sewer and other miscellaneous services, and a condition of approval of said subdivision is connection to and improvement of said services. Failure to use land that is currently designated for residential uses will result in increased pressures to develop for housing purposes land that is designated for agricultural purposes in the area.

The Environmental Impact Report on said project identifies several mitigation measures, which are hereby found by this Board to be appropriate and feasible, and ordered by this Board to be incorporated into said project: (2) this Board hereby finds that the proposed subdivisions, together with the provisions for its design and improvement, is consistent with general plan adopted for the East Yolo area of the County of Yolo, (3) this Board hereby approves said map for Subdivision No. 2782 Larchmont Summerfield Unit No. 1A (4) this Board hereby accepts on behalf of the public the easements and rights

of ways, including those areas designated for Bikeway easements, all as provided for and indicated on said final map (5) this Board hereby accepts on behalf of the Public for street purposes Lot C, as said Lot appears on that certain map of Subdivision No. 2155, filed in the office of the Yolo County Recorder, on September 13,1972, in Map Book 8 at Pages 51 and 52.

BE IT FURTHER RESOLVED (1) that this Board approved Agreement No. 78- 322, the Subdivision Improvement Agreement for said Subdivision No. 2782, Larchmont Summerfield Unit No. 1A, and authorized the Chairman of the Board to sign said agreement. (2) The Clerk of this Board hereby is authorized and directed to file a Notice of Determination upon the proposed project; said notice shall include the decision of this Board to approve the project, and the finding of this Board that the proposed project will have a significant effect upon the environment. Said notice also shall include the statement of overriding consideration set forth hereinabove, and the mitigation measures incorporated into the project as stated hereinabove. Said Notice also shall include the statement that the Environmental Impact Report considered and approved by this Board is the Touchstone EIR previously adopted by the Planning Commission, which discussed this Project and others in the East Yolo Area, and no subsequent environmental impact report is required, pursuant to Title 14, Section 15067 of the California Administrative Code and said EIR has been prepared pursuant to and is consistent with the California Environmental Quality Act and State Guidelines adopted pursuant thereto.

NOTICE OF DETERMINATION
NO. 78-33

NOTICE IS HEREBY GIVEN pursuant to Public Resources Code § 21152 and Yolo County Code § 10-1.910 that the County of Yolo acting by its decision-making officer or body has made the following determination whether to approve or disapprove a project as follows:

1. The decision-making officer or body is The Board of Supervisors of the County of Yolo, State of California.

2. The project is described as follows: This subdivision is the first unit, containing 105 lots of a proposed 766 lot Subdivision, designated for single family homes. The project is located adjacent to and southerly of Linden Road in East Yolo, and was approved by the Yolo County Planning Commission on May 17, 1978. Lot B of Unit No. 1-A will be deeded to the East Yolo Community Services District for Park purposes concurrently with the deed transferring ownership of the Subdivision from First American Title Company of Yolo to M. J. Brock and Sons, Inc. Board of Supervisors accepted Subdivision No. 2782, Larchmont Subdivision Unit No. 1-A, on October 31, 1978, by Resolution No. 78-165 and Agreement No. 78-322. The EIR on said project identifies several mitigation measures, which are hereby found by this Board to be appropriate and feasible and ordered by this Board to be incorporated into said project: (2) This Board hereby finds that the proposed subdivisions, together with the provisions for its design and improvement, is consistent with general plan adopted for the East Yolo area of the County of Yolo, (3) This Board hereby approves said map for Subdivision No. 2782 Larchmont Summerfield Unit No. 1A (4) This Board hereby accepts on behalf of the public the easements and rights of ways, including those areas designated for Bikeway easements, all as provided for and indicated on said final map (5) This Board hereby accepts on behalf of the Public for street purposes Lot C, as said Lot appears on that certain map of Subdivision No. 2155, filed in the Office of the Yolo County Recorder, on Sept. 13, 1972, in Map Book 8 at Page 51

and 52.

3. The project was approved on October 31, 1978.

4. The project will have a significant effect on the environment.

5. An environmental impact report has been prepared pursuant to the provisions of the California Environmental Quality Act and State Guidelines.

NOTICE OF DETERMINATION

NO. 78-34

NOTICE IS HEREBY GIVEN pursuant to Public Resources Code § 21152 and Yolo County Code § 10-1.910 that the County of Yolo acting by its decision-making officer or body has made the following determination whether to approve or disapprove a project as follows:

1. The decision-making officer or body is The Board of Supervisors of the County of Yolo, State of California.

2. The project is described as follows: Parcel Map No. 2836 contemplates creation of two parcels, in the Community Commercial Zone (C-2) of Yolo County. The project is located on the south side of Main Street, between Cottonwood and Ashley Streets west of the Woodland City Limits. The Yolo County Planning Commission conditionally approved the Tentative Map for this land division September 20, 1978. The conditions of approval imposed at the time of approval were: 1 - That dedication of additional road right of way be required. 2 - That street improvements be installed. The right of way dedication has been accepted and recorded. The installation of street improvements were waived and a Street Improvement Agreement was approved, providing for installation of improvements at a later date. All conditions of approval have been complied with. The Board of Supervisors adopted Resolution No. 78-166, on October 31, 1978, accepting Parcel Map No. 2836, for Lawrence A. Mayfield and made the following decision on said matter: Each of the foregoing recitals is true and correct; After consideration of the Categorcial Exemption Board from environmental assessment for the proposed project, this Board found that the project as proposed and approved will not have a significant effect on the environment, and the Notice of Exemption on file is hereby approved by this Board; Board hereby finds that the proposed subdivision, together with the provisions for its design and improvements, is consistent with general plan adopted for the County of Yolo; Board hereby approves said Parcel Map No. 2836 as submitted and instructs the Clerk to prepare said map for transmittal to the County Recorder for filing.

3. The project was approved on October 31, 1978.

4. The project will not have a significant effect on the environment.

5. Board found that the proposed project is categorically exempt from environmental assessment.

6. No Environmental Impact Report has been prepared, all pursuant to the California Environmental Quality Act.

RESOLUTION NO. 78-167

(Resolution Governing Rights of Certain Peace Officers to Participate in Employee Organization)

WHEREAS, the Meyers-Milias-Brown Act by Government Code § 3508 authorizes this Board of Supervisors in accordance with reasonable standards to designate positions or classes of positions which have duties consisting primarily of the enforcement of State laws or local ordinances and by resolution adopted after a public hearing to limit or prohibit the right of employees in such positions or classes of positions to form, join, or participate in employee organizations where it is in the public interest to do so; and

WHEREAS, that statute also safeguards the right of employees who are full time peace officers as that term is defined in Chapter 4.5 (commencing with § 830) of Title 3 of Part 2 of the Penal Code, to join or participate in employee organizations which are composed solely of such peace officers, which concerns themselves solely and exclusively with wages, hours, working conditions, welfare programs and advancement of the academic and vocational training in furtherance of the police profession, and which are not subordinate to any other organization; and

WHEREAS, this Board of Supervisors have held a public hearing in the manner prescribed by Section 3508; and

WHEREAS, this Board of Supervisors determines in accordance with the reasonable standards prescribed by § 3508 that it is in the public interest to do so;

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows:

1. The foregoing recitals are true and correct.

2. Except as set forth below, employees of the County of Yolo in the Sheriff's Department (but excluding the Sheriff and Undersheriff) who are full time "peace officers" as that term is defined in Chapter 4.5 (commencing with § 830) of Title 3 of Part 2 of the Penal Code are hereby limited and prohibited from forming, joining or participating in employee organizations; provided, however, that employees in such positions or classes of positions shall have the right to join or participate in employee organizations which are composed solely of such peace officers, which concerns themselves solely and exclusively with the wages, hours, working conditions, welfare programs, and advancement of the academic and vocational training in furtherance of the police profession, and which are not subordinate to any other organization.

3. The adoption of this resolution shall not deny any employee any rights or benefits granted by any memorandum of understanding during its term.

RESOLUTION NO. 78-168

(Resolution Confirming Water and Sewer Service Charges, El Macero County Service Area)

WHEREAS, pursuant to the authority conferred upon the County by California Government Code Section 25210.77a to fix and collect charges for all extended miscellaneous services now or hereafter provided by the El Macero County Service area, specifically including, but not limited to, water, sewer, drainage, street, and highway sweeping and street and highway lighting, the Board of Supervisors has caused to be prepared a written report which shall contain a description of each parcel of real property receiving extended sewer and water service in the El Macero County Service Area and the amount of charge for each parcel for the year 1978-79 computed in conformity with the procedure set forth in Chapter 8 of Title 3 of the Yolo County Code, as amended on the 3rd day of October, 1978; and

WHEREAS, such report has been filed with the Clerk of this Board; and

WHEREAS, upon the filing of such report, the Clerk fixed the time, date and place for hearing thereon and for filing objections or protests thereto and caused to be published notice of such hearing as provided in Government Code Section 6066, prior to the date set for hearing, in a newspaper of general circulation printed and published in the County; and

WHEREAS, at the time, date, and place stated in the notice this Board of Supervisors heard and considered all objections and protests to the report; and

WHEREAS, this Board of Supervisors now desires to make its determination upon each charge as described in the report and to confirm that report;

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the Board of Supervisors of the County of Yolo as follows:

1. Each of the foregoing recitals is true and correct.

2. This Board of Supervisors hereby adopts the El Macero County Service Area 1978-79 report of Extended Miscellaneous charges on file with the Clerk of this Board and attached hereto as Exhibit "A", which Exhibit "A" is hereby incorporated by reference as if set forth at length herein, and this Board of Supervisors hereby confirms that report and the description of each parcel of real property set forth therein and the amount of the charge specified for each parcel for such year.

3. IT IS HEREBY FOUND that each parcel set forth in said report is a parcel lying within the El Macero County Service Area for which extended services are available and that each such parcel is a parcel of real property receiving said services in El Macero County Service Area.

4. IT IS ORDERED that the charges set forth in said report of service charges as confirmed herein shall be collected at the same time and in the same manner as ordinary County Ad Valorem Property Taxes are collected and as provided in Chapter 8 of Title 3 of the Yolo County Code, as amended on the 3rd day of October, 1978.

5. The Clerk is hereby ordered to forward a certified copy of this resolution to the Auditor-Controller and the Treasurer-

RESOLUTION NO. 78-170

(Authorized Position Resolution of the County of Yolo)

WHEREAS, the Board of Supervisors of the County of Yolo is authorized to prescribe the number and classification of positions of officers and employees authorized in the various departments of the County; and

WHEREAS, the Board desires to do so;

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows:

ARTICLE 1. GENERAL.

Section 101. Title.

This Resolution shall be known as the Authorized Position Resolution of the County of Yolo.

Section 102. Number of Authorized Positions in the Various County Departments.

The number and classification of positions of deputies, assistants, and employees authorized for each department of the County of Yolo are as provided in this Resolution.

No officer or department head shall hire regular employees in excess of the number of positions authorized for that department.

Section 103. Position Status.

When an abbreviation for position status accompanies a designation of authorized positions, regular or limited term appointments shall be made only in accordance with the position status indicated by the abbreviation. The abbreviations are as follows:

TERMS AND CONDITIONS

(A) THE DONEE CERTIFIES THAT:

(1) It is a public agency; or a nonprofit educational or public health institution or organization, exempt from taxation under Section 501 of the Internal Revenue Code of 1954; within the meaning of Section 203(j) of the Federal Property and Administrative Services Act of 1949, as amended, and the regulations of the Administrator of General Services.

(2) If a public agency, the property is needed and will be used by the recipient for carrying out or promoting for the residents of a given political area one or more public purposes, or, if a nonprofit tax-exempt institution or organization, the property is needed for and will be used by the recipient for educational or public health purposes, and including research for such purpose. The property is not being acquired for any other use or purpose, or for sale or other distribution; or for permanent use outside the state, except with prior approval of the state agency.

(3) Funds are available to pay all costs and charges incident to donation.

(4) This transaction shall be subject to the nondiscrimination regulations governing the donation of surplus personal property issued under Title VI of the Civil Rights Act of 1964, Title VI, Section 606, of the Federal Property and Administrative Services Act of 1949, as amended, and Section 504 of the Rehabilitation Act of 1973, as amended.

(B) THE DONEE AGREES TO THE FOLLOWING FEDERAL CONDITIONS:

(1) All items of property shall be placed in use for the purpose(s) for which acquired within one year of receipt and shall be continued in use for such purpose(s) for one year from the date the property was placed in use. In the event the property is not so placed in use, or continued in use, the donee shall immediately notify the state agency and, at the donee's expense, return such property to the state agency, or otherwise make the property available for transfer or other disposal by the state agency, provided the property is still usable as determined by the state agency.

(2) Such special handling or use limitations as are imposed by General Services Administration (GSA) on any item(s) of property listed hereon.

(3) In the event the property is not so used or handled as required by (B)(1) and (2), title and right to the possession of such property shall at the option of GSA revert to the United States of America and upon demand the donee shall release such property to such person as GSA or its designee shall direct.

(C) THE DONEE AGREES TO THE FOLLOWING CONDITIONS IMPOSED BY THE STATE AGENCY, APPLICABLE TO ITEMS WITH A UNIT ACQUISITION COST OF $3,000 OR MORE AND PASSENGER MOTOR VEHICLES, REGARDLESS OF ACQUISITION COST, EXCEPT VESSELS 50 FEET OR MORE IN LENGTH AND AIRCRAFT:

(1) The property shall be used only for the purpose(s) for which acquired and for no other purpose(s).

(2) There shall be a period of restriction which will expire after such property has been used for the purpose(s) for which acquired for a period of 18 months from the date the property is placed in use, except for such items of major equipment, listed hereon, on which the state agency designates a further period of restriction.

(3) In the event the property is not so used as required by (C)(1) and (2) and federal restrictions (B)(1) and (2) have expired then title and right to the possession of such property shall at the option of the state agency revert to the State of California and the donee shall release such property to such person as the state agency shall direct.

(D) THE DONEE AGREES TO THE FOLLOWING TERMS, RESERVATIONS, AND RESTRICTIONS:

(1) From the date it receives the property listed hereon and through the period(s) of time the conditions imposed by (B) and (C) above remain in effect, the donee shall not sell, trade, lease, lend, bail, cannibalize, encumber, or otherwise dispose of such property, or remove it permanently, for use outside the state, without the prior approval of GSA under (B) or the state agency under (C). The proceeds from any sale, trade, lease, loan, bailment, encumbrance, or other disposal of the property, when such action is authorized by GSA or by the state agency, shall be remitted promptly by the donee to GSA or the state agency, as the case may be.

(2) In the event any of the property listed hereon is sold, traded, leased, loaned, bailed, cannibalized, encumbered, or otherwise disposed of by the donee from the date it receives the property through the period(s) of time the conditions imposed by (B) and (C) remain in effect, without the prior approval of GSA or the state agency, the donee, at the option of GSA or the state agency, shall pay to GSA or the state agency, as the case may be, the proceeds of the disposal or the fair market value or the fair rental value of the property at the time of such disposal, as determined by GSA or the state agency.

(3) If at any time, from the date it receives the property through the period(s) of time the conditions imposed by (B) and (C) remain in effect, any of the property listed hereon is no longer suitable, usable, or further needed by the donee for the purpose(s) for which acquired, the donee shall promptly notify the state agency, and shall, as directed by the state agency, return the property to the state agency, release the property to another donee or another state agency or a department or agency of the United States, sell, or otherwise dispose of the property. The proceeds from any sale shall be remitted promptly by the donee to the state agency.

(4) The donee shall make reports to the state agency on the use, condition, and location of the property listed hereon, and on other pertinent matters as may be required from time to time by the state agency.

(5) At the option of the state agency, the donee may abrogate the conditions set forth in (C) and the terms, reservations, and restrictions pertinent thereto in (D) by payment of an amount as determined by the state agency.

(E) THE DONEE AGREES TO THE FOLLOWING CONDITIONS, APPLICABLE TO ALL ITEMS OF PROPERTY LISTED HEREON:

(1) The property acquired by the donee is on an "as is," "where is" basis, without warranty of any kind.

(2) Where a donee carries insurance against damages to or loss of property due to fire or other hazards and where loss of or damage to donated property with unexpired terms, conditions, reservations, or restrictions occurs, the state agency will be entitled to reimbursement from the donee out of the insurance proceeds, of an amount equal to the unamortized portion of the fair value of the damaged or destroyed donated items.

(F) TERMS AND CONDITIONS APPLICABLE TO THE DONATION OF AIRCRAFT AND VESSELS (50 FEET OR MORE IN LENGTH) HAVING AN ACQUISITION COST OF $3,000 OR MORE, REGARDLESS OF THE PURPOSE FOR WHICH ACQUIRED:

The donation shall be subject to the terms, conditions, reservations, and restrictions set forth in the Conditional Transfer Document executed by the authorized donee representative.

RESOLUTION NO. 78-173

(Resolution of Acceptance for Subdivision No. 2782 Westwoods Unit No. 1B)

WHEREAS, the final subdivision map for Subdivision No. 2782 Unit No. 1B has been presented to the Board of Supervisors for approval and acceptance; and

WHEREAS, said map has been signed by all necessary parties; and

WHEREAS, the Yolo County Planning Commission previously considered and approved an Environmental Impact Report for the Touchstone Project which discussed the environmental impact of this Project and other Projects proposed in the Southport area of East Yolo; and said Planning Commission has determined that no subsequent EIR need be prepared, pursuant to Title 14, Section 15067 of the California Administrative Code and said environmental impact report demonstrates that the proposed project will have a significant effect on the environment and has been presented to and considered by this Board; and

WHEREAS, the Yolo County Planning Commission approved the tentative map of Subdivision No. 2782 on May 17, 1978; and

WHEREAS, the improvements have been assured and the map in all respects complies with the provisions of the State Subdivision Map Act and of the local ordinances.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows:

(1) This Board, after consideration of the Environmental Impact Report previously filed upon this proposed project and the project area, hereby adopts and approves the final Environmental Impact Report, and finds that said final EIR has been completed in compliance with the California Environmental Quality Act and State Guidelines, and finds that the project will have a significant effect upon the environment.

The subdivision will be constructed on agricultural land which currently is in production, and use of said agricultural land for the purposes of residential construction will result in a significant effect on the environment. However, this Board hereby finds that the following factors warrant approval of the Project, notwithstanding said significant effect:

This project is a portion of a previously approved project, within which development began early in 1972.

The project as now submitted will be built to a lower density than originally addressed in the previously approved Environmental Impact Report. All improvements within the project area will be installed in accordance with the standards and specifications of Yolo County. The land to be used for this subdivision is currently designated for residential purposes and is zoned consistently therewith. Said land is situated within the boundaries of the East Yolo Community Services District which provides the area with sewer and other miscellaneous services, and a condition of approval of said subdivision is connection to and improvement of said services. Failure to use land that is currently designated for residential uses will result in increased pressures to develop for housing purposes land that is designated for agricultural purposes in the area.

The Environmental Impact Report on said project identifies several mitigation measures, which are hereby found by this Board to be appropriate and feasible, and ordered by this Board to be incorporated into said project: (2) this Board hereby finds that the proposed subdivision, together with the provisions for its design and improvement, is consistent with general plan adopted for the East Yolo area of the County of Yolo, (3) this Board hereby approves said map for Subdivision No. 2782, Westwoods 1-B. (4) this Board hereby accepts on behalf of the public the easements and rights of ways, and Bikeway easements, all as

provided for and indicated on said final map (5) This Board hereby accepts on Behalf of the Public Lot A and Lot B for Public Utility purposes and for Bikeway access easements all as delineated and indicated on said Final Map.

BE IT FURTHER RESOLVED (1) that this Board approved Agreement No. 78-339, the Subdivision Improvement Agreement for said Subdivision No. 2782, Westwoods Unit No. 1B and authorized the Chairman of the Board to sign said agreement. (2) The Clerk of this Board hereby is authorized and directed to file a Notice of Determination upon the proposed porject; said notice shall include the decision of this Board to approve the project, and the finding of this Board that the proposed project will have a significant effect upon the environment. Said notice also shall include the statement of overriding consideration set forth hereinabove, and the mitigation measures incorporated into the project as stated hereinabove. Said Notice also shall include the statement that the Environmental Impact Report considered and approved by this Board is the Touchstone EIR previously adopted by the Planning Commission, which discussed this Project and others in the East Yolo Area, and no subsequent Environmental Impact Report is required, pursuant to Title 14, Section 15067 of the California Administrative Code, and EIR has been prepared

NOTICE OF DETERMINATION

NO. 78-35

NOTICE IS HEREBY GIVEN pursuant to Public Resources Code § 21152 and Yolo County Code § 10-1.910 that the County of Yolo acting by its decision-making officer or body has made the following determination whether to approve or disapprove a project as follows:

1. The decision-making officer or body is The Board of Supervisors of the County of Yolo, State of California.

2. The project is described as follows: This subdivision is the second unit, containing 125 Lots of a Proposed 766 lot Subdivision, designated for single family homes. The Project is bordered on the South by Linden Road and the Reclamation District main Canal, on the North and West. The previously approved Larchmont Summerfield Unit No. 1-A is located adjacent to this Project on the South, just West of the Touchstone Subdivision in the East Yolo area. The tentative map for Subdivision No. 2782 was approved by the Yolo County Planning Commission May 17, 1978, and all conditions of approval have been complied with. The Board of Supervisors found that the following factors warrant approval of the Project, notwithstanding said significant effect: The project is a portion of a previously approved project, within which development began early in 1972. The project as now submitted will be built to a lower density than originally addressed in the previously approved Environmental Impact Report. All improvements within the project area will be installed in accordance with the standards and specifications of Yolo County. Said land is situated within the boundaries of the East Yolo Community Services District which provides the area with sewer and other miscellaneous services, and a condition of approval of said subdivision is connection to and improvement of said services. Failure to use land that is currently designated for residential uses will result in increased pressures to develop for housing purposes land that is designated for agricultural purposes in the area. The EIR on said project identifies several mitigation measures, which are hereby found by this Board to be appropriate and feasible, and ordered by this Board to be incorporated into said project: This Board hereby finds that the proposed subdivision, together with the provisions for its design and improvement, is consistent with general plan adopted for the East Yolo area of the County of Yolo; This Board hereby approves said map for Subdivision No. 2782, Westwoods 1-B; This Board hereby accepts on behalf of the public the easements and rights of ways, and Bikeway easements, all as provided for and indicated on said final map and This Board hereby accepts on behalf of the Public Lot A and Lot B for Public Utility purposes and for Bikeway access easements all as delineated and indicated on said Final Map. The Board approved Agreement No. 78-339 the Subdivision Improvement Agreement for said Subdivision No. 2782, Westwoods Unit No. 1B and authorized the Chairman of the Board to sign said Agreement, and Resolution No. 78-173, accepting Subdivision No. 2782 on November 14, 1978. The EIR considered and approved by this Board is in the Touchstone EIR previously adopted by the Planning Commission, which discussed this Project and others in the East Yolo Area, and no subse-

quest EIR is required, pursuant to Title 14, Section 15067 of the California Administrative Code.

3. The project was approved on November 14, 1978.

4. The project will have a significant effect on the environment.

5. An Environmental Impact Report has been prepared pursuant to the provisions of the California Environmental Quality Act and State Guideline adopted pursuant thereto.

(Resolution Levying and Fixing Supplemental Tax Rates for the 1978-79 Fiscal Year)

WHEREAS, the provisions of Title I, Division 1, Chapter 2, Articles 1 and 2 (Sections 14200 et seq. and 14220 et seq.) of the Education Code of the State of California state that the Board of Supervisors of each County shall annually, at the time and in the manner of levying county taxes, levy and cause to be collected a district tax for each school year whose budget shows the district tax to be necessary; and

WHEREAS, said rate of taxation shall be sufficient to meet all expenses of the district as shown by the estimate of the County Superintendent of Schools; and

WHEREAS, the budget adopted by the Davis Joint Unified School District for the fiscal year 1978-79 shows a district tax to be necessary in the amount of 57.3¢ per Hundred Dollars of assessed valuation for the construction and lease-purchase of the Emerson School Project; and

WHEREAS, said tax was not levied by the Board of Supervisors at the time and in the manner of levying County taxes; and

WHEREAS, the levy of said rates would provide revenue to the District in the amount of $1,029,622, which amount is needed by the District for the 1978-79 fiscal year to finance the voter-approved construction of the Emerson School Project, which project has already been initiated; and

WHEREAS, the levy and collection of said taxes may be

(Resolution Ordering Elimination of Certain County Positions for Lack of Funds and/or Lack of Work and Directing the County Administrative Officer to Notify Employees of Layoff)

WHEREAS, the Jarvis-Gann initiative, a State constitutional amendment, Proposition 13 on the June 6, 1978, ballot was approved by the voters on June 6, 1978; and

WHEREAS, said constitutional amendment places a limit on the taxing powers of the County of Yolo and reduces the work to be performed by the Assessor; and

WHEREAS, said limit results in a reduction in the funds available to the County of Yolo to provide services; and

WHEREAS, said reduction in funds creates a lack of funds for the County of Yolo to maintain existing services and to pay existing employees.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND as follows:

1. That each and all of the foregoing recitals are true and correct.

2. That because of lack of funds and/or lack of work certain services now being provided by the County Assessor shall be reduced or discontinued by eliminating the following positions:

ASSESSOR:

Assessor.

1	Assistant Assessor
2	Auditor-Appraiser II/I
5	Appraiser I
1	Senior Cadastral Draftsperson
2	Assessment Clerk I or Typist Clerk II

3. That as of the end of the day on the 1st day of January, 1979, eleven

NOTICE OF DETERMINATION
NO. 78-36

NOTICE IS HEREBY GIVEN pursuant to Public Resources Code Section 21152 and Yolo County Code Section 10-1.910 that the County of Yolo acting by its decision-making officer or body has made the following determination whether to approve or disapprove a project as follows:

1. The decision-making officer or body is the Board of Supervisors of the County of Yolo, State of California.

2. The project is described as follows: Parcel Map No. 2809 which creates two parcels from an existing 29.14 Parcel in the Agricultural General (A-1) Zone, located on the northeast corner of State Route 16 and Yolo Street in Esparto. The Esparto General Plan shows that the smaller Parcel containing 2.87 acres is designated for commercial usage and the larger Parcel containing 26.27 acres is designated for low density residential usage. The Tentative Map for his land division was approved by the Yolo County Planning Commission on July 8, 1978. The Board of Supervisors accepted Parcel Map No. 2809 for Elinor Parker on December 5, 1978, by Resolution No. 78-179, which found that the proposed subdivision together with the provisions for its design and improvements, is consistent with general plan adopted for the County of Yolo.

3. The project was approved on December 5, 1978.

4. The project will not have a significant effect on the environment.

5. An environmental impact report has not been prepared pursuant to the provisions of the California Environmental Quality Act.

Dated: December 18, 1978.

NEGATIVE DECLARATION

OF ENVIRONMENTAL SIGNIFICANCE

No. 78-25

The Yolo County Planning Commission has reviewed all available information on the environmental effect of the project described as request for variance to divide an existing 30 acre area into a 27.07 acre parcel and a 2.93 acre parcel containing an existing house with an 85 foot setback located on the northeast corner of State Route 16 and Yolo Avenue, Esparto, in the Agricultural General (A-1) Zone. Assessor's Parcel Nos. 49-160-03 and 04. Zone File #2854

The Planning Commission has determined that:

1. The project described is one that would ordinarily be expected to have a significant effect on the environment, and

2. The project will have no significant adverse effect on the environment due to circumstances peculiar to the specific project.

An Environmental Impact Report will not be required.

Said determination was made at a Public Hearing held on April 5, 1978 in compliance with the California Environmental Quality Act and Title 10 of the Yolo County Code. Appeals from this determination may be made within fifteen (15) days of said action by filing a letter of appeal with the Clerk of the Board of Supervisors as prescribed for appeals from decisions of the Board of Zoning Adjustment.

Zone File No. 2854
Elinor Parker, Applicant-Owner
Assessor's Parcels Nos. 49-16-03
and 49-16-04
HEARING DATE: April 5, 1978

The applicant requests a variance to establish the right to create a 2.9 acre parcel and a 26.5 acre parcel in the Agricultural General (A-1) Zone, and to allow a 85 foot front setback on an existing house. This request covers a parcel of 29.6 total acres located in Esparto, adjacent to the northeast corner of State Route 16 and Yolo Avenue. The site currently contains an orchard and a home. Adjacent land uses include the town and residences to the north, a CalTrans maintenance station to the west, and cultivated land to the south and east.

The staff finds that a Negative Declaration is appropriate for the following reasons:

1. This request does not alter the current zoning.

2. The General Plan, to which this request conforms, was previously analyzed in an EIR.

A copy of the Initial Statement is on file in the office of the Yolo County Planning Department, located at 292 West Beamer Street, Woodland, CA.

(Resolution of Acceptance for Parcel Map No. 2800 for Robert Gillett)

WHEREAS, the final tracing for Parcel Map No. 2800 has been prepared and presented to the Board of Supervisors for approval; and

WHEREAS, the Yolo County Planning Commission previously considered and approved an Environmental Impact Report for the Monument Hills Area which discussed the environmental impact of this Project and other Projects proposed in the Hillcrest area of Yolo County; and said Planning Commission has determined that no subsequent EIR need be prepared, pursuant to Title 14, Section 15067 of the California Administrative Code and said environmental impact report demonstrates that the proposed project will have a significant effect on the environment and has been presented to and considered by this Board; and

WHEREAS, the tentative map for Parcel Map No. 2800 has been approved by said Planning Commission; and

WHEREAS, said map contemplates creation of two parcels in the Agricultural General (A-1) Zone, of Yolo County; and

WHEREAS, the final tracing of said Parcel Map has been signed by all necessary parties, pursuant to the provisions of the Government Code of the State of California; and

WHEREAS, said map in all respects complies with the provisions of the State Subdivision Map Act and of the Local Ordinances.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows: (1) Each of the foregoing recitals is true and correct; (2) This Board, after consideration of the Environmental Impact Report previously filed upon this proposed project and the project area, hereby adopts and approves the final Environmental Impact Report, and finds

that said final EIR has been completed in compliance with the California Environmental Quality Act and State Guidelines, and finds that the project will have a significant effect upon the environment. The land being divided is agricultural land which is currently in production, and use of said land for residential purposes will result in a significant effect on the environment. However, this Board hereby finds that the following factors warrant approval of this project, notwithstanding said significant effect.

The project as submitted provides for the construction of one single family home on each parcel of this land division. The parcels created are in excess of 20 acres. Therefore, the construction of one single family home on each of the two 20 acre parcels will not significantly detract from the agricultural capabilities of said land, due to the fact that the residential structures will be built on that part of each parcel that is identified as marginal agricultural land in the previously addressed Monument Hills Area Environmental Impact Report.

The Environmental Impact Report on said project identifies several mitigation measures, which are hereby found by this Board to be appropriate and feasible, and ordered by this Board to be incorporated into said project: (3) this Board hereby finds that the proposed subdivision, together with the provisions for its design and improvement, is consistent with general plan adopted for the County of Yolo, (4) this Board hereby approves Parcel Map No. 2800 as submitted and instructs the Clerk to prepare said map for transmittal to the County Recorder for filing.

BE IT FURTHER RESOLVED (1) The Clerk of the Board hereby is authorized and directed to file a Notice of Determination upon the proposed project; said notice shall include the decision of this Board to approve the project, and the finding of this

Board that the proposed project will have a significant effect upon the environment. Said notice also shall include the statement of overriding consideration set forth hereinabove, and the mitigation measures incorporated into the project as stated hereinabove. Said Notice also shall include the statement that the Environmental Impact Report considered and approved by this Board is the MONUMENT HILLS EIR previously adopted by the Planning Commission which discussed this project and others in the MONUMENT HILLS area, and no subsequent Enviornmental Impact Report is required pursuant to Title 14, Section 15067 of the California Administrative Code, and EIR has been prepared pursuant to and is consistent with the California Environmental Quality Act and State Guideline adopted pursuant thereto.

NOTICE OF DETERMINATION
NO. 78-37

NOTICE IS HEREBY GIVEN pursuant to Public Resources Code Section 21152 and Yolo County Code Section 10-1.910 that the County of Yolo acting by its decision-making officer or body has made the following determination whether to approve or disapprove a project as follows:

1. The decision-making officer or body is the Board of Supervisors of the County of Yolo, State of California.

2. The project is described as follows: Parcel Map No. 2800 creates two parcels of 20.37 acres each from an existing 40.74 acre parcel in the Agricultural General Zone of Yolo County. The project is located on the southwest corner of the intersection of County Roads 24 and 95, and required dedication of additional right of way on both roads, as a condition of approval. The additional road right of way has been dedicated and noted on the Parcel Map. Therefore, all conditions of approval have been complied with. The Tentative Map for this land division was approved by the Yolo County Planning Commission on July 8, 1978. The Yolo County Board of Supervisors accepted Parcel Map No. 2800 for Robert Gillett on December 12, 1978. The Board found that the following factors warrant approval of this project, notwithstanding said significant effect. The project as submitted provides for the construction of one single family home on each parcel of this land division. The parcels created are in excess of 20 acres. Therefore, the construction of one single family home on each of the two 20 acre parcels will not significantly detract from the agricultural capabilities of said land, due to the fact that the residential structures will be built on that part of each parcel that is identified as marginal agricultural land in the previously addressed Monument Hills Area Environmental Impact Report. 3. The project was approved on December 12, 1978.

4. The project will have a significant effect on the environment.

5. The Environmental Impact Report considered and approved by this Board is the MONUMENT HILLS EIR previously adopted by the

Planning Commission which discussed this project and others in the MONUMENT HILLS area, and no subsequent Environmental Impact Report is required pursuant to Title 14, Section 15067 of the California Administrative Code, and EIR has been prepared pursuant to and is consistent with the California Environmental Quality Act and State Guideline adopted pursuant thereto.

of office.

6. Membership: Quorum.

A majority of the members of the MAPC shall constitute a quorum for the transaction of business by the MAPC.

7. Staff.

The MAPC, inclusive of its subcommittees, will receive professional, technical, and clerical staff support from the Prime Sponsor staff. The Manpower Administrator of the Prime Sponsor shall appoint appropriate liaison personnel to provide the staff support.

8. Meetings.

The MAPC shall meet at least ten times annually at such times and places as shall be determined by rule adopted by the MAPC. Special meetings may be called by the Chairman or in the absence of the Chairman, by the Vice-chairman, or any two (2) members upon giving to each member not less than twenty-four (24) hours' notice by mail.

9. Conflict of Interest.

No member of the MAPC shall cast a vote on any matter under deliberation by the Council which has direct bearing on services to be provided by that member or any organization with which that member is associated.

10. Absences.

Any member of the MAPC who is absent from any three consecutive regular meetings of the MAPC within one year shall vacate his or her membership on the Council upon a determination by the

RESOLUTION NO. 78-184

(Resolution Establishing and/or Enlarging an Agricultural Preserve, finding Land to be Included in Contracts Not to Lie Within One Mile of City, and Authorizing Execution of Land Use Contracts)

WHEREAS, it is the policy of the County of Yolo to maintain its agricultural economy and prevent unnecessary and premature conversion of land in agricultural use by utilizing the California Land Conservation Act of 1965; and

WHEREAS, the Board of Supervisors finds it can best achieve the County's policy by establishing agricultural preserves and by signing and becoming a party to Land Use Contracts as authorized by said Act; and

WHEREAS, an application has been filed with the Planning Department of the County of Yolo requesting to establish or enlarge the Agricultural Preserve set forth in Attachment No. 1 attached hereto which is incorporated by reference herein so as to include the territory described in Exhibit "A" attached hereto which is incorporated by reference herein; and

WHEREAS, said application contains the matter required by law and the procedural rules established by this Board of Supervisors; and

WHEREAS, the Planning Department has filed with this Board of Supervisors its report upon the application as to the conformance with the Yolo County General Plan and as to the satisfaction of the conditions for establishment or enlargement of an agricultural preserve; and

WHEREAS, the Planning Commission has held a public hearing upon the application after giving notice in the manner required by the procedural rules established by this Board; and

WHEREAS, at the conclusion of the hearing, the Planning Commission, by resolution, made its recommendation upon the application; and

BOOK 1354 PAGE 91

WHEREAS, the Planning Commission resolution has been filed with the Clerk of this Board and the Clerk of this Board has given notice in the manner required by law, and the procedural rules adopted by this Board; and

WHEREAS, at the time and place set forth in the said notice a public hearing was held by this Board of Supervisors; and

WHEREAS, the owners of real property set forth in said Exhibit "A" have offered to enter into Land Use Contracts of even date with this Resolution and making reference hereto, as authorized by said Conservation Act, which Contracts impose enforceable restrictions on the therein described real property which is located in said Agricultural Preserve and known as the Assessor's Parcels as set forth in said Exhibit "A"; and

WHEREAS, the Board of Supervisors has heard and considered discussion on the restrictions, terms and conditions of the Contracts; and

WHEREAS, in the judgment of this Board of Supervisors, it is in the interest of the County of Yolo to do so.

NOW, THEREFORE, BE IT RESOLVED, ORDERED, AND FOUND by the Board of Supervisors of the County of Yolo as follows:

1. Each of the foregoing recitals is true and correct.

2. The action taken by this Resolution is in conformance with the Yolo County General Plan.

3. The agricultural preserve which includes the territory described in said Exhibit "A" consists of no less than 160 acres.

4. The territory described in said Exhibit "A"

   (a) is designated for agricultural use in the Yolo County General Plan;

   (b) does not include any parcel less then twenty (20) acres in area;

   (c) is predominantly Class I, II, or III soils, or

BOOK 1354 PAGE 92

satisfies the purpose of the agricultural preserve in the following ways:

(1) tends to maintain the agricultural economy; and

(2) tends to prevent premature or unnecessary conversion from agriculture; and

(3) tends to assist in the preservation of prime lands; and

(4) to preserve lands with public value as open space.

5. Said Agricultural Preserves are hereby declared established or enlarged to include the territory described in said Exhibit "A", for the purpose of defining the boundaries of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserves is attached hereto marked Exhibit "B" which is incorporated by reference.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to the California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with §51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by Con-

BOOK 1614 PAGE 93

tract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California Legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract, such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract and any and all renewals thereof, the subject property shall not be used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code §51231 or §51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to to and/or delete from said permissable uses of the subject property. If any use otherwise permissable hereunder is not permissable under any planning or zoning restrictions now or hereafter applicable to any

of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person or whenever there is any such action or acquisition by the Federal government or any person, instrumentality, or agency acting under authority or power of the Federal government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

Whenever such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null and void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interest be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the Contract by the Board of Supervisors of the County of Yolo, and shall terminate on the last day of February of the tenth (10th) year thereafter. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the Contract a year shall be automatically added to the term unless notice of non-renewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, the Board of Superivsors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof

BOOK 1334 PAGE 96

although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contract without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with §421) of Chapter 3 of Part 2 of Divison 1 of the Revenue and Taxation Code. To be substantially similar, it is hereby agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the

BOOK 1354 PAGE 97

information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall affect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section SEVENTH of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or in part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a Land Use Contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which

BOOK 1354 PAGE 98

the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of contractural restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to §401 of the Revenue and Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the Contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced County ratio of assessed value to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic re-

turn to OWNER for a period of time not to exceed the unexpired term of the Contract had it not been cancelled provided

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land, and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code §51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certification which shall set forth the name of the owner of such land at the time the Contract was cancelled with the amount of the cancellation fee certified by the Board of Supervisors as being due pursuant to this section, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extent the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned

BOOK 1354 PAGE 100

by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect, and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue & Taxation Code any payments required by this section shall not create nor impose a lien or charge on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to §6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon the Board of Supervisors.

BOOK 1354 PAGE 101

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs, successors, and assigns of the OWNER and COUNTY.

8. The uses determined by COUNTY to be agricultural uses and uses compatible with the agricultural use of the land within the preserve and subject to contract are as follows:

A. Agricultural Uses:

1. Agriculture, including any customary agricultural buildings and structures and such uses as, but not limited to, livestock ranges, animal husbandry, field crops, fallow, withdrawal from production pursuant to Federal agricultural programs such as, but not limited to, that authorized by the Crop and Adjustment Act, tree crops, nurseries and greenhouses together with all necessary

equipment and facilities for support and maintenance of the operation.

2. Animal feed yards when more than 1,000 feet from any existing dwelling.

3. Hog farms.

B. Compatible Uses:

1. Ranch and farm dwellings appurtenant to a principal agricultural use when located on a parcel containing at least twenty (20) acres.

2. Drilling and operation of oil and gas wells.

3. Electrical distribution substations.

4. Public parks and recreation areas.

5. Publicly owned facilities incident to the supply of essential services by a public entity such as waste water treatment ponds, sewerage facilities, and pump stations, water stations and solid waste disposal sites.

6. Living quarters of persons employed on the premises and relatives of the property owner or lessee; but not including labor camps.

7. Mobile homes may be used as living quarters when they are located on land used for agricultural use, provided that there may not be more than one mobile home for each ten (10) acres of total site area.

8. Temporary shelters for herdsmen including mobile homes, wagons, tents, and the like.

9. Guest houses, not rented or otherwise conducted as a business.

10. Home occupations.

11. Offices incidental and necessary to the con-

BOOK 1354 PAGE 103

duct of a principal permitted use.

12. Private garages, private parking areas, and private stables.

13. Roadside stands for the sale of agricultural products primarily grown in the local area.

14. Name plates and signs appurtenant to any permitted use, including, but not limited to, temporary real estate signs advertising the sale, rental, or lease of the premises upon which the sign is located.

15. Temporary landing strips appurtenant to a principal permitted use.

16. Other accessory uses and buildings customarily appurtenant to a permitted use; including, but not limited to, almond hulling, fruit, grain and bean storage and drying when such products are primarily produced on the premises.

17. Any customary agricultural building, structure or dwelling appurtenant to an agricultural use no longer necessary for the operation of the principal use may be rented or leased for similar use.

18. Public and private hunting clubs with no permanent buildings.

19. The erection, construction, alteration, or maintenance of gas, electric, water or communication utility facilities.

20. Public and private hunting clubs with permanent buildings.

21. Agricultural labor camps.

22. Dwelling yard area when necessary to transform an irregularly shaped parcel occupied by a non-

BOOK 1354 PAGE 104

farm dwelling into an approximately rectangular shaped parcel and where there is no decrease in adaptability to agriculture for both the land used as dwelling yard area and the remaining land in the same agricultural preserve.

23. The extraction of gravel incidental to creek bank protection and erosion prevention consisting of channelization where found by the Planning Commission or the Board of Supervisors to constitute an accessory use under the zoning regulations of the County of Yolo or where pursuant to a use permit granted under said zoning regulations.

9, Said Land Use Contracts constitute an enforceable restriction within the meaning of and for the purposes of Article XXVIII of the State Constitution and Article 1.5 (commencing with §421) of Chapter 3 of Part 2 of Division 1 of the Revenue & Taxation Code.

10. No portion of the land included in said applications and said contracts lies within one mile of any incorporated city in this County.

11. The County shall become a party to said Land Use Contracts and the Chairman of this Board is hereby authorized to execute said Contracts.

12. The Clerk of the Board of Supervisors is directed to file certified copies of this resolution with the County Recorder and State Director of Agriculture and to record said Land Use Contracts with the County Recorder.

RESOLUTION NO. 78-185

(Resolution Establishing and/or Enlarging an Agricultural Preserve, finding Land to be Included in Contracts to Lie Within One Mile of City, and Authorizing Execution of Land Use Contracts)

WHEREAS, it is the policy of the County of Yolo to maintain its agricultural economy and prevent unnecessary and premature conversion of land in agricultural use by utilizing the California Land Conservation Act of 1965; and

WHEREAS, the Board of Supervisors finds it can best achieve the County's policy by establishing agricultural preserves and by signing and becoming a party to Land Use Contracts as authorized by said Act; and

WHEREAS, an application has been filed with the Planning Department of the County of Yolo requesting to establish or enlarge the Agricultural Preserve set forth in Attachment No. 1 attached hereto which is incorporated by reference herein so as to include the territory described in Exhibit "A" attached hereto which is incorporated by reference herein; and

WHEREAS, said application contains the matter required by law and the procedural rules established by this Board of Supervisors; and

WHEREAS, the Planning Department has filed with this Board of Supervisors its report upon the application as to the conformance with the Yolo County General Plan and as to the satisfaction of the conditions for establishment or enlargement of an agricultural preserve; and

WHEREAS, the Planning Commission has held a public hearing upon the application after giving notice in the manner required by the procedural rules established by this Board; and

WHEREAS, at the conclusion of the hearing, the Planning Commission, by resolution, made its recommendation upon the application; and

WHEREAS, the Planning Commission resolution has been filed with the Clerk of this Board and the Clerk of this Board has given notice in the manner required by law, and the procedural rules adopted by this Board; and

WHEREAS, at the time and place set forth in the said notice a public hearing was held by this Board of Supervisors; and

WHEREAS, the owners of real property set forth in said Exhibit "A" have offered to enter into Land Use Contracts of even date with this Resolution and making reference hereto, as authorized by said Conservation Act, which Contracts impose enforceable restrictions on the therein described real property which is located in said Agricultural Preserve and known as the Assessor's Parcels as set forth in said Exhibit "A"; and

WHEREAS, the Board of Supervisors has heard and considered discussion on the restrictions, terms and conditions of the Contracts; and

WHEREAS, in the judgment of this Board of Supervisors, it is in the interest of the County of Yolo to do so.

NOW, THEREFORE, BE IT RESOLVED, ORDERED, AND FOUND by the Board of Supervisors of the County of Yolo as follows:

1. Each of the foregoing recitals is true and correct.
2. The action taken by this Resolution is in conformance with the Yolo County General Plan.
3. The agricultural preserve which includes the territory described in said Exhibit "A" consists of no less than 160 acres.
4. The territory described in said Exhibit "A"
   (a) is designated for agricultural use in the Yolo County General Plan;
   (b) does not include any parcel less then twenty (20) acres in area;
   (c) is predominantly Class I, II, or III soils, or

BOOK 1354 PAGE 129

satisfies the purpose of the agricultural preserve in the following ways:

(1) tends to maintain the agricultural economy; and

(2) tends to prevent premature or unnecessary conversion from agriculture; and

(3) tends to assist in the preservation of prime lands; and

(4) to preserve lands with public value as open space.

5. Said Agricultural Preserves are hereby declared established or enlarged to include the territory described in said Exhibit "A", for the purpose of defining the boundaries of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserves is attached hereto marked Exhibit "B" which is incorporated by reference.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to the California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with §51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by Con-

BOOK 1354 PAGE 120

tract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California Legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract, such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract and any and all renewals thereof, the subject property shall not be used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code §51231 or §51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to to and/or delete from said permissable uses of the subject property. If any use otherwise permissable hereunder is not permissable under any planning or zoning restrictions now or hereafter applicable to any

BOOK 1354 PAGE 131

of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person or whenever there is any such action or acquisition by the Federal government or any person, instrumentality, or agency acting under authority or power of the Federal government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

Whenever such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null and void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

BOOK 1354 PAGE 132

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interest be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the Contract by the Board of Supervisors of the County of Yolo, and shall terminate on the last day of February of the tenth (10th) year thereafter. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the Contract a year shall be automatically added to the term unless notice of non-renewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, the Board of Superivsors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof

BOOK 1354 PAGE 133

although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contract without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with §421) of Chapter 3 of Part 2 of Divison 1 of the Revenue and Taxation Code. To be substantially similar, it is hereby agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the

BOOK 1354 PAGE 134

information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall affect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section SEVENTH of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or in part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a Land Use Contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which

BOOK 1354 PAGE 135

the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of contractural restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to §401 of the Revenue and Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the Contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced County ratio of assessed value to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic re-

BOOK 1354 PAGE 136

turn to OWNER for a period of time not to exceed the unexpired term of the Contract had it not been cancelled provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land, and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code §51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certification which shall set forth the name of the owner of such land at the time the Contract was cancelled with the amount of the cancellation fee certified by the Board of Supervisors as being due pursuant to this section, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extent the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned

BOOK 1354 PAGE 137

by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect, and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue & Taxation Code any payments required by this section shall not create nor impose a lien or charge on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to §6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon the Board of Supervisors.

BOOK 1354 PAGE 138

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs, successors, and assigns of the OWNER and COUNTY.

8. The uses determined by COUNTY to be agricultural uses and uses compatible with the agricultural use of the land within the preserve and subject to contract are as follows:

A. Agricultural Uses:

1. Agriculture, including any customary agricultural buildings and structures and such uses as, but not limited to, livestock ranges, animal husbandry, field crops, fallow, withdrawal from production pursuant to Federal agricultural programs such as, but not limited to, that authorized by the Crop and Adjustment Act, tree crops, nurseries and greenhouses together with all necessary

equipment and facilities for support and maintenance of the operation.

2. Animal feed yards when more than 1,000 feet from any existing dwelling.

3. Hog farms.

B. Compatible Uses:

1. Ranch and farm dwellings appurtenant to a principal agricultural use when located on a parcel containing at least twenty (20) acres.

2. Drilling and operation of oil and gas wells.

3. Electrical distribution substations.

4. Public parks and recreation areas.

5. Publicly owned facilities incident to the supply of essential services by a public entity such as waste water treatment ponds, sewerage facilities, and pump stations, water stations and solid waste disposal sites.

6. Living quarters of persons employed on the premises and relatives of the property owner or lessee; but not including labor camps.

7. Mobile homes may be used as living quarters when they are located on land used for agricultural use, provided that there may not be more than one mobile home for each ten (10) acres of total site area.

8. Temporary shelters for herdsmen including mobile homes, wagons, tents, and the like.

9. Guest houses, not rented or otherwise conducted as a business.

10. Home occupations.

11. Offices incidental and necessary to the con-

BOOK 1354 PAGE 140

duct of a principal permitted use.

12. Private garages, private parking areas, and private stables.

13. Roadside stands for the sale of agricultural products primarily grown in the local area.

14. Name plates and signs appurtenant to any permitted use, including, but not limited to, temporary real estate signs advertising the sale, rental, or lease of the premises upon which the sign is located.

15. Temporary landing strips appurtenant to a principal permitted use.

16. Other accessory uses and buildings customarily appurtenant to a permitted use; including, but not limited to, almond hulling, fruit, grain and bean storage and drying when such products are primarily produced on the premises.

17. Any customary agricultural building, structure, or dwelling appurtenant to an agricultural use no longer necessary for the operation of the principal use may be rented or leased for similar use.

18. Public and private hunting clubs with no permanent buildings.

19. The erection, construction, alteration, or maintenance of gas, electric, water or communication utility facilities.

20. Public and private hunting clubs with permanent buildings.

21. Agricultural labor camps.

22. Dwelling yard area when necessary to transform an irregularly shaped parcel occupied by a non-

farm dwelling into an approximately rectangular shaped parcel and where there is no decrease in adaptability to agriculture for both the land used as dwelling yard area and the remaining land in the same agricultural preserve.

23. The extraction of gravel incidental to creek bank protection and erosion prevention consisting of channelization where found by the Planning Commission or the Board of Supervisors to constitute an accessory use under the zoning regulations of the County of Yolo or where pursuant to a use permit granted under said zoning regulations.

9. Said Land Use Contracts constitute an enforceable restriction within the meaning of and for the purposes of Article XXVIII of the State Constitution and Article 1.5 (commencing with §421) of Chapter 3 of Part 2 of Division 1 of the Revenue & Taxation Code.

10. A portion of the land included in said application and said Contracts is located within one mile of an incorporated city in this County, to wit: the City of Woodland.

11. The Clerk of this Board of Supervisors gave two weeks' written notice of hearing upon said application to include the parcels covered by said Contracts within a preserve to the City of Woodland.

12. The Clerk of this Board of Supervisors gave at least thirty (30) days' written notice that the Board of Supervisors intended to consider the execution of said Contracts to the City of Woodland.

13. No/A resolution protesting the execution of said Contracts has been filed with the County of Yolo by said City.

14. The County shall become a party to said Land Use Contracts and the Chairman of this Board is hereby auth-

orized to execute said Contracts.

12. The Clerk of the Board of Supervisors is directed to file certified copies of this resolution with the County Recorder and State Director of Agriculture and to record said Land Use Contracts with the County Recorder.

PASSED AND ADOPTED by the Board of Supervisors of the County of Yolo, State of California, this 12th day of December, 1978, by the following vote:

AYES: Duncan, Barton, Thompson, Marchand, Edmonds.

NOES: None.

NOTICE OF DETERMINATION

NO. 78-38

NOTICE IS HEREBY GIVEN pursuant to Public Resources Code Section 21152 and Yolo County Code Section 10-1.910 that the County of Yolo acting by its decision-making officer or body has made the following determination whether to approve or disapprove a project as follows:

1. The decision-making officer or body is the Board of Suprvisors of the County of Yolo, State of California.

2. The project is described as follows: Parcel Map No. 2834 which creates three parcels from an existing 67± acre parcel in the Agricultural General Zone of Yolo County. The Project is located on the Western edge of the City of Winters, with the primary line of division being the channel of Dry Creek, and a portion of the Southern Pacific Railroad Right of Way, which has been abandoned as an active railroad for many years. The Applicant for this division is presently negotiating with Southern Pacific for that portion of Right of Way that divides Parcels A and B on the map. When this transaction is completed the two parcels will merge into one 7.5 acre parcel. The Tentative Map for this land division was approved by the Yolo County Planning Commission on September 20, 1978. The Board of Supervisors accepted Parcel Map No. 2834 for E.L. Martin.

3. The project was approved on December 19, 1978.

4. The project will not have a significant effect on the environment.

5. No Environmental Impact Report has been prepared, pursuant to the California Environmental Quality Act.

Dated: January 11, 1979.

NEGATIVE DECLARATION

OF ENVIRONMENTAL SIGNIFICANCE

No. 78-22

The Yolo County Planning Commission has reviewed all available information on the environmental effect of the project described as request for tentative parcel map to divide 67± acres into 7.7± and 59.2± acre parcels located on the western edge of the City of Winters in the Agricultural General (A-1) Zone, with the proposed line of division following the channel of Dry Creek.
Assessor's Parcel Nos. 30-200-14 and 15 and 30-270-12, 13, and 14.
Tentative Parcel Map #2834

The Planning Commission has determined that:

1. The project described is one that would ordinarily be expected to have a significant effect on the environment, and

2. The project will have no significant adverse effect on the environment due to circumstances peculiar to the specific project.

An Environmental Impact Report will not be required.

Said determination was made at a Public Hearing held on September 20, 1978 in compliance with the California Environmental Quality Act and Title 10 of the Yolo County Code. Appeals from this determination may be made within fifteen (15) days of said action by filing a letter of appeal with the Clerk of the Board of Supervisors as prescribed for appeals from decisions of the Board of Zoning Adjustment.

Tentative Parcel Map #2834
HEARING DATE: September 20, 1978

This proposed division involving 67± acres of land in the Agricultural General (A-1) Zone west of Winters will result in the creation of a 7.7± acre parcel and a 59.2± acre parcel. The proposed line of division follows the channel of Dry Creek, and the two portions of property are not farmed as a unit due to the natural barrier created by the creek.

Review of the proposed split by staff has resulted in a determination that a Negative Declaration is appropriate for the following reasons:

1. The applicant has agreed to a written statement that the 7.7± acre parcel is not to be a residential building site, until such time as the property is annexed to the City of Winters and provided with the necessary utilities and services.

2. The two parcels are not farmed as a unit due to the natural barrier to such farming practices created by Dry Creek.

RESOLUTION NO. 78-187

(Resolution of Acceptance for Subdivision No. 2749 - El Macero Unit No. 5)

WHEREAS, The Final Subdivision Map for Subdivision No. 2749, has been presented to the Board for approval and acceptance; and

WHEREAS, said map has been signed by all necessary parties; and

WHEREAS, the Yolo County Planning Commission has considered and approved an Environmental Impact Report for the proposed project, with a finding that the proposed project will have a significant effect upon the environment, and said Environmental Impact Report has been presented to and considered by this Board; and

WHEREAS, the Yolo County Planning Commission approved the tentative map of Subdivision 2749 on April 5, 1978; and

WHEREAS, the improvements have been assured and the map in all respects complies with the provisions of the State Subdivision Map Act and of the local ordinances,

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows: (1) This Board, after consideration of the Environmental Impact Report filed upon the proposed project, hereby adopts and approves the final Environmental Impact Report, and finds that said final EIR has been completed in compliance with the California Environmental Quality Act and State Guidelines, and finds that the project will have a significant effect upon the environment.

The Subdivision will be constructed on prime agricultural land which currently is not in production, and use of said prime agricultural land for the purposes of constructing homes will result in a significant effect on the environment. However, the Board hereby finds that the following factors warrant approval of the project, notwithstanding said significant effect:

This project is the remaining portion of a previously approved project which has been gradually developed in segments since 1961. The project will be improved in accordance with the Standards and Specifications of Yolo County. The land to be used for this subdivision is currently designated for residential purposes and is zoned consistently therewith. Said land is situated within the boundaries of the El Macero County Service Area which provides the area with sewer and water services, and a condition of approval of said subdivision is connection to and improvement of said services. Failure to use land designated for residential uses will result in increased pressures to develop for housing purposes land designated for agricultural purposes in the area.

The Environmental Impact Report on said project identifies several mitigation measures, which are hereby found by this Board to be appropriate and feasible, and ordered by this Board to be incorporated into said project: (2) this Board hereby finds that the proposed subdivision, together with the provisions for its design and improvement, is consistent with general plan adopted for the El Macero area of the County of Yolo, (3) this Board hereby approves said map for Subdivision No. 2749, El Macero Unit No. 5, (4) this Board hereby accepts on behalf of the public the easements and rights of way all as provided for and indicated on said final map.

BE IT FURTHER RESOLVED (1) that this Board approved Agreement No.78-381, the Subdivision Improvement Agreement for said Subdivision No. 2749, El Macero Unit No. 5, and authorized the Chairman of the Board to sign said agreement. (2) The Clerk of this Board hereby is authorized and directed to file a Notice of Determination upon the proposed project; said notice shall include the decision of this Board to approve the project, and the finding of this Board that the proposed project will have a significant effect upon the environment. Said notice also shall

include the statement of overriding consideration set forth hereinabove, and the mitigation measures incorporated into the project, as stated hereinabove. Said Notice also shall include the statement that the Environmental Impact Report considered and approved by this Board has been prepared pursuant to and is consistant with the provisions of the California Environmental Quality Act and State Guidelines adopted pursuant thereto.

AGREEMENT NO. 78-381

SUBDIVISION IMPROVEMENT AGREEMENT

Subdivision No. 2749
(El Macero Country Club Estates - Unit No. 5)

THIS AGREEMENT is made and entered into on this 19th day of December, 1978, by and between MACE Properties, Inc., hereinafter referred to as the "Subdivider" and the County of Yolo, hereinafter referred as "County".

WHEREAS, the Subdivider proposes to subdivide and develop that area known and referred to as Subdivision No. 2749 and promises to present plans and specifications for the development thereof.

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

1. That the Subdivider will develop and construct in said Subdivision No. 2749, public improvements including, but not limited to, street improvements consisting of concrete curbs and gutters, asphalt paving and base, on/off site storm drainage facilities necessary to adequately drain said subdivision in accordance with the standards imposed by law, all in accordance with said plans and specifications to be prepared in conformance with Yolo County Improvement Standards and Specifications and approved by the Department of Public Works and complete the same within twenty-four (24) months after the date hereon in good and workmanlike manner, and upon completion relinquish said improvements to the agency of jurisdiction as agreed upon herein.

2. That the Subdivider will develop and construct sanitary sewer facilities and a water supply and distribution system in accordance with the City of Davis standards and approved by the City of Davis Department of Public Works.

3. That the Subdivider reserves the right to modify said plans and specifications as the development progresses, with written approval of the Director of Public Works of the County, should unforeseen conditions occur which may require such modifications.

4. That the Subdivider shall pay to the County the actual cost of checking plans and inspecting construction of improvements in accordance with Yolo County Code Section 8-1.1107 prior to final acceptance of improvements and shall deposit $13,650.86 for said purposes.

5. That the Subdivider shall indemnify and hold harmless the "County" from any and all loss, damage, or liability resulting from the "Subdivider's" performance or non-performance of his duties under this agreement, or from negligence of himself or his agents, servants, or employees, and all action or causes of action filed by any person or persons claiming damage caused by the development of said Subdivision No. 2749.

6. That the Subdivider will furnish the County evidence acceptable to the County of Insurance, insuring the County against claims for personal liability and property damage arising in the course of construction of improvements required herein in the sum of $500,000.00 in respect to personal injuries and/or death of any one person; $1,000,000.00 in respect to personal injuries or death for any one occurrence, and $500,000.00 in respect to property damage in any one occurrence.

7. That the Subdivider shall notify the Director of Public Works of the commencement of the work improvements.

8. That the Subdivider may, upon approval of the plans and filing of the final map, undertake appropriate proceedings pursuant to the provisions of Division 12 of the Streets and Highways Code of the State of California, (the Municipal Improvement Act of 1913), as amended for the construction of all public improvements within said Subdivision No. 2749 in accordance with the approved plans and specifications.

The use of the 1913 Improvement Act proceedings to complete the subdivision improvements shall be subject to approval by the Board of Supervisors.

9. That the Subdivider agrees pursuant to Section 66493 of the Government Code of the State of California to pay off any existing assessments in full or to deposit a bond payable to the County as Trustee for the assessment bond holders guaranteeing the payment of existing special assessments.

10. That the completion of the development of said Subdivision No. 2749 shall be the date as of which the Board of Supervisors shall, by resolution duly passed and adopted, accept said improvements according to said plans and specifications, as modified, if such modification is required under the terms hereof, and the Subdivider is notified thereof in writing. Neither passage of said resolution hereinabove referred to, nor periodic or progress inspection or approval shall bind the County to accept said improvements, or waive any defect in the same or any breach of this agreement. Acceptance of any part of state of said improvement shall not be final until the written notice of final acceptance of all the improvements shall have been delivered to the Subdivider as required herein.

11. That the Subdivider agrees to remedy any defects in the improvements arising from faulty or defective construction of said improvements occurring within twelve (12) months after acceptance thereof.

12. If the construction of the work or improvement should be delayed without fault of "Subdivider", the time for the completion thereof may be extended by the County for such period of time as the "County" may deem reasonable.

13. That should the "Subdivider" fail to construct said improvements, repairs, or corrective work within the time or times specified in this agreement, the County may, at its option, complete the same and recover the cost thereof from the Subdivider.

14. The Subdivider shall obtain and file with the County a good and sufficient "Improvement Security" in favor of the County of Yolo and in a form approved by the County pursuant to Chapter 5, Division 2, Title 7, of the Government Code of the State of California. The amount of such "Improvement Security" shall not be less than one hundred percent (100%) of the estimated cost of the public improvements including incidentals.

15. Where required, pursuant to the provisions of Section 66496 of the Government Code, the Subdivider shall furnish the County a bond or cash deposit in the amount of $1,400.00, guaranteeing payment of the cost of setting monuments of survey.

16. It is mutually understood and agreed that when the work of improvement is accepted as defined herein, fifteen percent (15%) or five hundred dollars ($500.00), whichever is greater, of the "Improvement Security" shall be retained by the County to guarantee the faithful performance of the provisions of paragraph 11 of this agreement.

17. Where title to the subdivided property is held by the record owner thereof under a holding agreement, this agreement and the "Improvement Security" given pursuant thereto may be executed by the real party or parties of interest.

18. Any extension of time hereunder shall not operate to release the surety on the "Improvement Security" filed pursuant to this agreement. In this connection, the Security waives the provisions of Section 2819 of the Civil Code of the State of California.

19. The acceptance by County of Bonds required herein is conditioned upon surety's fulfillment of the prerequisites set forth in Rule 242(a), formerly Rule 29(a), of the Rules for the Superior Court, State of California.

20. That Subdivider shall, upon execution of this agreement, pay to County:

(a) a drainage fee in the sum of fifty-two thousand, two hundred fifty and no/100ths dollars ($52,250.00). This sum is computed at a rate of $1,000.00 per acre upon a gross acreage of 52.25 acres. This deposit is for the purpose of defraying the estimated costs of constructing drainage facilities for the removal of surface and storm waters from local drainage areas.

(b) a sanitary sewer fee of eight thousand, seven hundred and no/100ths dollars ($8,700.00). This sum is computed at the rate of $290.00 per lot upon the 30 lots not previously assessed.

(c) a water connection fee of twenty-five thousand, two hundred fifty and no/100ths ($25,250.00). This sum is computed at a rate of $250.00 per lot.

21. Time is of the essence in each and all of the provisions of this agreement, and the provisions of this agreement shall extend to and be binding upon and inure to the benefit of the heirs, executors, administrators, successors, and assigns of the respective parties hereto.

IN WITNESS WHEREOF, the parties have hereto set their signatures as of the date first above-named herein.

NOTICE OF DETERMINATION

NO. 78-39

NOTICE IS HEREBY GIVEN pursuant to Public Resources Code Section 21152 and Yolo County Code Section 10-1.910 that the County of Yolo acting by its decision-making officer or body has made the following determination whether to approve or disapprove a project as follows:

1. The decision-making officer or body is the Board of Supervisors of the County of Yolo, State of California.

2. The project is described as follows: This proposed project entitled El Macero Unit No. 5, containing 101 single family homesites, is a subdivision of the last remaining undeveloped property of which the original tentative map was approved in 1961. Continuous work has occurred on the project by units since that time. The project is located South of Interstate 80 and East of County Road No. 104 (Mace Boulevard), and connects with South El Macero Drive at its existing Easterly terminus. This phase of the project was approved by the Yolo County Planning Commission on April 5, 1978. The Board of Supervisors accepted Subdivision No. 2749, El Macero Unit No. 5, on December 19, 1978, upon the following findings: The Subdivision will be constructed on prime agricultural land which currently is not in production, and use of said prime agricultural land for the purposes of constructing homes will result in a significant effect on the environment. However, the Board hereby finds that the following factors warrant approval of the project, notwithstanding said significant effect: This project is the remaining portion of a previously approved project which has been gradually developed in segments since 1961. The project will be improved in accordance with the Standards and Specifications of Yolo County. The land to be used for this subdivision is currently designated for residential purposes and is zoned consistently there-

with. Failure to use land designated for residential uses will result in increased pressures to develop for housing purposes land designated for agricultural purposes in the area. The Environmental Impact Report on said project identifies several mitigation measures, which are hereby found by this Board to be appropriate and feasible, and ordered by this Board to be incorporated into said project: This Board hereby finds that the proposed subdivision, together with the provisions for its design and improvement, is consistent with general plan adopted for the El Macero area of the County of Yolo; this Board hereby approves said map for Subdivision No. 2749, El Macero Unit No. 5; this Board hereby accepts on behalf of the public the easements and rights of way all as provided for and indicated on said final map. Be It Further Resolved that this Board approved Agreement No. 78-381, the Subdivision Improvement Agreement for said Subdivision No. 2749, El Macero Unit No. 5, and authorized its Chairman of the Board to sign the agreement.

3. The project was approved on December 19, 1978.

4. The project will have a significant effect upon the environment.

5. The Environmental Impact Report considered and approved by this Board has been prepared pursuant to and is consistant with the provisions of the California Environmental Quality Act and State Guidelines adopted pursuant thereto.

NOTICE OF DETERMINATION

NO. 78-40

NOTICE IS HEREBY GIVEN pursuant to Public Resources Code Section 21152 and Yolo County Code Section 10-1.910 that the County of Yolo acting by its decision-making officer or body has made the following determination whether to approve or disapprove a project as follows:

1. The decision-making officer or body is the Board of Supervisors of the County of Yolo, State of California.

2. The project is described as follows: Parcel Map No. 2791 which creates a 5 acre Parcel for leasing purposes from a 369.66 acre Parcel, located on the Northeast corner of the junction of Davis Road and the Sacramento Northern Railroad, with portions extending to Linden Road and the Sacramento River. The Project site is zoned Agricultural General(A-1) and the larger Parcel has been restricted to one residential building site. Dedications of additional road right of way was required as a condition of approval for this Project. The required dedication has been made by certificate on the map. Therefore all conditions of approval have been complied with. The Tentative Map for this land division was approved by the Yolo County Planning Commission on August 16, 1978. The Board of Supervisors accepted Parcel Map No. 2791 for West Sacramento Port Center on December 26, 1978, upon the following findings: That the proposed subdivision, together with the provisions for its design and improvements, is consistent with general plan adopted for the County of Yolo; Accepts on behalf of the Public the easements and road right of ways as provided and delineated on said map and hereby approves said Parcel Map No. 2791 as submitted.

3. The project was approved on December 26, 1978.

4. The project will not have a significant effect on the environment.

5. No Environmental Impact Report has been prepared, pursuant to the California Environmental Quality Act.

The Yolo County Planning Commission has reviewed all available information on the environmental effect of the project described as request for use permit to allow the operation of a private yacht club located on the northeast corner of the junction of Davis Road and the Sacramento Northern Railroad with portions extending to Linden Road and the Sacramento River. Subject area is designated as Agricultural General (A-1) zoning.

Assessor's Parcel Nos. 46-050-22 and 28; 46-100-02; and 46-270-01.
Zone File #2932

The Planning Commission has determined that:

1. The project described is one that would ordinarily be expected to have a significant effect on the environment, and

2. The project will have no significant adverse effect on the environment due to circumstances peculiar to the specific project.

An Environmental Impact Report will not be required.

Said determination was made at a Public Hearing held on 8-16-78 in compliance with the California Environmental Quality Act and Title 10 of the Yolo County Code. Appeals from this determination may be made within fifteen (15) days of said action by filing a letter of appeal with the Clerk of the Board of Supervisors as prescribed for appeals from decisions of the Board of Zoning Adjustment.

This application involves a request for a use permit for the operation of a private yacht club with docks, buildings, parking and other necessary facilities as shown on the attached plot plan. The property is being leased by the Sacramento Yacht Club on a parcel of land zoned agriculturally.

Staff review of the proposal has resulted in a determination that a Negative Declaration is appropriate for the following reasons:

1. The facility currently exists on the site.

2. There is a proposed expansion of the existing facilities on the site, not a relocation.

3. The use is allowed conditionally approved under Section 8-2.604(p).

NEGATIVE DECLARATION

OF ENVIRONMENTAL SIGNIFICANCE

No. 78-81

The Yolo County Planning Commission has reviewed all available information on the environmental effect of the project described as request for a tentative subdivision map for the division of 12.861 acres of industrial land to create five parcels located at the junction of Riske Land and South River Road, West Sacramento, in the Heavy Industrial (M-2) Zone.
Assessor's Parcel No. SBE No. 862-57-5R-3, 4 and 2.
Tentative Subdivision Map #2807

The Planning Commission has determined that:

1. The project described is one that would ordinarily be expected to have a significant effect on the environment, and

2. The project will have no significant adverse effect on the environment due to circumstances peculiar to the specific project.

An Environmental Impact Report will not be required.

Said determination was made at a Public Hearing held on August 2, 1978 in compliance with the California Environmental Quality Act and Title 10 of the Yolo County Code. HEARING DATE: August 2, 1978

This project consists of the division of two existing parcels, identified on the accompanying map as Parcels 1 and 3, into five new parcels indicated as Parcels A, B, C, D & E. Parcel A is to be sold to the adjoining owner to the north, resulting in an 8.597 acre parcel.

Review of this proposal by staff resulted in a determination that a Negative Declaration is appropriate for the following reasons:

1. No change in land use is contemplated under this proposal.

2. No intensification of land use will result from the division.

Responses regarding this project should be returned no later than July 24th.

NEGATIVE DECLARATION

OF ENVIRONMENTAL SIGNIFICANCE

No. 78-20

The Yolo County Planning Commission has reviewed all available information on the environmental effect of the project described as a draft negative declaration of environmental impact regarding a request for division of 70.788+ acres into 2 parcels of approximately 33 acres and 37 acres located on the southeast corner of County Roads 24 and 96 in the Agricultural Preserve (A-P) Zone. The division will occur along the Moore Ditch, and will be restricted to only one building site.

Zone File YC-69-2-15-78

The Planning Commission has determined that:

1. The project described is one that would ordinarily be expected to have a significant effect on the environment, and

2. The project will have no significant adverse effect on the environment due to circumstances peculiar to the specific project.

An Environmental Impact Report will not be required.

Said determination was made at a Public Hearing held on March 15, 1978 in compliance with the California Environmental Quality Act and Title 10 of the Yolo County Code. Appeals from this determination may be made within fifteen (15) days of said action by filing a letter of appeal with the Clerk of the Board of Supervisors as prescribed for appeals from decisions of the Board of Zoning Adjustment.

HEARING DATE: February 15, 1978

This request to split 70.788± acres southwest of Woodland along Moore ditch. The subject site is within the Agricultural Preserve (A-P) Zone, and is currently farmed. One residence and accessory structure exists in the northeast corner of the 70± acres. This proposed split along the Moore ditch will not result any change in the nature of the farming operation, according to the applicant a 9± acre parcel will be merged with the balance of the property under the proposal.

Staff believes that this proposal could normally have a significant adverse environmental impact, but in this case a negative declaration is believed appropriate for the following reasons:

1. The balance of the property is to be restricted to a residential building site.

2. The 9 acre parcel is to be merged with the balance.

NOTICE OF DETERMINATION

NO. 78-44

NOTICE IS HEREBY GIVEN pursuant to Public Resources Code Section 21152 and Yolo County Code Section 10-1.910 that the County of Yolo acting by its decision-making officer or body has made the following determination whether to approve or disapprove a project as follows:

1. The decision-making officer or body is the Board of Supervisors of the County of Yolo, State of California.

2. The project is described as follows: Parcel Map No. 2869 for Anderson Farms Co., creates two parcels containing 1,100 acres and 6,220 acres respectively, from an existing 7,320 acre parcel. The Project is located in the Agricultural Preserve (A-P) Zone, South of Interstate 80 and East of County Road No. 104. No change in land use will be created by this land division and all conditions of approval have been complied with. The Tentative map for this land division was approved by the Yolo County Planning Commission on December 6, 1978. Board of Supervisors accepted Parcel Map No. 2869 on December 26, 1978, upon the following findings: After consideration of the Negative Declaration of Environmental Impact for the proposed project, this Board finds that the project as proposed and approved will not have a significant effect on the environment and the Negative Declaration on file is hereby approved. The proposed subdivision, together with the provisions for its design and improvements, is consistent with general plan adopted for the County of Yolo. Parcel Map No. 2869 is hereby approved as submitted.

3. The project was approved on December 26, 1978.

4. The project will not have a significant effect on the environment.

5. No environmental impact report has been prepared, pursuant to the California Environmental Quality Act.

NEGATIVE DECLARATION
Of ENVIRONMENTAL SIGNIFICANCE

No. 78-113

The Yolo County Planning Commission has reviewed all available information on the environmental effect of the project described as

public hearing to consider a draft negative declaration of environmental impact with regard to a request for division of an 1,100 acre parcel from an existing 7,320 acres located south of Interstate 80, east of the El Macero subdivision, in the Agricultural Preserve (A-P) Zone. Assessor's Parcel Nos. 33-110-07, 09, 11, 29, 30, 33 and 34; 33-120-08 15, 16, 23, 24, 25 and 29; 33-130-22, 32, 34, 36, and 37; 33-140-07, 08, 11, 38 and 39; 33-170-07; 33-300-21 and 22; and 33-560-07.

The Planning Commission has determined that:

1. The project described is one that would ordinarily be expected to have a significant effect on the environment, and

2. The project will have no significant adverse effect on the environment due to circumstances peculiar to the specific project.

An Environmental Impact Report will not be required.

Said determination was made at a Public Hearing held on November 15, 1978 in compliance with the California Environmental Quality Act and Title 10 of the Yolo County Code. Appeals from this determination may be made within fifteen (15) days of said action by filing a letter of appeal with the Clerk of the Board of Supervisors as prescribed for appeals from decisions of the Board of Zoning Adjustment.

This application involves a request to separate an 1,100 acre parcel from an existing 7,320 acre parcel south of Interstate 80, east of the El Macero subdivision. This results in a split in the agricultural preserve.

Copies of a summary of the proposal were distributed to responsible agencies for review and comment.

Resulting from this review procedure was a determination that a negative declaration would be the appropriate level of environmental review due to the following consideration:

1. The parcels created are extremely large.

2. Both parcels will continue to be farmed as before.

RESOLUTION NO. 78-194

(Resolution of Acceptance for Subdivision No. 2573 for Rubin Glickman)

WHEREAS, the Final Subdivision Map for Subdivision No. 2573 has been presented to the Board for approval and acceptance; and

WHEREAS, said map has been signed by all necessary parties; and

WHEREAS, the Yolo County Planning Commission considered and approved a Negative Declaration of environmental impact for the proposed project, and this Board has considered and approved said Negative Declaration; and

WHEREAS, the Yolo County Planning Commission approved the tentative map of Subdivision 2573 on December 7, 1977; and

WHEREAS, the improvements have been assured and the map in all respects complies with the provisions of the State Subdivision Map Act and of the local ordinances.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo as follows:

(1) After consideration of the Negative Declaration of environmental impact for the proposed project, this Board finds that the project as proposed and approved will not have a significant effect on the environment, and the Negative Declaration on file is hereby approved by this Board.

(2) This Board hereby finds that the proposed subdivision, together with the provisions for its design and improvement, is consistent with general plan adopted for the County of Yolo.

(3) This Board hereby accepts on behalf of the public the easements and rights of way and Parcels A, B, C, and D all as provided for and indicated on said final map.

(4) This Board hereby approves said Subdivision No. 2573 as submitted, and instructs the Clerk to prepare said map for transmittal to the County Recorder for filing.

BE IT FURTHER RESOLVED that the Clerk of this Board hereby is authorized and ordered to file a Notice of Determination upon this project, with a copy of the Negative Declaration attached, said notice to include the decision of this Board to approve the proposed project, the finding of this Board that the proposed project will not have a significant effect on the environment, and a statement that no environmental impact report has been prepared, all pursuant to the California Environmental Quality Act.

NOTICE OF DETERMINATION

NO. 78-45

NOTICE IS HEREBY GIVEN pursuant to Public Resources Code Section 21152 and Yolo County Code Section 10-1.910 that the County of Yolo acting by its decision-making officer or body has made the following determination whether to approve or disapprove a project as follows:

1. The decision-making officer or body is the Board of Supervisors of the County of Yolo, State of California.

2. The project is described as follows: Subdivision No. 2573 for Rubin Glickman, provides for the division of an existing 149.00 acre parcel into five parcels of 6.17, 8.84, 4.92, 8.12 and 119.95 acres respectively. The land division was required by Yolo County in order to rectify an illegal division of land which occured several years ago. The Project is located immediately south of the El Macero subdivisions, on the East side of County Road No. 104. The tentative Map for this subdivision was approved by the Yolo County Planning Commission on December 7, 1977 and subsequently extended on December 20, 1978. All conditions of approval have been complied with. Board of Supervisors accepted Subdivision No. 2573 on December 26, 1978, upon the following findings: After consideration of the Negative Declaration of environmental impact for the proposed project, this Board finds that the project as proposed and approved will not have a significant effect on the environment, and the Negative Declaration on file is hereby approved by this Board. The proposed subdivision, together with the provisions for its design and improvement, is consistent with general plan adopted for the County of Yolo. Accepted on behalf of the public the easements and rights of way and Parcels A,B,C, and D all as provided for and indicated on said final map. Approves Subdivision No. 2573 as submitted.

3. The project was approved on December 26, 1978.

4. The project will not have a significant effect on the environment.

5. No environmental impact report has been prepared, pursuant to the California Environmental Quality Act.

NEGATIVE DECLARATION

OF ENVIRONMENTAL SIGNIFICANCE

No. 77-102

The Yolo County Planning Commission has reviewed all available information on the environmental effect of the project described as request for use permit for three residential building sites and one church building site through the division of an existing 150.04 acre parcel into five parcels consisting of 5.23 acres, 6.42 acres, 8.84 acres, 9.02 acres and 120.53 acres located immediately south of El Macaro Subdivision Units 2 and 4 on the east side of County Road 104 at its junction with County Road 32A in the Agricultural General Zone. Assessor's Parcel Nos. 33-110-26, 35,36,37 and 38. Zone File 2658

The Planning Commission has determined that:

1. The project described is one that would ordinarily be expected to have a significant effect on the environment, and

2. The project will have no significant adverse effect on the environment due to circumstances peculiar to the specific project.

An Environmental Impact Report will not be required.

Said determination was made at a Public Hearing held on 12-7-77 in compliance with the California Environmental Quality Act and Title 10 of the Yolo County Code. This application involves the division of an existing 150.04 acre parcel into five parcels on the east side of County Road 104, immediately south of the El Macero Subdivision Units 2 and 4, southeast of the City of Davis. Proposed Parcels 1 and 2, and a northern portion of Parcel 3 have been dry farmed for over ten years in hay, due to the lack of irrigation facilities. The remainder of parcel 3 is intensively farmed in row crops due to the availability of water. Parcel 4 has an existing barn, house, and two sheds and is used for stabling horses. Parcel 5 was to be used as a site for a barn, corrals, and a residence.

Although this proposed subdivision would normally be considered to have a significant adverse environmental impact, and would require an EIR to address the impacts created, in this case a Negative Declaration is believed adequate for the following reasons:

1. With the adoption of the Davis Area General Plan, and subsequent zone changes from Residential to General Agricultural, the potential environmental impact of Parcel 1, 2, and a portion of Parcel 3 is diminished.

2. The extension of Montgomery Avenue was dropped from the circulation element of the Davis Area General Plan, thereby ensuring that Parcels 1, 2, and a northern portion of Parcel 3 will not have adequate access for residential development.

3. The parcels proposed more accurately reflect the variety of land uses currently located on the 105.04 acre parcel.

RESOLUTION NO. 78-195

RESOLUTION ACCEPTING PETITION

ASSESSMENT DISTRICT NO. 121
EL MACERO UNIT NO. 5

The Board of Supervisors of the County of Yolo resolves:

Certain owners of land have filed with the Clerk of this body a petition, signed by them, requesting the public improvements described in the petition, the cost to be specially assessed against land benefiting from the improvements. The petition contains an express waiver of statutory proceedings under the Special Assessment Investigation, Limitation and Majority Protest Act of 1931, as provided in Section 2804 of the Streets and Highways Code.

The Board of Supervisors finds that all of the owners of more than sixty percent (60%) in area of the land subject to assessment for the proposed improvement have signed the petition.

Accordingly, the Board of Supervisors accepts the petition and directs that special assessment proceedings shall be undertaken by the terms of the petition and without further compliance with the Special Assessment Investigation, Limitation and Majority Protest Act of 1931. This action is final within the meaning of Section 3012 of the Streets and Highways Code.

RESOLUTION APPROVING BOUNDARY MAP

ASSESSMENT DISTRICT NO. 121
EL MACERO UNIT NO. 5

The Board of Supervisors of the County of Yolo resolves:

A map entitled "County of Yolo, State of California, Proposed Boundaries of Assessment District No. 121 (El Macero Unit No. 5)" has been filed with the County Clerk.

This Board approves the map and adopts the boundaries shown on the map as describing the extent of the territory included in a proposed assessment district to be known as Assessment District No. 121 - El Macero Unit No. 5, Yolo County, California.

This Board finds that the map is in the form and contains the matters prescribed by Section 3110 of the California Streets and Highways Code.

This Board directs the County Clerk to certify the adoption of this resolution on the face of the map, and to file a copy of the map with the County Recorder for placement in the Book of Maps of Assessment Districts.

By Kate E. Lucas Deputy

RESOLUTION OF INTENTION TO ORDER IMPROVEMENT IN ASSESSMENT DISTRICT NO. 121 EL MACERO UNIT NO. 5

The Board of Supervisors of the County of Yolo resolves:

This Board intends to order the following improvement under the authority of the Municipal Improvement Act of 1913:

> The construction of concrete curbs and gutters, paving (consisting of aggregate base with asphaltic concrete surface), onsite and offsite storm drainage facilities, a system of sanitary sewers, street signs, a system of domestic water supply and all necessary appurtenances for a complete scheme of public improvements in El Macero Subdivision Unit No. 5, County of Yolo.

This Board finds that the land specially benefited by the improvement is shown within the boundaries of the map entitled, "County of Yolo, State of California, Proposed Boundaries of Assessment District No. 121 (El Macero Unit No. 5)." This map has been approved by the Board and is now on file with the County Clerk. The land within the exterior boundaries shown on the map shall be designated Assessment District No. 121 - El Macero Unit No. 5, Yolo County, California.

This Board intends to levy a special assessment upon the land within the described district in accordance with the special benefit to be received by each parcel of land, respectively, from the improvement. There shall be omitted from special assessment all public streets, alleys and places and all land belonging to the United States, the State of California, and this County now in use in the performance of a public function.

Where any disparity occurs in level or size between the improvement and private property, this Board determines that it is in the public interest and more economical to eliminate the disparity by doing work on the private property instead of adjusting the work on public property. Accordingly, work may be done on private property for this purpose with the written consent of the landowner.

Serial bonds representing unpaid assessments of fifty dollars ($50) or more, and bearing interest at a rate not to exceed eight percent (8%) per annum, will be issued in the manner provided in the Improvement Act of 1911 (Part 5 of Division 7, Streets and Highways Code), and the last installment of the bonds shall mature fourteen years from the second day of January next succeeding the next September 1st following their date. The bonds shall be payable to bearer and shall include a redemption premium of five percent (5%) of the unmatured principal.

In case of default, there shall be added to the defaulted amount one percent (1%) of the amount thereof, and on the 1st day of each month following such default there shall be added a further penalty of one percent (1%) of such defaulted amount. The one percent (1%) penalty first imposed shall be retained by the Treasurer as a cost of servicing the delinquency and all subsequent penalties shall be paid to the holder of the bond along with and as a part of such defaulted payment.

This Board finds that the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (commencing with Section 2800, Streets and Highways Code) does not apply to these proceedings.

This Board appoints NK Engineering and Surveying Co., Inc., as Engineer of Work for this project, and directs the preparation of the report required by Section 10204 of the Streets and Highways Code.

In the opinion of this Board, the public interest will not be served by allowing owners of assessable lands to enter into a contract for the work of improvement, as otherwise permitted in Section 10502.2 of the Streets and Highways Code.

The amount of any surplus remaining in the improvement fund after completion of the improvement and payment of all claims shall be transferred to the general fund if the surplus does not exceed the lesser of one thousand dollars ($1000) or five percent (5%) of the total amount expended from the fund. Otherwise the entire surplus shall be applied as a credit on the assessment as provided in Section 10427.1 of the Streets and Highways Code.

GRANT PROPOSAL
STATE LITTER CONTROL, RECYCLING & RESOURCE RECOVERY
GRANT PROGRAM

I. EXISTING PROGRAM: Yolo County presently operates and maintains 8 park and recreation areas in the County. They range in size from 2 acres to 700 plus acres. Most of these parks are located in rural portions of the county.

BACKGROUND

Initial refuse collection duties were performed by private contractors who also operated local dump sites, and the Sheriff's Department who used prisoners to pick up refuse. Three factors led to the demise of private refuse collection contractors: construction of the central landfill, hiring a maintenance employee in Park Dept., and opening new parks away from dump areas. The consolidation of landfill operations near Davis meant that local dump sites would no longer function, and as a result required long hauls with refuse from some park sites. The Sheriff's Dept. continued to haul refuse from Putah Creek Park until 1976, and Park Dept personnel - 2 employees - performed cleanup duties at the three other park sites. Three new park areas opened during fiscal year 75-76 increasing the refuse cleanup load considerably. It shortly became quite evident that changes in the method of trash removal were needed if Park personnel were to accomplish any other maintenance or construction tasks: Enter the commercial refuse collection agencies. The commercial operators have provided refuse hauling service, thus allowing parks personnel to utilize that time saved to perform other maintenance tasks.

METHODOLOGY

There are three basic tasks involved in trash cleanup throughout our park system; policing areas, container dumping, and material hauling.

Policing of park sites refers to the actual pickup from the ground of all cans, bottles, papers, leaves, tree limbs, grass clippings and all litter which might cause an eyesore or safety hazard to users of the parks. This task is most frequently performed by park personnel, but large scale cleanup operations are performed by the Young Adult Conservation Corps. and by youths from the juvenile probation weekend work program. Refuse picked up during the policing operation is most often placed in trash receptacles throughout the park, but may be directly removed to the hauling vehicle particularly in the case of objects too large to containerize.

Trash receptacles are dumped at least once every week and usually twice a week throughout the year. The refuse may be dumped directly into a hauling vehicle as a pickup or dump truck, or it may be placed in a dumpster provided on site by a commercial refuse hauler for removal at their convenience.

Refuse must be removed from the park site once each week or it becomes a health or nuisance safety problem. This task can be accomplished by the Park Department crew utilizing a pickup or dump truck, or by commercial refuse haulers.

The commercial refuse collectors could perform both of the last two cleanup tasks in some areas though at a considerable increase in cost to the Park Department if they dump each trash can rather than just a dumpster. It is highly unlikely that the policing job would ever be handled by a commercial refuse agency.

PRESENT COLLECTION METHOD

As new parks have been added to the system over the last four years and attendance at those parks has increased a modification of the refuse collection system has become necessary in order to maximize efficient use of man hours within the Park Dept.

Pickup services of the Sheriff's Dept. and private contractors evolved into total cleanup service by County Parks personnel. Areas were policed by Parks personnel and trash was hauled to the central landfill by Park personnel until a point of decreasing returns in efficiency was reached. It got to the stage where one man of a three man crew spent 24 hours each week solely in picking up refuse and hauling to the landfill site. This tied up a pickup truck and one man that were needed for lawn mowing, vandalism repair and new construction work.

It was decided that by paying commercial refuse haulers, who serviced the various park areas, to haul refuse from each site to the landfill site we could cut our man hours involved in refuse cleanup to less than 14 hours.

Presently the County Parks crew and commercial refuse collection companies share responsibilities for trash cleanup and removal. County Parks employees perform the site cleanup duties and empty trash barrels into the dumpster at each location. Putah Fishing Access is one exception: Davis Waste Removal, Inc., dumps the trash barrels directly into their compactor truck as there are no dumpsters on site. The commercial refuse collectors empty the dumpsters and remove the trash from the site to the central landfill site near Davis.

At the present time we utilize services of four commercial refuse collectors: Davis Waste Removal, Inc. (DWR), Woodland Garbage Co., Camarillo Sanitary Service, and Capay Valley Disposal Co. We will likely be adding Sacramento Area Waste Disposal Co. (SAWDCO) to the list within the next year as Elkhorn Park nears completion and we supplant our use of a Broderick Health Center Dumpster with our own dumpster at Broderick Boat Launching Facility. Dumpsters are presently located at Canyon Park (2 normally and 4 during summer months), Esparto Park (1), Knights Landing Boat Launch Facility (1), Woodland Parks Shop (1), Clarksburg Fishing Access (1). With the exception of a three cubic yard dumpster at our

Woodland shop all the others are 2 cu. yard dumpsters as the compactor trucks load from the rear and won't handle anything larger than a 2 yard dumpster. Dumpsters are not practical at Putah Fishing access, so we pay DWR to empty the cans: DWR doesn't have a truck that can handle the size dumpster we need at Putah for their normal service up the canyon.

We receive once a week service at all our sites unless special service is requested for more or less pickups. We always have less need in the winters and cut service back to once every two weeks or cut it out completely; and during the spring and summer we generally have need for extra service on occasion.

This present refuse collection system is rather expensive in terms of budgeted cash outflow, but it has been necessary in order to maximize efficient use of manpower and presently available equipment. By utilizing on-site dumpsters, park maintenance personnel can dispense with many time consuming trips to the central landfill site; and make more efficient use of their time at each park site by checking chemical toilets, repairing vandalism and talking with park patrons if they have questions or suggestions to make. Safety checks and turf irrigation are also an important part of our weekly site inspections of each park. It becomes difficult if not impossible to perform these other on-site duties if personnel have to make one or two trips from each park hauling trash to the central landfill site.

I would expect the present system to continue until such time as the park dept can hire at least one person for each park site to handle all maintenance for that site including trash pickup and removal from the site in a county vehicle assigned to that person; or funds are found to purchase trash collection equipment and an operator can be hired to do nothing but trash pickup and hauling.

PRESENT REFUSE COLLECTION COSTS:

A. Commercial Costs

1977 - 78	$4,457.00
1978 - 79	$4,091.70

NOTE: The lower costs for 78-79 fiscal year is an attempt to cut total monetary outflow in response to cutbacks caused by Prop.13. This does not alter the fact that there is still refuse to be removed from the park sites. It means that someone from our department has to make trips to the County Landfill site in Davis with the trash. We are more able to handle the quantity of refuse and the trip time during the winter months in which commercial collection is being halted.

B. County Costs - Parks Crew and Equipment

1977 - 78	$8,224.00
1978 - 79	$8,480.00 (approx.)

NOTE: The 78-79 projection is merely an estimate as we are just now halting commercial collection service and it is too early to really tell what the impact on our work schedule will be. The above costs are in addition to the previously given commercial collection figures.

C. Total Annual Costs

1977 - 78 $12,681.00

1978 - 79 $12,571.70

HOW SB 650 COULD HELP

With the passage of the Litter Control, Recycling, and Resource Recovery Act of 1977 we might gain access to approximately $33,000 of state funds for use in litter control and refuse collection. With the offer of these funds we have an opportunity to alter our approach to refuse collection at the County park sites.

The quantity of funds allotted by SB650 would allow us to purchase the trash compactor trailer and pickup; and to hire one employee for trash collection and enforcement duties.

CONCLUSIONS

In essence this whole disseration is an effort to justify a more efficient and compact system of handling various functions of park maintenance. Given the equipment, a 1 ton pickup and trash compactor trailer, I feel we could very adequately consolidate separate activities into one routine service route and save the County a considerable amount of money each year. Savings in mileage and inherent pollution alone would be dramatic when park servicing by two separate agencies - refuse collectors and county park personnel - are consolidated into one routine function. In addition to the afore mentioned duties the refuse collector might carry tools to repair minor vandalism to toilets, trash containers and other park facilities as well as make safety checks and enforce park regulations.

These tasks are primary and basic functions of regional park maintenance; and the more frequently and efficiently they can be performed the better quality experience each park user has when visiting our parks.

Our present cooperative system of collection is going to cost us more and more each year as we add more parks and inflation cuts the amount of commercial service our budgeted dollars will purchase. More parks means more refuse, more dumpster and more hauling costs; and inflation causes those costs to raise even higher. Our budgets are getting smaller as a result of Prop.13, so we are either going to have to cut some other park service in order to pick up refuse ourselves or decrease the total time and money spent for refuse cleanup in the parks. At any rate some modifications in our present system must be made within the next two years.

II. PROPOSED PROGRAM: The Parks & Recreation Department proposal would create a new position of "Litter Control Attendant". One of the functions of this individual would be to drive a large pickup truck towing a trailer mounted 6 yard trash compactor to each of the county parks on a routine basis emptying litter containers and transporting the litter to the County Central Landfill. The other function would be litter law education and enforcement. While working in the parks, this individual would be responsible for litter law enforcement and education. He or she would be capable of issuing warnings or writing citations for litter law violations as well as providing educational material on litter.

III. QUALIFICATIONS OF APPLICANT: This would be a new program for the county parks system. We have had responsibility for litter control in the park areas since the park system began thirteen years ago. However, the equipment proposed is new to our operation as is the proposed position.

IV. BUDGET: Items to be covered by the State Litter Control, Recycling and Resource Recovery Grant Program.

1 - 1 ton pickup truck	sec. 68043 Litter Cleanup	$ 9,000
1 - 6 yd. trailer mounted compactor	sec. 68043 Litter Cleanup	$10,000
1 - litter control attendant	sec. 68043 Litter Cleanup	$ 6,218
	sec. 68049 Enforcement	$ 6,469
administrative overhead 5%	sec. 68048	$ 1,667
	TOTAL	$33,354

NOTE: This funding request includes both Yolo County's share and City of Davis' share of cleanup and enforcement funds.

RESOLUTION NO. 78-199

RESOLUTION ADOPTING THE SRAPC AIR QUALITY PLAN

WHEREAS, the Sacramento Regional Area Planning Commission (SRAPC) was designated by the U.S. Evnironmental Protection Agency (EPA) and the State Air Resources Board (ARB) to prepare an Air Quality Plan and Program (AQP) for the Sacramento Area; and

WHEREAS, SRAPC has prepared an AQP which conforms to the requirements of the Clean Air Act (Act), as amended, for controlling emissions that cause violations of the national ambient air quality standards for oxidant and carbon monoxide for the Sacramento Air Quality Maintenance Planning Area; and

WHEREAS, SRAPC has received public comments on the draft AQP; and

WHEREAS, the AQP has been reviewed and modified, based upon comments submitted by the County of Yolo; and

WHEREAS, the Board of the County of Yolo has reviewed the Air Quality Plan and Program; and

WHEREAS, EPA and State policy is that significant air quality management agencies named in the AQP must indicate their commitment to implement the AQP before EPA and ARB can approve and certify the AQP; and

WHEREAS, the County of Yolo is a significant management agency for the purpose of implementing portions of the AQP; and

WHEREAS, SRAPC and participating Cities and Counties are developing a detailed continuing air quality planning program which will include the allocation and scheduling of expected air quality planning and implementation funds, and this program is to be completed by June 30, 1979; and

WHEREAS, the Clean Air Act requires the identification and commitment of necessary manpower and resources to implement the AQP;

NOW, THEREFORE, BE IT RESOLVED that the Board of the County of Yolo commits itself to the implementation of those control measures identified in the plan which designate the County of Yolo as the implementation agency as set forth in the attached report;

BE IT FURTHER RESOLVED that the County of Yolo commits to implement measures as scheduled providing adequate funding sources are available. Recognizing, however, that the availability of necessary funding may depend on the schedules and allocations contained in the SRAPC continuing planning program and in the funding programs or processes of various State and Federal agencies, the County of Yolo agrees to submit amendments to the AQP, if necessary, to modify the funding or schedules of implementation actions. It is agreed that such modifications will not affect the maintenance of reasonable further progress as defined in the plan; and

BE IT FURTHER RESOLVED that the Board of the County of Yolo will modify the AQP through the modification of adopted measures and/or adoption of additional measures, as appropriate, during the continuing planning process if implementation does not proceed according to the AQP's approved schedule or does not achieve "reasonable further progress" in reducing emissions, as required by the Act; and

BE IT FURTHER RESOLVED that the Board of the County of Yolo will actively seek necessary implementation commitments from appropriate State, Federal, or Regional agencies necessary to ensure implementation of the AQP; and

BE IT FURTHER RESOLVED that the County of Yolo commits itself to coninued participation in the continuing Air Quality Planning Program; and

BE IT FINALLY RESOLVED that this Resolution is entered into on the condition that the County of Yolo portion of the AQP will be certified without change by the State.

PASSED AND ADOPTED this 26th day of December, 1978, by the following vote:

AYES: Duncan, Barton, Thompson, Marchand, Edmonds.

NOES: None.

ABSENT: None.

YOLO COUNTY RESPONSE

MEASURE #2, EMPLOYER SUBSIDIZED TRANSIT PASSES

1. Feasibility

This measure assumes that some employers will voluntarily subscribe to this plan. There appears to be no incentive for private industry to do this. The measure includes a requirement that public agencies implement this as an employee benefit. The assumption in the plan that public agency would afford a new benefit or that public employees would accept this as a new benefit in lieu of a new pay raise is unrealistic.

2. Impact on Yolo County

If subsidized transit passes were attempted for Yolo County, there is probably only one or two percent of the employees who could use such a plan with the existing, or any of the proposed expansions, to the transit systems. Only small amounts of employees in the private sector could use such passes if available.

3. Cost Analysis

The draft plan indicates the cost to be $144 per employee per year. This is for Sacramento, not Yolo County. Our cost would probably be approximately $250 per employee per year. If two percent of the County's employees could use their passes, it would amount to $2,500 per year.

4. Action

At such time as transit is available to Yolo County employees for transportation to and from work and where more than 50% of the employees could make use of such transit facilities, the Yolo County Board of Supervisors would authorize transit passes as a part of the employee benefit package.

As this measure becomes more feasable some consideration would have to be given as to whether or not the 50% who could avail themselves of transit is a realistic number for establishing such a program.

YOLO COUNTY RESPONSE

MEASURE #3, RIDESHARING INCENTIVES

1. Feasibility

   Generally, there are insufficient numbers of County and City employees living and working in close enough proximity to each other to make any large scale Van Pool Program feasible.

   Limited support of car pool type programs could be accomplished by public agencies within Yolo County.

2. Impact on Yolo County

   Very little impact upon finances, traffic, parking or air pollution with or without implementation of this measure.

3. Cost Anlysis

   Each roadsign erected supporting car pooling or van pooling could cost $400. It could cost as much as $60 per year per person in a van pool.

4. Action

   The Yolo County Board of Supervisors approves the Ride Sharing Incentives setforth in the SRAPC Draft Air Quality Plan as follows:

   A. Yolo County will support the existing ridesharing programs operated by the State of California.

   B. Yolo County will support car pooling and/or van pooling by individual County employees.

   C. Yolo County will activity support community efforts in the establishment of ridesharing programs in the private sector.

YOLO COUNTY RESPONSE

MEASURE #4, PEDESTRIAN CONTROLS

1. Feasibility

Push-button "walk" light systems are already installed on some traffic signals in Yolo County. The "all pedestrian" or scramble phase signals are used mainly where pedestrian volumes are so high that the pedestrians effectively block all right turn vehicle traffic on the green phase. The right turn traffic that cannot turn will block at least one lane of the through traffic. Although the "all pedestrian" phase adds an additional two to three minute phase to the signal cycle, the fact that vehicular traffic can move unhindered by pedestrians during the green phase greatly increases the total capacity of the intersection.

None of the existing intersections, or any of the intersections that would exist under extreme development in Yolo County during the duration of the Air Quality Management Plan would develop either the pedestrian or vehicular volume to make the use of the "all pedestrian" phase feasible.

2. Impact on Yolo County

None.

3. Cost Analysis

Could be up to $20,000 per intersection.

4. Action

The Yolo County Board of Supervisors approves the Pedestrian controls provision setforth in the SRAPC Draft Air Quality Plan as follows:

A. Yolo County will install pushbutton "walk" devices on all new signal installations where appropriate warrants for such devices are met.

B. Yolo County will install pushbutton "walk" devices on all existing signal installations when appropriate warrants are met and funds such as FAU are available.

C. Yolo County will install "all pedestrian" signal devices at appropriate intersections when appropriate warrants are met and funds are available.

YOLO COUNTY RESPONSE

MEASURE #5, PEDESTRIAN AMENITIES

1. Feasibility

Access paths through culs-de-sac are already being required of developers in the newer subdivisions and the only cost to local government is for maintenance of the sidewalks.

Elevated crosswalks for pedestrians cannot be justified in the near future. Need would not justify the rather heavy expense.

Rest stops and sheltered areas for pedestrians can be provided in shopping centers and at bus stops. SRTD should take care of the bus stops, and the shopping center developers should take care of such facilities in their centers. Other types of rest stops do not appear to be feasible at this time, with the possible exception of shelters for Mini-Trans patrons.

2. Impact on Yolo County

These proposals would apply only in the East Yolo area. The remainder of the unincorporated area of Yolo County does not have sufficiently dense urban development to justify consideration of these proposals.

3. Cost Analysis

Bus stops shelters should be provided by RTD except for Mini-Trans bus stops. Pedestrian shelters in shopping centers should be provided by the shopping center owners and developers. The cost of pedestrian shelter could be as low as $1,000 to as high as $20,000, depending upon its site and/or its amenities.

Culs-de-sac access should be developed by the subdivider. Maintenance costs would be similar to that of a normal sidewalk.

4. Action

The Yolo County Board of Supervisors approves the Pedestrian Amenities setforth in the SRAPC Draft Air Quality Plan as follows:

A. Yolo County will continue to require curbs, gutters, sidewalks and access paths through culs-de-sac in all urban residential subdivisions.

B. Yolo County will continue to work with the Regional Transit District to secure rest stops and sheltered areas for pedestrians at appropriate locations.

C. Yolo County will continue studies in 1979 to determine the need for rest stops and sheltered areas for pedestrians along Mini-Trans routes and in existing shopping centers. Planning Department review of zoning permits for new developments will include consideration of such matters. This measure will be implemented when needed and when funds are available.

D. Yolo County will consider the need for elevated cross walks when

MEASURE #5, PEDESTRIAN AMENITIES (cont.)

D. cont.

the volumes of traffic indicate such need. At such time as the need is demonstrated, the benefits are determined to be cost effective, and a source of revenue is available for the plans and construction, the County will program such construction.

YOLO COUNTY RESPONSE

MEASURE #6, BIKE TRAIL IMPROVEMENTS

1. Feasibility

Almost all of the requirements of this measure have already been implemented. The County has a very comprehensive bike path plan and has proceeded to implement major portions of this plan. Provisions for bicycle lanes has been a consideration of all new subdivision maps processed in the East Yolo area for the past several years.

2. Impact on Yolo County

Bicycle paths can serve a transportation need in the East Yolo area. The reminder of the unincorporated area of Yolo County will utilize bicycle paths primarily for recreational purposes.

3. Cost Analysis

Bicycle paths in new subdivisions will be developed by the subdivider. Paths to connect existing paths and all of those paths in the rural areas would be constructed by the County, except for the proposed State constructed path in the by-pass adjacent to Interstate 80. Implementation would depend on the availability of funds.

4. Action

The Yolo County Board of Supervisors approves the Bike Trail Improvements provisions of the SRAPC Draft Air Quality Plan as follows:

A. Yolo County has already adopted a County-wide bike path plan and will continue update and implement this plan.

B. Yolo County will continue to require Bike Paths or Lanes in new subdivisions with connections to schools, shopping centers and places of employment.

C. Yolo County will continue to eliminate hazards and barriers such as storm sewer grates, glass and other debris on bike paths or lanes, dangerous intersection and other inadequately designed bike facilities.

YOLO COUNTY RESPONSE

MEASURE #7, BICYCLING INCENTIVES

1. Feasibility

Many of these provisions have been accomplished. The County has purchased and installed bike racks on parking facilities at all of the County buildings. Use Permits and other zoning permits could be amended to require such amenities of private industry.

Feasibility studies for bicycling incentives, other than bike trails, can be made at such time as staffing and funding become available. Such measures as "requiring clothes lockers and shower facilities at all new offices, commercial and institutional buildings with more than a specified number of employees" will require further study to determine need and cost effectiveness.

2. Impact on Yolo County

Bicycling incentives would apply primarily to the East Yolo area.

3. Cost Analysis

Locker and shower facilities would be built by the owners of the buildings involved which would include County buildings. This could cost the County $25,000 to $100,000 or more.

Studies could cost the County $2,000 to $10,000 or more in staff salaries.

4. Action

The Yolo County Board of Supervisors approves the Bicycling Incentives setforth in the SRAPC Draft Air Quality Plan as follows:

A. Yolo County will continue to provide bicycle racks at all County buildings.

B. Yolo County will require the Building and Planning Departments to encourage the installation of appropriate amenities when reviewing building permits for commercial, multiple residential and industrial developments.

C. Yolo County will include consideration of amendments to the zoning regulations to provide for appropriate amenities including security parking of bicycles. Such zoning amendments will be considered in 1979 and will be implemented upon the effective date of the zoning text admendments.

D. Other bicycling incentives, including providing facilities for bicycles on public transit, will be studied with the appropriate agencies when staff and funding for such studies are available.

YOLO COUNTY RESPONSE

MEASURE #9, EDUCATIONAL PROGRAMS

1. Feasibility

   County already involved in "advertising" its Mini-Trans system and indirectly contributes to the Regional Transit's Educational Programs.

2. Impact on Yolo County

   None

3. Cost Analysis

   No real new cost.

4. Action

   The Yolo County Board of Supervisors approves the Education Programs setforth in the SRAPC Draft Air Quality Plan as follows:

   A. Yolo County will continue to fund and provide an educational, informational and advertising program for the Yolo County Mini-Trans Bus System.

   B. Yolo County will work with and support the Regional Transit District Educational and Advertising program within the limits of our contract with the District.

YOLO COUNTY RESPONSE

MEASURE #12, PARK-AND-RIDE LOTS

1. Feasibility

Park-and-ride lots could serve a purpose in Woodland and Davis for commuters who use RTD buses. At this time, it does not appear to be feasible to develop any such lots in the unincorporated areas of Yolo County.

2. Impact on Yolo County

Only the East Yolo area of the unincorporated portion of Yolo County has sufficient density to consider park-and-ride lots. The close proximity of the area to Sacramento appears to make the use of such lots questionable.

3. Cost Analysis

Cost would vary from $1,000 or so in staff time to monitor the situation, to several hundreds of thousands of dollars should the County decide to purchase and improve park-and-ride lots.

4. Action

The Yolo County Board of Supervisors approves the Park-and-Ride Lots proposals setforth in the SRAPC Draft Air Quality Plan as follows:

A. Yolo County will continue to work with the Sacramento Regional Transit District and shopping center owners to explore the possibility of providing park-and-ride lots when the need is demonstrated.

B. Yolo County will not acquire or develop any lots until after an experiment using existing paved lots, such as a portion of an existing shopping center, demonstrates the need. Such lots would then be acquired and developed when funds for such use were available.

C. Yolo County will continue to explore other types of park-and-ride facilities such as bicycle park-and-ride lots.

YOLO COUNTY RESPONSE

MEASURE #13, PREFERENTIAL TREATMENT OF BUSES

1. Feasibility

This measure would be effective only where major traffic corridors are sufficiently congested to cause delay in the transit system. Fortunately, the freeways within Yolo County were adequately designed that such congestion is not now occurring, nor is it expected to occur within the next twenty years if Yolo County growth stays within the present predictions.

2. Impact on Yolo County

None anticipated.

3. Cost Analysis

None to Yolo County. All freeways that would be considered are State highways with State financing.

4. Action

The Yolo County Board of Supervisors does not approve the Preferential Treatment of Buses provisions as setforth in the SRAPC Draft Air Quality Plan. Any preferential lands need within Yolo County before 2020 would all be on the State freeway or Interstate system and would be the responsibility of Cal-Trans. Yolo County will continue to monitor such needs and will support the installation of preferential Bus lanes when the volume of bus traffic and vehicular traffic warrants such action.

YOLO COUNTY RESPONSE

MEASURE #15A, REGIONAL TRANSIT GENERAL PLAN TRANSIT NETWORK

1. Feasibility

   The County's contractural arrangement with Regional Transit automatically involves Yolo County in the Transit General Plan workings.

2. Impact on Yolo County

   Impacts have been included in the County Transportation Planning.

3. Cost Analysis

   No anticipated cost. (Included in annual transit budget)

4. Action

   The Yolo County Board of Supervisors approves the Transit System Planning provisions of the Draft Air Quality Plan as follows:

   A. Yolo County will continue to support the Transit District efforts in planning by continuing to provide local imput into the planning process.

   B. Yolo County will continue to provide supporting measures where feasible and fundable as provided in the adopted RTGP.

   C. Yolo County will continue to study the feasibility of activity becoming included within the Transit District member organization in the East Yolo area.

YOLO COUNTY RESPONSE

MEASURES #28 AND #29, LAND USE MEASURES

1. Feasibility

Yolo County will continue to implement the locally adopted land use plans. There is a problem with the proposed studies and the statement, "It should also be understood that in adopting these recommended studies, affected local jurisdictions are committing themselves to participate fully in the studies." Since the passage of Proposition 13, we can not make such commitment unless some new source of revenue, other than property tax, is obtained to provide the staff necessary to allow such participation.

Most of the matters listed for study in the urban development strategy and rural development strategy have already been considered, or are presently in practice in Yolo County. Some suggestions have legal problems, such as, "allowing developers to build at greater densities on vacant lots than might otherwise be allowed" and "granting local tax incentives to infill vacant land, etc." The urban service areas, which define community and service district spheres of influence, are being, or have been, identified by the LAFCO spheres of influence studies.

We presently submit development plans to the local air pollution control district for their review and comment. Zoning and building permits are conditioned to satisfy their requirements. The need for participating in a SRAPC coordinated ISR study should be answered by the Yolo Solano Air Pollution Control District.

2. Impact on Yolo County

It appears that, in large part, the proposed land use measures are being done in Yolo County. Most of those measures that are not being done have been considered and rejected because they are not legal or are not effective. However, the coordination of State and Federal projects to see that they comply with local plans and regulations would be helpful.

3. Cost Analysis

Rehabilitation and redevelopment of existing urban areas would cost the County tens of thousands to hundreds of thousands of dollars, depending on the types of programs used and Federal or State funds available.

Participation with SRAPC on studies for Urban Development Strategy and Rural Development Strategy could cost several thousand dollars in staff salaries, if staff were available for such work.

Cost for Indirect Source Review should be answered by the Air Pollution Control Officer.

4. Action

The Yolo County Board of Supervisors approves the Land Use Measures setforth in the SRACP Draft Air Quality Plan as follows:

A. Yolo County will continue to implement the Yolo County General Plan, subject to need and financial ability.

B. Yolo County will participate in the Urban Development Strategy Study and Rural Development Strategy Study to the extent that staff and funds are available for such participation.

C. Yolo County will participate in the Local Development Priorities Study to the extent that staff and funds are available for such participation.

D. Yolo County will review the existing zoning regulations in 1979 to consider changes in density, set-backs, lot sizes and other measures to help achieve air quality imporvements.

E. Yolo County will continue to participate in the LAFCO Spheres of Influence studies to define urban service areas and projected land needs.

F. Yolo County will continue to cooperate with the appropriate air pollution control agency to assure that zoning and building permits are in conformance with the applicable regulations.

RESOLUTION NO. 78-200

(Resolution Making Findings of Fact, Conclusions, and Order Regarding Employee Layoff)

WHEREAS, at a regular meeting of the Board of Supervisors of the County of Yolo on December 26, 1978, a hearing was held on the matter of the layoff of certain employees; and

WHEREAS, at said hearing evidence was adduced both documentary and by testimony on behalf of the County of Yolo recommending layoff and on behalf of employees defending against layoff; and

WHEREAS, the County appeared by Floyd McCain, Chief of Personnel Services; the employees were represented by Yolo County Government Employees' Association by John Ortega; and

WHEREAS, at the conclusion of the presentation of all evidence and argument the matter was submitted to this Board for decision.

NOW, THEREFORE, BE IT ORDERED, RESOLVED, AND FOUND that:

A. Each and all of the foregoing recitals are true and correct.

B. The Board hereby adopts the findings of fact as follows:

1. On November 21, 1978, the Board of Supervisors of the County of Yolo adopted Minute Order No. 78-828 which approved the reorganization of the County Assessor's Office and the elimination of eleven (11) positions effective January 1, 1979, in accordance with the report of the County Administrative Officer and adopted Resolution No. 78-175 which because of lack of funds and/or lack of work ordered the elimination of eleven (11) positions in the Assessor's Office as of the end of the day on the first day of January, 1979, and authorized the County Administrative Officer

OFFICE OF THE
COUNTY COUNSEL
COUNTY OF YOLO

WOODLAND, CA 95695
TEL. NO.: (916) 666-8211

to send layoff notices to affected employees.

2. The positions deleted for which a layoff has been ordered, by department and class are as follows:

ASSESSOR

1 Assistant Assessor
2 Auditor-Appraiser II/I
5 Appraiser I
1 Senior Cadastral Draftsperson
2 Assessment Clerk I or
Typist Clerk II

3. There was and is a lack of funds; there was and is a lack of work.

4. The determination of employees to be laid off was made. That determination was in inverse order of seniority among employees in each classification by department. It was made in the following order:

a. Extra Help
b. Provisional
c. Limited Term
d. Probationary
e. Permanent Part-time
f. Permanent Full-Time

5. Each employee to be laid off was given written notice of layoff by the County at least forty (40) calendar days in advance of the effective date of such layoff. Notice of layoff included the following information: Reason for layoff, effective date of layoff, notice of displacement rights, and an employee's rights relating to layoff.

6. Each employee given written notice of layoff filed a written request for hearing with the Yolo County Personnel Department within ten (10) days of service of the notice of layoff. Each

COUNTY COUNSEL
COUNTY OF YOLO

employee given written notice of layoff filed a written request to exercise displacement rights with the Yolo County Personnel Office within ten (10) days after receipt of the notice of layoff. Thereafter, each such employee was personally served with reasonable notice of hearing. Said employees are as follows:

Robert Caudillo - Auditor-Appraiser II

Beulah Johnson - Typist Clerk II

Bonnie Rodriquez - Typist Clerk II

7. None of the employees was entitled to displace another employee. None of the employees was granted displacement action.

8. All positions held by employees requesting hearing are in the General representation unit of the County of Yolo represented by the Yolo County Government Employees' Association.

9. By entering into Agreement No. 77-254, the Memorandum of Understanding with the Yolo County Government Employees' Association and including therein Article XX, the County of Yolo satisfied its meet and confer obligation as to the effects of layoff.

10. The County of Yolo gave prior formal notice to Yolo County Government Employees' Association before the adoption of Minute Order No. 78-828 and Resolution No. 78-125. The adoption of Minute Order No. 78-828 and Resolution No. 78-125 did not effect matters within the scope of representation as to the General Unit represented by Yolo County Government Employees' Association.

11. The County properly computed seniority for all employees involved in this proceeding.

12. The Personnel Office of the County of Yolo has made

OFFICE OF THE
COUNTY COUNSEL
COUNTY OF YOLO
P. O. BOX 127
WOODLAND, CA 95695
TEL. NO.: (916) 666-8211

efforts to transfer the employees who requested hearing. Such efforts were to transfer the employees affected by the reduction in force to another vacant position for which such employee may qualify. These efforts resulted in the transfer of Beulah Johnson to a position of Typist Clerk II in the Social Services Department effective December 11, 1978. These efforts resulted in the transfer of Bonnie Rodriquez to a Typist Clerk II position in the Planning Department effective January 1, 1979. These efforts resulted in the acceptance by Robert Caudillo of a voluntary demotion to a position in the classification of Appraiser I in the Assessor's Office effective January 1, 1979.

C. The Board hereby makes the following conclusions:

1. The findings of fact made by this Board are supported by substantial evidence and by the weight of all evidence presented.

2. The layoff procedure is governed by Article XX of the Memorandum of Understanding between the County of Yolo and Yolo County Government Employees' Association, Yolo County Agreement No. 77-254, as amended by Agreement No. 78-177 for employees in the General Unit.

3. The scope of hearing is limited to the determination of persons to be laid off and the procedure used for lay off.

4. The procedure followed by the County of Yolo complied with said Memorandum of Understanding.

5. The method of computing the seniority of employees was proper and done in accordance with the Memorandum of Understanding.

6. The method of computing displacement of employees was

proper and done in accordance with the Memorandum of Understanding and the denial of displacement rights therewith was in accordance with the Memorandum of Understanding.

7. All employees to be laid off were properly noticed of layoff and of this hearing.

8. The County of Yolo is entitled to lay off each of the persons served with notices of layoff.

D. The Board hereby makes the following order:

1. It is hereby ordered that Robert Caudillo is laid off from a position in the classification of Auditor-Appraiser II as of the end of the day on the first day of January, 1979.

2. It is hereby ordered that layoff is moot as to Beulah Johnson and Bonnie Rodriquez.

3. The Director of Personnel Services is hereby instructed to notify the employees affected by this proceeding in accordance with Section 20.6 of the Memorandum of Understanding between the County of Yolo and Yolo County Government Employees' Association by placing a copy of these findings, conclusions, and order in a sealed envelope and mailing by first class mail, postage prepaid to the last known address of said employees.
